## Antioch Rotary's Pork Chop B.B.Q., Auction on Sept. 26

The Antioch Rotary Club, led by Rotarians Dennis Johnson and Laddie Korecek who are on the auction committee, are busy getting ready for the Rotary's biggest fundraiser of the year, the Annual Rotary Pork Chop BBQ and Auction.

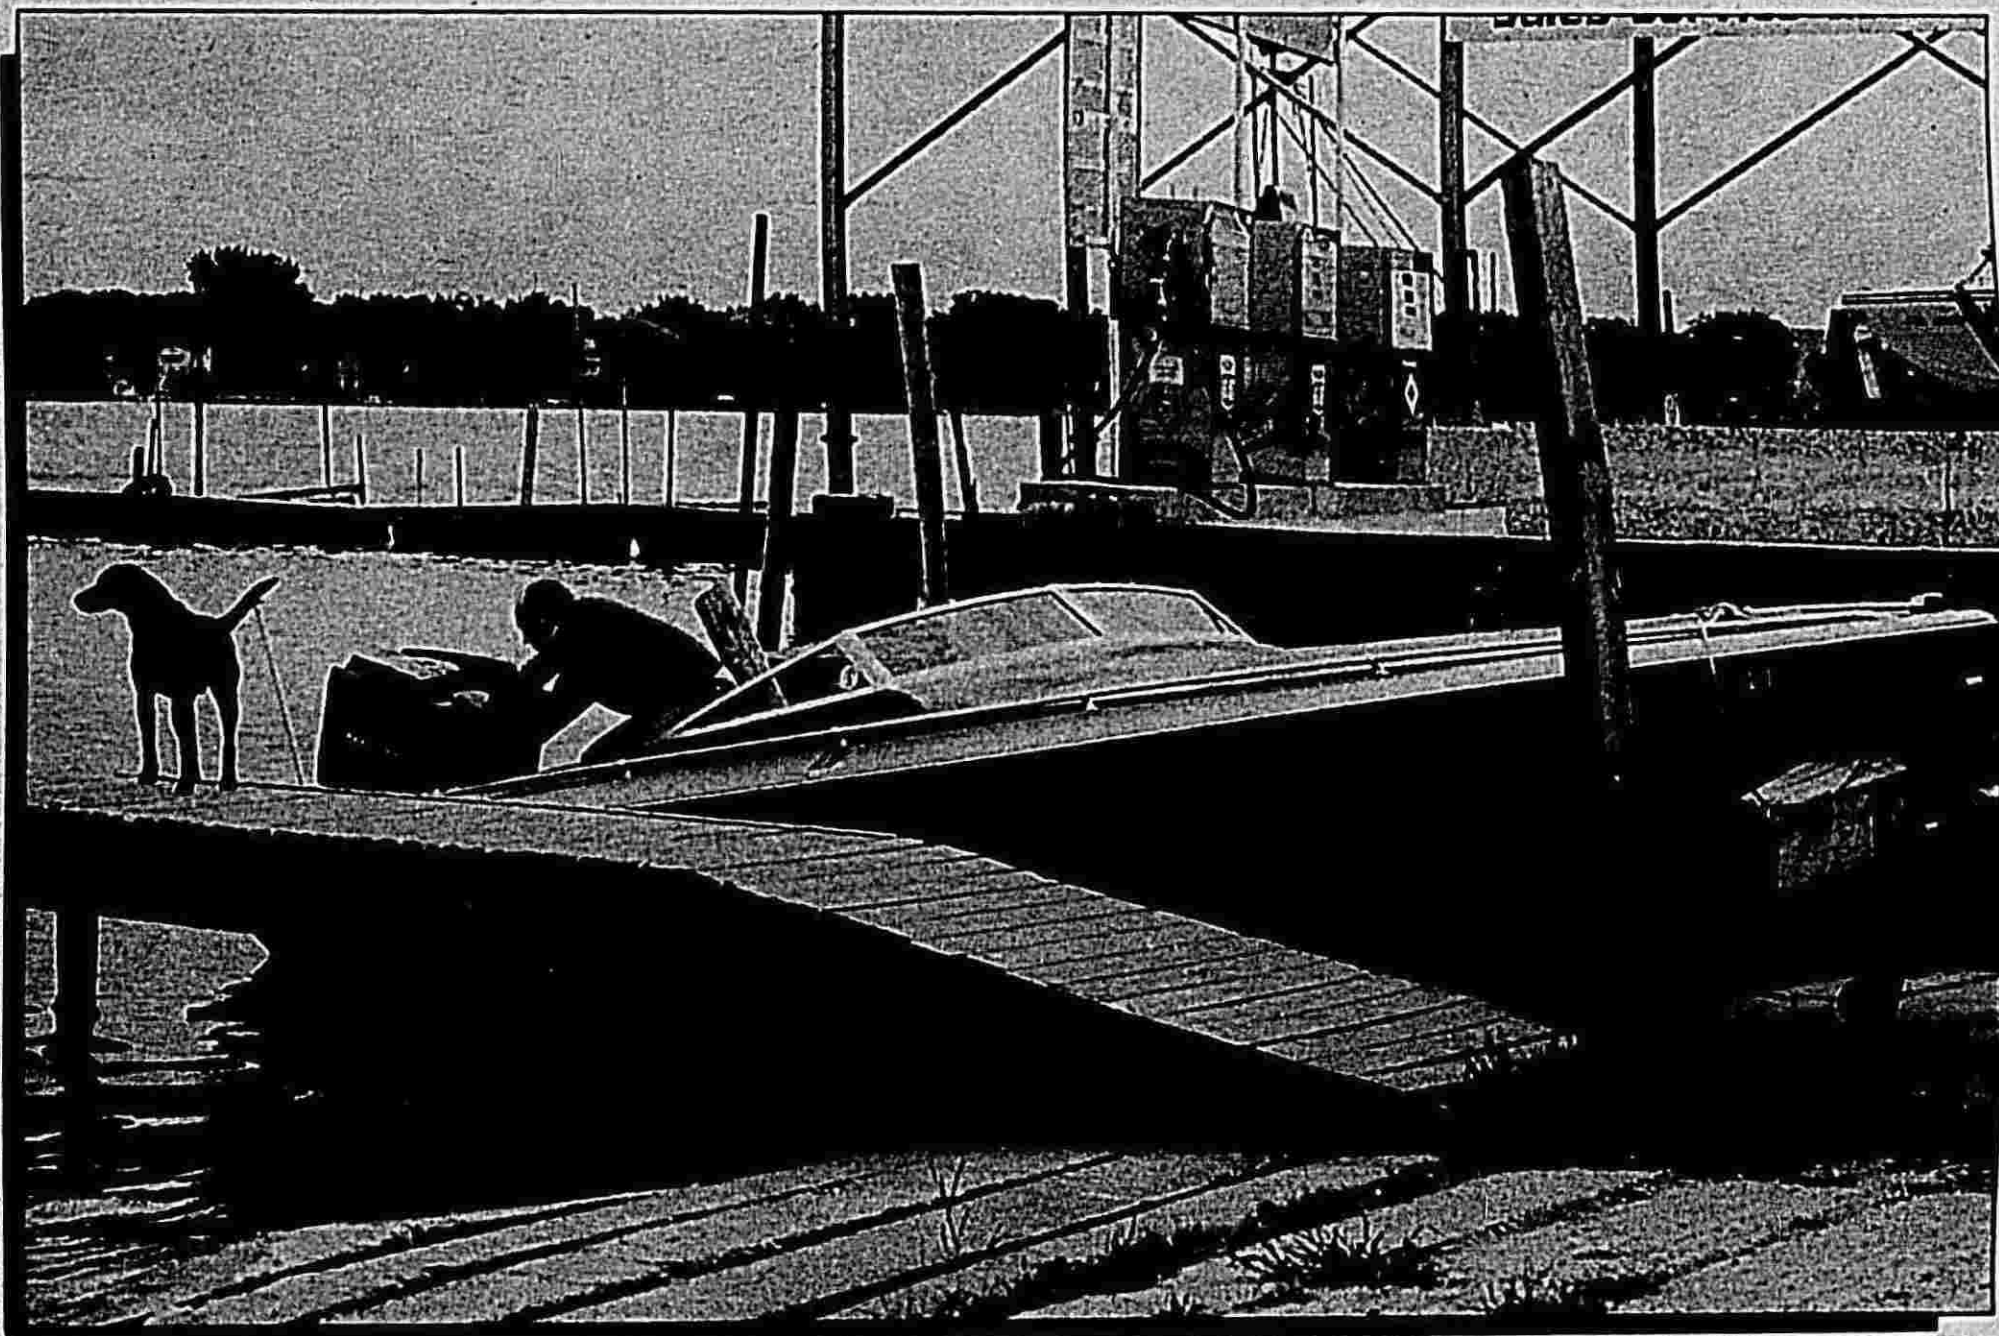

The event will be held at the VFW Hall on North Ave., on Saturday, Sept. 26. Dinner starts at 5:30 p.m. and the auction follows at 7 p.m.

Tickets for the barbeque dinner are \$10 per person and can be purchased at the door, from the Rotary Club members, or at the financial institutions in town.

According to Johnson, auction items are still needed and should be brought to Johnson Jewelers, Antioch Tru Value and Jack's Four Squires.

The Rotary expects to have approximately 150 items up on the auction block. The list to be bid on includes such unusual things as a chance for a youngster to be a page in the state legislature in Springfield, the use of condos in Galena, Door County and Florida, a pig roast at one's home, and privately catered dinners and swimming parties at Rotary members homes, just to name a few.

This event raises the most money of the year so the Rotary Club can continue in its community endeavors such as its exchange student program.

### ANTIOCH TOWNSHIP ASSESSMENT ROLL FOR 1987

The assessment roll of Antioch Township as certified by the County Supervisor of assessments appears within this issue of the Antioch News Reporter. Every property owner of Antioch Township should make it a point to check the amount of his assessments.

Any property owner who objects to the amount of his assessment should file a complaint in writing with the Board of Review Room 603 Lake County Administration Building, Waukegan, Illinois 60085. Property owners will have thirty (30) days from the publication within which to file a complaint regarding their assessment.

## Dist. 34 Board OKs budget, and challenge

by GLORIA DAVIS

Dist. 34's budget and levy for the 1987-88 school year were unanimously approved on Tuesday.

The approved budget of \$3,224,660 shows a \$301,000 increase over last year's budget and will increase the tax rate of district property owners by 3.78 cents per \$100 of assessed valuation.

There was no one in the audience to agree to or object to the budget's passage except three candidates for the board, Kathryn Odson, Fred Eichhorn and Jacquelyn Bonovitz.

The main reason for the budget increase is the fact that, though there is growth in the district, the assessed valuation has remained the same for years. Lost funding from the state and the cost of Oakland Grade School's roof are other costs not in last year's budget.

Another matter handled by the board before the budget approval was the challenge made by board member Clint Glover, who was not present, to the petition filed by Roy Bolins to run in the November

election for the board.

Bolins was also not present at the meeting. The board agreed with Glover that there were infractions on Bolins' petition which

include lack of notarization and the board also found that 19 of the 51 signatures on the petition belong to unregistered voters.

Bolins has time to rebut the challenge before any action is taken.

## Arrest 3, recover \$5,000 in stolen stereos, radios

by GLORIA DAVIS

A routine traffic stop made by Antioch Police Officer Jim Hession resulted in solving many Antioch car thefts and the recovering of over \$5,000 in stolen goods.

Officer Hession found stolen car stereos and other items in the trunk of a car driven by Gerald Lime, 19, Round Lake Beach and Paul Carbone, 18, Lindenhurst.

After further investigation and questioning conducted by Officers Hession, Mike Kulat, Sgt. Charles Watkins and Lt. Tom Fisher, the police went to a home in Antioch and

arrested Russell Carlson, 19, Wilmot. Car radios, fishing equipment radar detectors, etc. were also found in the home.

Carbone and Lime admitted to stealing the merchandise and a car stolen from a Lake Villa policeman was also recovered.

Carbone and Lime are out on \$10,000 recognizance bonds and Carlson was remanded to \$10,000 cash bond.

They were charged with three counts of burglary, three counts of theft and one count of damage to a vehicle (the car they broke into).

One weekend last spring  
through our Maternity Center  
we showed 3 soon-to-be siblings  
how to hold a new baby,  
helped an out-of-practice  
grandpa deal with a diaper,  
taught 6 'expecting' couples  
about transition breathing  
...and revived one very excited,  
first-time father.

## It was a labor of love.

Nine months can seem like nine years when you're waiting to have a baby. And while you can't plan your delivery date, you can prepare for it.

At Northern Illinois Medical Center, we offer an on-going series of programs and classes that help you understand and enjoy every aspect of the birth experience—from the initial stages of your pregnancy all the way through to your baby's first birthday.

And in addition to taking care of our new 'moms' by providing the latest in

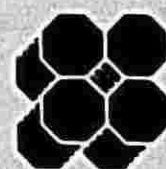

obstetric information, birthing plans and medical services, we also have special sessions and support groups designed to prepare the rest of the family for the new arrival.

Especially first-time fathers.

Because we know that newborns can take your breath away . . . in more ways than one.

## NICC gets ready for camp-out

The Northern Illinois Conservation Club will host its fifth annual camp-out on Sept. 19 and 20 at the Northern Illinois Conservation Club grounds, located on Rte. 83 across from the Car Store.

Children age five through 14 may attend. There is a limit of 75 children, on a first-come, first-served basis. Applications should be mailed to Mary Sterbenz, 40311 N. Rte. 83, Antioch.

Children are to be brought to the club grounds at 9 a.m. on Saturday morning, and must be picked up no later than 4 p.m. Sunday afternoon.

Demonstrations will be given by Antioch Rescue, Fire and Water Recovery teams. Nature trails are on the property for exploring. There will be fishing lessons, scavenger hunt, boat trip, hay ride, and non-denominational Sunday morning service by Father Eckholm.

Members, parents and grandparents are invited for a 7:30 p.m. bonfire and sing-along, with marshmallow roasting. An Indian ceremonial dance by Boy Scout Troop 80 is tentatively planned. Children will be participating in skits at the bonfire.

Anyone having tents to loan for the children to sleep in, and those interested in chaperoning, should contact the NICC.

Children should bring two pair of tennis shoes, hiking boots, jeans, sweat shirt and jacket, mosquito spray, sleeping bag, pillow, flashlight, fishing pole and bait, and tents if possible.

Sterbenz should be notified at sign-up if medication is being taken, or if a child has any allergies. Parents will also need to sign an insurance release form and provide the name and phone number of the family physician, as well as the name and phone number of someone other than parents in case of emergency.

## Little League sets election of new board

It seems like just yesterday that the Antioch Junior Girls' team won its district championship for the second year in a row, and Antioch hosted a Boys Little League 10- and 11-year-old tournament, including teams from McHenry, Crystal Lake, Wonder Lake, Johnsburg and Fox Lake.

Even if it is only the middle of September and most people are thinking football and basketball, there is a group of dedicated men and women who always think "Antioch Youth Baseball."

On Sept. 16 at 7:30 p.m., election of board members will take place at the VFW Hall on North Ave. In order for this program to grow and serve the children, new people with new ideas are always a welcome addition.

There are still positions open on the board, and any interested parents should contact Little League President Bob Howe at (312)395-5678.

All parents, coaches and interested people are invited to attend and cast their votes in this election.

## AUGS drops boys softball

The Antioch Upper Grade School will be dropping boys' softball and adding soccer to its schedule of fall sports for the 1987-88 school year.

The season will have an eight-game schedule and will end approximately the third week of October.

Practice is Monday, Tuesday, Wednesday and Thursday from 3:30 to 5:30

p.m. Practice on Friday is from 2:45 to 4:45 p.m. All athletes are responsible for providing their own transportation home.

All soccer team members were required to purchase two pairs of game socks and a pair of shin guards. The game jersey is supplied by the Upper Grade School.

The soccer schedule is as

follows: Thursday, Sept. 17, at Lake Zurich; Tuesday, Sept. 22, Gavin, home; Thursday, Sept. 24, Woodland, home; Tuesday, Sept. 29, at Lake Villa; Tuesday, Oct. 6, Lake Zurich, home; Thursday, Oct. 8, at Gavin; Tuesday, Oct. 13, at Woodland.

## List changes as AUGs begins 1987-88 year

School is in full swing at Antioch Upper Grade School. The new teachers are Lou Ann Pitts, sixth grade remedial class; and Sharon Sorlie, sixth and seventh grade social studies.

The school handbook has been handed out for reviewing by every student and parent so any questions can be answered at the school office.

For the 1987-88 school year all report cards will be issued to the student to be brought home, so look for these at the end of the first quarter on Wednesday, Oct. 28; second quarter, Wednesday, Jan. 13; third quarter, Monday, March 1, 1988; fourth quarter, Thursday, June 3, 1988 (the projected last day of school).

Books handed out to students should have been checked for damage and any such damage reported to the teacher since students are responsible for the condition of their books when they turn them in at the end of the year. Parents should check the newsletter to see the school's policy on the replacement of lost or damaged books.

Parents and guardians should be sure to leave an emergency telephone number so the school can get in touch with them or another responsible person they list so children can be picked up at school in case of an emergency sickness or injury.

Because of the increased traffic load on the roads adjacent to the Upper Grade and Petty schools it is being asked that all students ride buses to and from school each day that school is in session. The school policy is that students riding bikes or walking to school do not leave the school grounds until after all the buses have left.

There is an option lunch policy under which students can pay 95 cents per day; buy five lunch tickets on a weekly basis at \$4.75; buy monthly lunch tickets (20 lunches) for \$19 from the cafeteria staff. The cost of milk is 15 cents per carton.

The Upper Grade cannot assume responsibility for lost lunch tickets but the cafeteria staff will continue to hold monthly lunch tickets for students if preferred.

The annual Parents Back To School Night will be held on Thursday, Sept. 24 at 7:30 p.m. Coffee and cookies will follow class visitations.

Parents are asked to go to the students' homerooms to receive schedules and instructions. This evening is designed to acquaint parents with the school programs, building and staff, not as a time for parents to discuss individual student problems with

the teachers. Conferences for this purpose can be arranged by calling (312)395-1905.

The first Parent-Principal Coffee was held on Sept. 10. The next one will be on Oct. 15.

Students will have individual and class pictures taken on Friday, Oct. 2.

Anyone wishing school personnel to administer medication to school children during school hours must fill out a medication information form available on request at the school office.

On Wednesday, Sept. 16, students new to Dist. 34 and special ed students will receive a vision and hearing screening.

Students may not try out for sports until a physical exam signed by a physician is on file at the school.

A new look at the Upper Grade school can be found in the self-contained learning disability rooms which underwent summer remodeling. The cumbersome ceiling to floor curtains have been replaced by brightly painted walls and picture windows for better viewing.

In the music department, the general program has been modified. For individual attention, class sizes have been reduced and the classes will now be on a nine-week schedule to correspond with class report card periods.

The art curriculum is designed so that a student can, through a hands-on approach, with a minimum of previous art experience, greatly increase drawing, painting and sculpting proficiency.

Seventh grade pupils will be enrolled in a computer class on an every other day basis for the first semester. Each student must provide a single subject notebook and a five and one-fourth inch diskette available at the library for 50 cents.

This year's junior band has 107 sixth, seventh and eighth graders and the senior band is made up of 64 students. This year Dist. 34 will host the district solo and ensemble contest and many people are needed to help run the event. Volunteers can contact Ed Koziorowski, band parent president at (312)395-8987.

The drama club will be selling candy every second and fourth Friday at the cafeteria.

The school staff is planning the 12th annual Environmental Education Field Trip to Camp Timber-Lee in East Troy Wis., from Sunday, Sept. 27 to Wednesday, Sept. 30.

## Christian Life Church makes land purchase

After months of searching for land for a church home, the Christian Life Fellowship, which has been housed at 389 Lake St. in Antioch, has purchased a 10-acre plot of land on Deep Lake Rd., one-eighth of a mile north of Hwy. 73, on the east side of the road.

Christian Life Fellowship was started in April, 1984, and quickly outgrew its present facility. Construction of a church at the new

location is scheduled to begin in the near future, according to Pastor Jeffrey Brussaly.

The approximate cost of the church is expected to be \$150,000. Funding for the project will come from donations and a loan to be taken out by the church.

Target date for completion of the church has been set for December.

## Antioch native Oftedahl wins U.S. fitness award

Health American Fitness Leaders awards are presented annually to 10 individuals who have made significant contributions in the

promotion of fitness and health that have benefited themselves, their communities and the country.

One of the 1987 recipients is Laura Oftedahl, daughter of Ev and Elaine Oftedahl of Antioch. She currently lives in Alexandria, Va., with her Lion's Leader dog, Casey.

Oftedahl is the only one of the 10 award recipients who is handicapped. She has been legally blind since birth. She is a member of the U.S. women's cross-country ski team who will go to Innsbruck, Austria, to compete in the Disabled Olympics in 1988.

The Health American Fitness Leaders Awards program is sponsored by Allstate Life Insurance Co., administered by the U.S. Jaycees and conducted in cooperation with the President's Council on Physical Fitness and Sports.

The 10 recipients from all over the United States will receive their honors at a black tie reception on Saturday, Sept. 28, at the Hyatt Regency of Long Beach, Calif.

## ACHS greets freshman class parents

On the evening of Tuesday, Sept. 15, Antioch Community High School will present, "You Are Not Alone," an informational program designed to provide parents of the freshman class with a knowledge of the services available to them and their children from the high school staff, as well as additional insight into those concerns particular to adolescents and their parents.

Six different workshops have been scheduled for the evening beginning at 7 p.m. It is suggested that parents decide which three sessions they would like to participate in.

Workshops planned are: guidance and counseling services, role of the student, personnel office, effective study skills, how to handle the "I-don't-want-to-go-to-school" syndrome, depression among adolescents, and adolescent substance abuse.

For further information, call the guidance office at the school.

### Hawthorn garage sale

Fifty to 75 garages are expected to participate in Hawthorn Woods' annual garage sale, and over 2,000 people will participate in the event to be held from 9 a.m. to 5 p.m. on Saturday, Sept. 19, according to Dorothy Lazzarini, coordinator for the Women's Club, which is sponsoring the event. Lunch will be served at the Barn. For more information, call (312)438-3875.

## Time Machine

**TWENTY YEARS AGO: September 7, 1967**

There were 51 men from Antioch fighting in Vietnam.

Dennis Hartman won a bike by selling 12 subscriptions to the Antioch News and then he sold 12 more and won another bike for his mother.

Linda Silianoff was one of the top school leaders that attended the Red Cross Leadership confab.

The Antioch Chamber of Commerce made two suggestions to help make Antioch a better place to live: putting stop to littering sidewalks and watching out for the safety hazard of pedestrians using the crosswalks.

A well-working sprinkling system saved Frostee Snow from serious fire damage when it went off and was already in operation when the Antioch Fire Dept. arrived to quench the fire which, according to Ev Oftedahl, Frostee owner, caused \$2,000 worth of damage.

Ed and Louise Vos hosted a party for friends where the main feminine attire was paper mini-skirts.

Kids were getting on the wrong school buses with school just starting.

**TEN YEARS AGO: September 7, 1977**

The Antioch Lions sponsored a clay pigeon safari at the Northern Ill. Conservation Club.

The Antioch Grade School Board paid Supt. Henry Meyer \$60,000 to break his contract because of his and the board's "incompatibility."

Jim Hamlin's office was decorated with a sign for his birthday about the woes of being 40.

PM&L started Season 17 with its new production of "See How They Run."

A Kenosha man was caught stealing four hub caps from Lions and Ryan Ford.

Nancy Kinas was named the executive secretary of the Antioch Chamber of Commerce.

## Annual auction Sept. 12

Lake County will hold its 11th annual auction on Saturday, Sept. 12 at the Lake County Hwy. Dept. on Winchester Rd., just west of Milwaukee Ave., in Libertyville. Inspection and registration starts at 9 a.m. and the sale begins at 10 a.m.

Two auctioneers will simultaneously sell over 600 items of surplus equipment and unclaimed Sheriff's and police property from Lake County, Gurnee, Libertyville, Lake Bluff and Vernon Twp.

Fifty-eight cars, ranging from sub-compacts to full-size station wagons will be sold. Various vans, pickup trucks, utility and dump trucks will also go to the highest bidder. A vehicle inspection will be held Friday, Sept. 11 from 2 to 4 p.m.

The sale will also include highway equipment, automobile parts, tires, tools, bicycles, radios, audio/visual equipment, office furniture and equipment.

### Arrives

Air Force Sgt. James Domkowski, son of John and Elsie Domkowski of Antioch, has arrived for duty with the 848th Air Control Warning Squadron, Philippines. Domkowski, an aerospace control and warning systems operator, is a 1981 graduate of Antioch Community High School.

# PM&L's opening is at top of Antioch's activity list

by CAROLYN HAMMOND

The last hurrah of summer is gone, and it went out with pretty much of a whimper with rain putting the damper on many planned holiday activities. All the college freshmen who returned home after only one week at school have gone back, this time to begin in earnest.

Bet the tears didn't flow quite as hard this time as "Suzie and Johnny" left once again. It's amazing how quick mom and dad get used to the reduced noise levels!

Activities in Antioch are steadily increasing as fall gets underway:

The PM&L Theatre will open its 27th season at 8 p.m. Friday, Sept. 18, with Meredith Willson's "Music Man." "A champagne party will immediately follow the performance, to give the audience a chance to meet the cast," says PM&L President Aileen Biel. Opening weekend continues at 8 p.m. Saturday, Sept. 19.

Do you want to get involved in PM&L? Here's

your chance! Biel also announced that a workday will be held all day Saturday, Sept. 12, to get the theatre ready for the coming year. Come out and lend a hand and see all that it takes to bring live theatre to our community.

Season tickets are still available, with special rates for senior citizens and students. You can save up to \$6 by purchasing one now. For reservations call (312)395-3055.

The ACHS Class of 1967 is planning its 20th reunion.

If you graduated that year and have not been contacted, or if you know someone from that class who has moved away, please call one of the following for more information: Donn Yasz, (312)395-6455; Tim Osmond, (312)395-2500; A. Lubkeman, (312)395-7289; Dan White, (312)395-6054.

The Antioch Viking football organization will open its 1987 season Sunday, Sept. 13, at ACHS playing fields as Lake Zurich comes to meet the Antioch Ligh-

weight and Heavyweight teams in non-conference play.

Starting times are 12:45 p.m. for lightweights and approximately 2:30 p.m. for heavyweights.

The in-house Featherweight League will begin play at noon. Match-ups will be Bears vs. Eagles and Raiders vs. Seahawks.

The cheerleading girls will be ready to perform also, thanks in part to the team mothers who help with the squads: Pat Forth, Paula Birrens, Carol Cerk, Candy Gentleman, Kim Bonds, Terry Colby, Jan Wilke, Pam Boehm, Lou Wons, Darlene Hammer, and "Sam" Pappadakis.

Good luck to you all. Play fair and have fun!

# Lake County Museum receives grant fund

Lake County Forest Preserve District President Donald Strenger announced that the Lake County Museum received a Conservation grant of \$1,160 from the Institute of Museum Services.

The amount will be matched with funds from the museum.

Conservation grants enable museums to conduct

projects such as surveys of environmental and collection conditions, conservation of specific objects in their collections, training and research in conservation, and special survival activities. A total of 495 museums applied for grant funds and approximately 50 percent were granted funds.

The Lake County Museum will have a survey of en-

vironmental and collection conditions performed by Conservator Maura Cornman from the University of Missouri Museum of Art and Anthropology.

Cornman is familiar with the collections commom to historical museums. She will conduct her survey in November, 1987.

The Institute of Museum Services, an independent

agency within the National Foundation on the Arts and the Humanities, was established by Act of Congress in 1976 to assist museums in their educational role and to help them modernize their methods and facilities so that they will be better able to preserve the nation's cultural, historic and scientific heritage.

Curator of Collections/Site Manager Jan Gallimore-Smith and Curator of Special Collections Katherine Hamilton-Smith will serve as Lake County Museum staff assistants to Cornman during her survey visit.

The Lake County Museum is located seven and one-half miles west of Mundelein on Rte. 176 in the Lakewood

Forest Preserve. The Museum is open daily from 1 to 4:30 p.m. Mornings are reserved for school and other groups.

Admission fees are: Adults-\$1, students and seniors, 50 cents, pre-schoolers and Museum Assn. Members, free. Monday is a free day for all visitors. A gift shop is available.

## Record number of students receive Clara Abbott grants

A record number of students are attending colleges and vocational and nursing schools this fall with assistance from The Clara Abbott Foundation. The Foundation has awarded one-year educational grants for the 1987-88 academic year to 1,048 students in the United States, Canada, and Puerto Rico, according to Herbert S. Wilkinson, Sr., Foundation president.

The total includes 392 first-time grants and 656 grants to students already attending college with assistance from The Clara Abbott Foundation. Grants are based on financial needs, college expenses, and scholastic achievement.

Since 1953, The Clara Abbott Foundation's student aid program has awarded more than 12,000 one-year educational grants valued at more than \$10 million to sons and daughters of Abbott Laboratories employees,

retirees, and deceased employees.

Foundation funds come from the earnings from a trust fund established by the will of Mrs. Clara Abbott, widow of company founder Dr. Wallace C. Abbott.

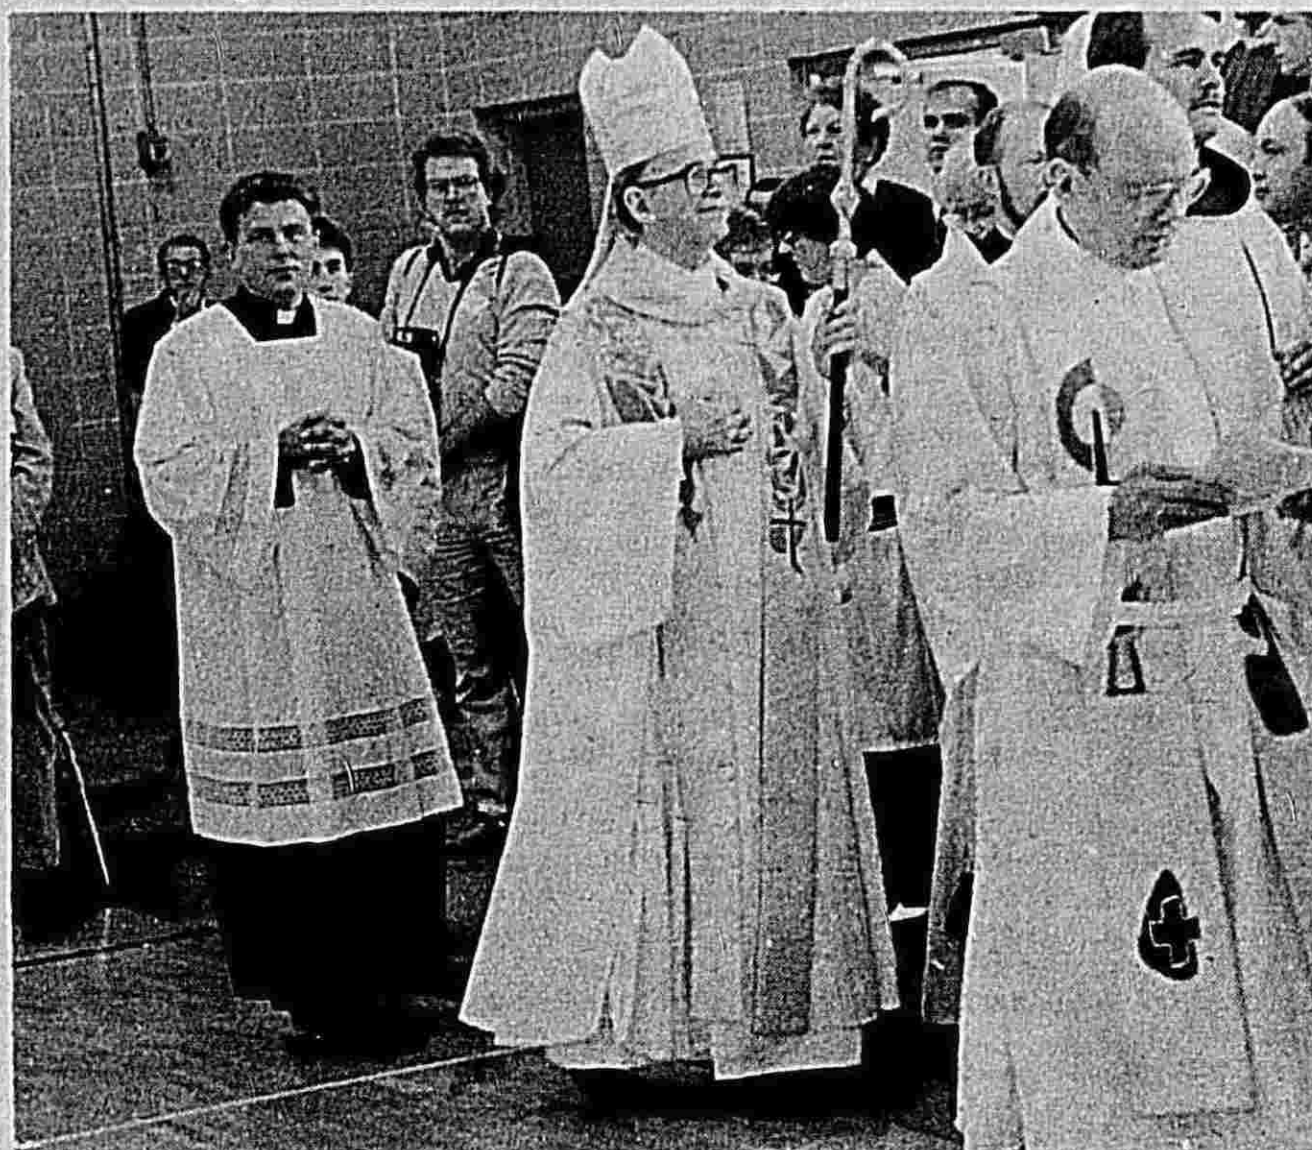

First time grant recipients include:

Sharon W. James, North Chicago, Robert Morris College;  
John A. Kovacevic, North Chicago, Northern Illinois University;

# Heartland battle heads for settlement

The Lake County Board Tuesday moved closer to a final resolution of the controversy surrounding the 2,100-acre Heartland Property in Central Lake County. By a vote of 23 to zero, the county Board accepted a new proposal from the owners of the property that will, if certain conditions are met, remove all obstacles to ending lawsuits involving that property that have been fought in Federal and State Courts for more than six years.

This advance was made possible by the preliminary agreement of a group of local residents who are forming a corporation, Prairie Holdings Corp., to purchase a large portion of the controversial property. That purchase, which is dependent on the settlement of the lawsuits, apparently provided the necessary incentive for the Heartland owners to agree to conclude a settlement process that began in October, 1986.

At that time the County, the village of Grayslake (also a party to the lawsuits) and the Heartland owners entered into a complex Settlement Agreement that provided a framework for resolving that longstanding litigation.

Just last May that settlement process appeared to be destined for total collapse when the County Board unanimously rejected an application filed by Waste Management to construct a waste incinerator and landfill on a portion of the Heartland property.

At the same time the County postponed indefinitely its consideration of certain zoning requests pertaining to the Heartland Property, including a request to rezone a 675-acre portion of the Heartland property known as "the Rte. 45 Triangle" from agricultural to a combination of low-density residential and light industrial. Under the Settlement Agreement, the County's refusal to approve the incinerator and zoning applications gave the Heartland owners the right to end settlement negotiations and return to court.

However, in major developments, which were announced for the first time and which are conditional upon the sale of the Triangle, the Heartland owners have agreed to proceed with the settlement despite the County's rejection of the Waste Management application and have further agreed to withdraw the Rte. 45 Triangle zoning application.

They also agreed to record private covenants that would forever prohibit the establishment of landfills or mobile home parks on their property. These covenants will apply to all of the original Heartland property except areas that have already been sold or put under contract to sell. They will not, therefore, apply to the 88-acre site that Waste Management previously contracted to purchase nor the 274-acre Alleghany Industrial Area, which was recently sold.

Based upon these latest developments, the County Board has also voted to grant rezoning petitions for

the remaining portions of the Heartland Property. Under those rezonings, which will become effective only if the sale of the Triangle is concluded and all of the litigation is dismissed, the 618-acre "Central Range" area is allowed to be developed with single family homes on two-acre lots; the 232-acre "North Mills" parcel is allowed to be developed with single family homes; and the two other areas, totalling approximately 500 acres, are allowed to be developed with light industrial uses.

If the Village of Grayslake also agrees to accept the latest proposals, lawyers for the County, the Village and the Heartland owners will ask both the state and federal courts to dismiss the long-pending, acrimonious litigation involving the Heartland property.

The controversy and two of the lawsuits stemmed from a 1981 attempt by Round Lake Park to annex the vast Heartland property and to approve its development for commercial, industrial, and residential uses, including the construction of more than 15,000 dwellings. The County, joined by the Village of Grayslake and other public bodies and private citizens, opposed the annexation and zoning approvals and filed a suit in state court claiming that the annexation and zoning approvals were unreasonable for allowing such dense development without making adequate provisions for public services.

Lake Properties Venture, the owners of the Heartland property, retaliated by filing a \$60 million lawsuit against the County and Grayslake alleging that they violated federal antitrust and civil rights laws by refusing to provide sewer service to the property. The federal case is similar to the Unity Ventures (William Alter) lawsuit that the County won in 1986 and that is currently under appeal.

The developments announced in no way reduce the benefits to Lake County or to Grayslake secured by the October, 1986 Settlement Agreement, which will remain in effect. Under that Agreement, the Heartland owners and the Village of Round Lake Park have already filed stipulations in the state lawsuit admitting that Round Lake Park has no jurisdiction over the Heartland property. Under the same agreement, the Heartland owners' federal lawsuit will be dismissed and no damages will be paid.

The Settlement Agreement also provides that the property will be governed in the future by Lake County zoning, subdivision and other codes. The owner has agreed to pay the cost of all public improvements needed to serve the property and to donate 28 acres of land to the County. The owner has also agreed to pay the County over \$470,000 to offset the County's legal expenses relating to the lawsuit. This amount will be paid at the rate of \$225 per acre as building permits are issued.

The agreement also gives the owners of the Heartland property the right to apply to the County for future zoning

approvals; however, it strictly limits the types and maximum densities of development that could ever be permitted in the Heartland. Any future development request must undergo the standard County review process (including public hearings), and any development must comply with County codes. In the settlement Agreement, the County and Grayslake expressly reserve all of their

governmental rights to approve or disapprove future zoning petitions.

Jim Fields, Lake County Board Chairman, gave much of the credit for the dramatic breakthrough in the long and frequently bitter controversy to the agreement of a group of local residents led by the Gaylord Donnellys to purchase the Rte. 45 Triangle from the Heartland owners. The group, to be organized into Prairie

Holdings Corp., intends to begin planning efforts for a low-density development of the Triangle consistent with the surrounding areas and the terms of the Settlement Agreement if the sale is completed.

In the meantime, Prairie Holdings has asked that the County's current agricultural zoning for the property be continued, thus ending the controversy over its rezoning.

The Triangle purchase is scheduled to close not later than Nov. 12 provided that environmental and title clearance reviews are satisfactory. If that closing does not occur, Heartland owners have the right to reject the Settlement Agreement and resume their legal battle for more intensive zoning and multi-million dollar damages.

## Rep. Martin will address GOP membership meeting

U.S. Rep. Lynn Martin of the 16th Congressional Dist. in northwestern Illinois will speak at the annual membership meeting of the Lake County Republican Federation on Sept. 12.

The meeting will be held at the Northern Chalet in Libertyville, 1706 N. Milwaukee Ave., starting at 9:30 a.m. with coffee and rolls. Guests are welcome to attend.

Martin will present her views of key issues in next year's elections. She is considered a rising star in politics, and is in her fourth term in Congress. She is on the House Armed Services Committee, and has served on the Budget, Public Works and Transportation, and House Administration Committees. She was recipient of the "Taxpayer's Best Friend Award" from the National Taxpayers Union, and the "Golden Bulldog Award"

from Watchdogs of the Treasury.

Martin has served as a state representative and state senator. She was elected U.S. Representative in 1980, and became a ranking Republican in the House in 1984 when elected vice chair-

man of the House Republican Conference. She was re-elected in 1986.

Also on the agenda for the Sept. 12 meeting is presentation of the Bob Milton Memorial Award to an outstanding Republican, and election of Federation officers and board members.

## Job placement shows positive results

Denise Chart's, chairman of the Private Industry Council, has announced the results of this year's activities for the Lake County-based personnel training organization.

For the 1986-87 reporting year which ended June 30, approximately 492 persons were permanently placed in full-time employment, having been trained or

otherwise prepared for the job market by the Private Industry Council. This placement resulted in a total income for these individuals of approximately \$5,863,164.

Year-end figures also show that 158 persons in Lake County have been permanently removed from the Public Aid rolls as the result of job placement.

## Aerobats to demonstrate skill at annual air show

The United Down's Syndrome Fund, in cooperation with the Village of Round Lake Park and Cardinal Aircraft Service, is sponsoring its annual air show on Sunday, Sept. 13 at Campbell Airport in Grayslake.

Gates will open at 11 a.m. Featured performances include aerobatic flyers Dalado Lenocho, Dan McGarry, Don Dewitt, and the wingwalking duo of Gene and Sheryl Littlefield. ParaLift will dive from the heavens in a parachuting demonstration.

An added feature of this year's show is a flour-bombing contest among Lake County celebrities. County officials and County

Board members will attempt to bomb a washtub on the runway with a sack of flour.

Food and beverages will be available, with entertainment provided.

Tickets are \$7 for adults and \$3 for children, with proceeds going to the United Down's Syndrome Fund.

Lakeland will be the national center of interest for C-scow sailors with two regional regattas scheduled on successive weekends.

Saturday and Sunday, Sept. 12 and 13, the All Illinois Championship Regatta for scows will be staged at Long Lake.

The following weekend, the annual Blue Chip, featuring top C boat skippers from throughout the mid-west, will be sailed at Pistakee Lake astride the Lake-McHenry county line.

Approximately 20 boats are expected to enter All Illinois competition, according to Bill Madden and

Sandy Sundberg, co-chairmen. Defending champion is Kevin Barr of Pistakee Yacht Club.

Besides PYC and the host Long Lake Yacht Club, boats are expected from Lake

Geneva, Davenport, Iowa, and Lake Springfield for the All Illinois, which is returning to Long Lake for the second consecutive year. There will be four races, two each day.

# Carmel High unites after 25 years as separate schools

Carmel High School in Mundelein will operate under a single administration starting with the 1988-89 school year, according to the officials of the Sisters of Charity of the Blessed Virgin Mary and the Carmelites, who jointly own and sponsor Carmel High School.

For 25 years, Carmel High School has been a co-institutional, Catholic school, basically operating as two different schools: Carmel High School for Boys and Carmel High School for Girls. Each school has had its own administrative structure. There has been some sharing of classes in select areas, as well as common fund-raising activities.

A Long Range Planning Committee was formed by

the Carmelites and BVM Sisters to explore what was best for the future of Catholic secondary education in Lake County. The committee has representatives from faculty, parents, area educators, school administrators and members of the religious congregations.

The committee's mandate was to study the governance and structure and recommend what would best meet the future needs of Carmel High School. It was important to explore the issue of more lay involvement in setting the direction for Carmel High School.

"After studying the recommendations of the Long Range Planning Committee and dialoguing with the Carmelites," ex-

plained Sister Helen Garvey, president of the BVM Sisters, "we came to understand the benefits that would come from combining the administration. The BVM and Carmelite administrators have done an excellent job throughout the years, working for the best interests of young people. A single administrative structure will provide even more opportunities for cooperation, so that young people involved in Catholic education will benefit, explained St. Garvey.

"Both the Carmelite and BVM Sisters will continue their ownership and sponsorship of Carmel High School," said Fr. Murray Phelan, Provincial of the Carmelites. "Today the Church has developed a greater understanding of itself as made of of laity, religious and priests. We need to express this reality and enable lay people to assume their rightful place in the sponsorship of this important ministry of Catholic, secondary education. This is nothing new. Many, many qualified and dedicated lay teachers have ministered many years in the service of the students at Carmel."

On July 24 of this year, the Governing Councils of the two Religious Orders met and accepted proposals of the Carmel Long Range Planning Committee. This calls for a Corporation of Members, which will be representatives of the BVM Sisters and the Carmelites.

Immediate policy control of Carmel High School will

go to an Advisory School Board which will include seven to nine lay persons, two BVM sisters and two Carmelites. This school board will employ a president, who will be the chief executive officer, and responsible for the overall governance of Carmel High School. This school board and the president will also employ a principal, who will be primarily responsible for the academic program.

"The question that everyone seems to be asking is: 'does this mean that Carmel High School is going coed?'" explained Fr. Phelan. "The answer is 'no'. We are empowering a school board of competent and interested people, who will oversee the school and do what is best for young people, in their eyes. There are many challenging options which this board may consider: leaving it as two single-sex educational divisions; more cooperation in different academic departments or on different grade levels; single-sex for earlier years and more coeducation on the upper levels; or it may go totally

coed. That is up to the school board, and they will cautiously weigh the options, as they work with the administration, in consultation with the faculty, parents, students, alumni and friends who make up the Carmel Family."

There are many advantages to single-sex education, as well as coeducation. "The Long Range Planning Committee studied both educational styles," stated Sr. Dolores Marie McHugh, BVM Vice President and a member of the Long Range Planning Committee. "There are no perfect solutions. We want the best educational program, in a Catholic environment, for young people. This has been the tradition of both the Carmelites and BVM Sisters."

Applications to serve on the Carmel School Board can be made by contacting Sr. Margaret Geraghty or Fr. William Harry, the present

principals of Carmel High School.

During the Fall of 1987, the new school board members

will be chosen. Formation sessions are planned to help make people more familiar with the philosophy, policies

and programs of both schools. In the spring of 1988, the school board will screen candidates for president and

principal, who will begin their job responsibilities in July, 1988. Working with the school board, they will

create a school that preserves the best of Carmel, enhancing an even stronger future.

## United Way kick-off fundraiser Sept. 10

Kenneth W. Farmer, 1987 General Campaign chairman for the United Way of Lake County, announced United Way's new goal by saying, "We absolutely must achieve the goal of \$3.4 million this year and get our agencies back on track."

Roy Kerr, president of the Board of Directors, said, "With Federal and State cutbacks, the voluntary United Way dollars are needed more than ever before."

The money is used to support 96 human service programs of the 35 member agencies. One out of three residents of Lake County receive services from a United Way of Lake County member agency.

Hundreds of campaign volunteers are involved in raising funds annually. "I'm confident that with the help of my volunteer cabinet, we'll reach our goal," said Farmer.

Cabinet members include: Jim Farlander, Major Employees Group Chair, Abbott Laboratories; Linda

Ianuzzi Hess, Human Services Group Chair, Lake County Clerk; Jack Scholz, Commerce Group Chair, Abbott Laboratories; Sandy

Tippet, Venture Group Chair, International Minerals & Chemicals Corp.; Ron Oberlander, Communications Group Chair, Abbott Laboratories; Sheila Rosenquist, General Business Group Chair, Lake County Grading Co.; Tom Alles, Special Operations Group Chair, Abbott Laboratories; Jan White, Cultivation Group chair, Bill Saxelby, vice-president Marketing, Baxter Scientific Products Division; and Bill Durmer, vice-president Corporate Strategy, CHF Industries.

The campaign kick-off will recognize Pacesetters and other early contributors at the Sept. 10 luncheon at the Marriott Lincolnshire Resort.

Cost is \$15 per person. For further information call Jim Edgar, Associate Executive Director, at (312) 662-3580.

# Fields, Geary butt heads over liquor inspector

Two Lake County Board leaders have taken widely differing views on what happened to the county's special liquor control commission investigator of one year.

Dist. 4 Rep. Norman Geary, former chairman of the finance committee, says Derrick Warner was fired.

County Board Chairman Jim Fields of Antioch says the money ran out for Warner's services as a private contractor.

Warner confirmed that he was hired a year ago as a private contractor to provide services as an investigator for the then county liquor commissioner, Jim LaBelle of Zion, who resigned the chairman's post earlier this year.

The county board appropriated \$35,000 for the post.

"My understanding was that I'd work six to 12 months to provide an overview of what was needed in liquor control ordinances and enforcement," explained Warner, who became a resident of Avon Twp. in November, 1986, when he purchased a home in Long Lake.

As a consultant, Warner said he understood that he would not receive benefits. "I submitted bills and I was paid. I didn't keep track," Warner replied when asked how much he was paid. He said there were some expenses connected with his work for which he was

reimbursed.

Fields said that an additional \$2,000 was appropriated bringing Warner's total reimbursement to \$37,000.

Geary is taking the stand that Warner's departure is part of some political chicanery involving Fields and a "deal" with Dist. 4 tavern owners in Avon, Antioch, Grant and Lake Villa Twp.s. for support in the 1988 spring election in which Fields is a candidate.

"It's outrageous," Geary fumed. "We're sending the wrong signals to the tavern owners. Warner was hired as a check and balance against the way previous liquor license matters were handled. We've got plenty of money to pay for an in-

spector."

Fields said, though, that there is no money in the budget for a special inspector. "Derrick (Warner) knew the contract ran for a limited time," he said. "There was no surprise and Derrick was not fired. The contract simply ran out. Traditionally, inspections have been carried out by the attorney assigned to the chairman and by inspectors from the State's Attorney's office."

"We have inspectors in the State's Attorney's office who are paid \$23,000 per year. It makes no sense to write a new contract for a man at \$37,000 per year," Fields concluded.

Warner, formerly a resident of Deerfield with experience as administrative assistant of the Village of Northfield, said he accepts Fields' explanation.

"Because of the change from LaBelle to Fields, I actually worked more than a year. I felt I provided the county with valuable information. I'm ready to serve the county in other ways and I've sent my resume to other departments," Warner stated.

He said he didn't see himself as being fired.

Geary said Fields was the only county board member to complain about the contract for an investigator.

On June 9, 1986, the finance and administrative committee, then headed by Geary, submitted a resolution to the entire board authorizing the issuance of a contract for an inspector.

To pay for the inspector,

liquor license fees in unincorporated areas were increased \$100 each, providing \$22,000 more from the 220 Class A licenses issued. Geary said Class A applications were increased from \$1,000 to \$1,500 which provided an additional \$7,500.

Warner's inspection work brought in an additional income to the county to the tune of \$19,500, according to Geary. "In reality, Warner was paying his own way," Geary asserted.

Fields said, "that money all goes into the general fund. As former finance chairman, Geary knows better than anyone that it has to be budgeted if it is going to be spent - and it was

not budgeted."

The increase in license fees a year ago was protested by tavern owners who said the new rate was unfair and that a special inspector was not needed.

By custom, the liquor control officer, who is also county board chairman, did personal inspections or called on the sheriff and state's attorney for assistance when needed.

Geary said that most Class A licenses in the county are in Dist. 4 with 80 of them in Fields' home township. "The tavern owners didn't like Warner. I'd say it's pretty obvious what happened," Geary asserted.

## Disabled to benefit from job seminar

A ten-week seminar, "Job-Raising I," for persons with chronic disabilities who wish to return to the work force, will be held from 9:30 a.m. to noon beginning Wednesday, Sept. 23 at the Illinois Dept. of Rehabilitation Services, 3615 Grand Ave., Gurnee.

Sponsored by the Chicago-Northern Illinois Chapter, National Multiple Sclerosis Society, and DORS, the program is open to persons with disabilities such as multiple sclerosis, cerebral palsy, arthritis and epilepsy.

The area served by the program includes Waukegan, Highland Park, Lake Bluff, Lake Zurich, Libertyville, Mundelein, Grayslake, Round Lake,

Crystal Lake, Antioch and Zion.

Topics covered in the seminar are: building a support system, effective communication, stress and time management, assertiveness training, skills inventory, legal issues and disclosure of a chronic illness to an employer, resume preparation and practice interviewing. Attendees also learn about building a network and conducting a job search. At the completion of the seminar, the group continues to meet as a Job Club.

For more information and details about registration for the seminar (there is no fee), please call the MS Society at (312) 922-8000.

Gander Mountain, Inc. announced net sales of \$57,778,000 for the year ended June 30, up 31 percent from \$44,249,000 in the prior year. Income from operations was \$3,008,000 versus \$3,052,000 in the prior year. Net income was \$1,535,000, or 56 cents a share, versus \$1,570,000, or 73 cents a share. The previous year's net included \$270,000, or 12 cents a share, tax benefit from net operating loss carry forward; there were no comparable carry forwards in fiscal 1987. There were 2,760,000 weighted average number of shares outstanding in the recent year and 2,134,000 in the previous year; the increase in shares was a result of the company's initial public offering in April, 1986.

**Wauconda**

Nancy F. Donahue of Wauconda has earned the professional designation of CTC (Certified Travel Counselor) from the national Institute of Certified Travel Agents, based in Wellesley, Mass. Donahue is the manager of Diamond Travel Inc. in Grayslake. To receive certification, she had to acquire a minimum of five years full-time travel experience and complete a two-year, graduate level course in ethical and efficient travel management. She also had to pass four four-hour exams and write a travel paper.

**Lake County**

The Lake County Bar Assn. has honored the Kemper Group for its work in the Volunteer Lawyers Program, which provides free legal help to low-income county residents. Kemper's legal staff helped the group in its initial fundraising, and has continued to financially support the group. Approximately 120 Lake County lawyers work in some facet of the program, which handled over 100 cases last year.

**Creative trio's success built on challenges**

by KAREN WILTBERGER

Sherbert pink walls, plush gray carpet and pastel wallpaper is the first clue that Properties Unlimited, Inc. in Gurnee is not a middle-of-the-road real estate office.

Owners George Anne Depke, Shirley Peterson and Mary Ware Blazeovich made sure of that. These three outgoing business people wanted to feel at home at work so they decorated accordingly.

It is not everyday that three women quit their jobs, pull together their resources and start up a business. But these three had already been top real estate sales people and they knew it. They also knew it was time for another challenge—away from the drabness of beiges and browns.

So in February, 1985, they set up a 100 sq. ft. office at a Waukegan car dealership. For six months, they knocked on doors telling anyone who would listen that they were open for business. It was difficult at first because the business lacked a proper name. They couldn't quite fit together their own names and their original choice "Property Shop" was already in use in downstate Illinois.

By June, 1985, however, things started to come together. Properties Unlimited moved to a sunny and noticeable location at 4949 Grand Ave. The trio flipped a coin to decide who would be president of the corporation and Ware Blazeovich won the title. Just as well, with 18 years in real

estate she had the most experience.

By starting so small, start-up costs were only \$10,000. But as the business grew so did the costs. The owners poured the profits of the first year directly back into the business. Not only did they move into a brand new office, but they needed furniture, phones, office supplies, no to mention high advertising bills.

"We had a small coffeemaker, now we have a big coffeemaker. We had one typewriter, now we have three typewriters," said Peterson. Everything

started out small.

Today the office is the home to 18 sales associates and four secretaries. The doors of three spacious management offices of similar size remain open. In 1986, the corporation did \$27 million worth of business.

"We'd like to do better, but that's good," said Depke, whose name is really "George" because her parents had expected a boy. (A few minutes later her twin brother arrived. He is also George.) (Continued on Page 18)

**72 homes remain at Pembroke Oaks**

Out of a total 223 single-family homes at the community of Pembroke Oaks in Gurnee, only 72 remain to be sold.

Developed by Westfield Development Corp., the community features two product lines; the Estate Series, with four available floor plans priced from \$129,900 to \$154,900 and the Classic Series, with five available floor plans priced from \$93,900 to \$130,900.

"Two different product lines are targeted to two distinct buyer profiles," said Roger Gatewood, president of Westfield Development Corp. "The Classic Series has attracted the first-time buyers, who are looking for a home that they can afford to buy and afford to maintain. On the other hand, the Estate Series consists mostly of move-up buyers who want more square footage and upscale amenities to reflect their affluence."

"Of the available floor plans at Pembroke Oaks, the Deerfield ranch plan in the Classic Series appears to be a favorite among young couples first starting out," said Gatewood.

Priced from \$93,900, the Deerfield is a two-bedroom, one- to two-bath home with a den,

optional family room and attached two-car garage.

An open living/dining room serves formal entertaining needs and is accented by a bay window that bathes the room in sunshine. A den in the corner of the home is perfect for a home office or private library with its quiet, secluded setting. An optional family room is located to the back of the home and is open to an eat-in kitchen. A wood-burning fireplace and sliding glass doors further expand the entertainment possibilities.

"The Deerfield ranch home provides a low maintenance lifestyle with its convenient design that promotes a leisurely lifestyle for the couple on the go," said Gatewood.

Also available in the Classic Series are the Heritage, three-bedroom home with one and one-half baths, priced from \$96,900; the Regency, a two-story plan with four bedrooms and one and one-half baths priced from \$106,900; the Westbrook, a colonial two-story home with four bedrooms and two and one-half baths priced from \$118,900, and the Westport, a two-story, four-bedroom home

with two and one-half baths priced from \$130,900.

In the Estate Series, four floor plans are available at Pembroke Oaks. The Regency, priced from \$129,900, is a two-story home with four bedrooms and two and one-half baths. A two-story home with four bedrooms and two and one-half baths, the Westbrook is priced from \$142,900. Priced from \$146,900, the Westport is a two-story home with four bedrooms and two and one-half baths, the Estate, priced from \$154,900, has four bedrooms and two and one-half baths.

Each Pembroke Oaks home features wall-to-wall carpeting, energy-saving windows and fully sodded front lawns. All Pembroke Oaks kitchens are fully equipped with range, dishwasher, decorator oak cabinets, decorator counter tops, garbage disposal and double bowl stainless steel sink.

To visit Pembroke Oaks, take Int. Hwy. 94 (the Tri-State Tollway) north to Ill. Hwy. 132 (Grand Ave.). Proceed east on 132 to the community entrance. Call (312) 336-1933 for further information.

## COBRA breakfast forum

The Northern Illinois Industrial Assn. will sponsor a forum on COBRA, the new law which requires employers to make their health insurance plans available to separated employees, at 8 a.m. on Wednesday, Sept. 23, at the Lincolnwood Hyatt Hotel. Speaker at the breakfast meeting will be attorney John Pope. COBRA, an acronym for Consolidated Omnibus Budget Reconciliation Act of 1986, requires every employer in the U.S. with 20 or more employees to provide a continuation of health care benefits for certain otherwise ineligible employees and their dependents.

## Johnson on Midcon/87 board

Bobby D. Johnson of Lake Zurich has been elected a member of the board of directors for Midcon/87. Johnson, president of Loren Green Associates-Central, Inc., Elk Grove, is one of more than 500 professionals volunteering to help stage Midcon/87, the largest electronics conference and exhibition in the Midwest, Sept. 15 through 17.

## County job outlook remains favorable

Employment prospects in Waukegan and the Lake County area are solid but show signs of leveling off in the final months of 1987, according to the latest Employment Outlook Survey released by Manpower, Inc. temporary help service.

Chuck Bartels, owners of Manpower's Waukegan/Lake County area operations, reported, "Our fourth quarter survey shows that 27 percent of the area employers polled intend to increase

staff during October, November and December, and 17 percent expect cutbacks. Another 56 percent expect no change in staff levels."

Employment prospects in the area are reported in construction, non-durable goods manufacturing, transportation/public utilities, finance/insurance/real estate, wholesale/retail trade and public administration sectors. Some seasonal cutbacks are forecast in the ser-

vices and durable goods manufacturing sectors.

As is customary in the fourth quarter, certain seasonal trends are in evidence. Wholesale and retail firms will be adding help for the holiday season, and construction companies show hiring decreases in cold-weather areas. Manufacturers of durable and non-durable goods are unusually optimistic for a year-end period. Durable goods manufacturers are

concluding an exceptionally strong year, as are service employers.

Although the fall job market is always complicated by the loss of students and teachers leaving summer work to return to classrooms, a record number of housewives and mothers are expected to be seeking work now that their children have returned to school.

# Financial goals should guide investment choices

by GARY S. MEYERS

Everybody around you is making a bundle in the stock market and other exotic investments, and you want your share of the pie, right? So what do you do for a first investment? Be patient. Don't rush, establish an adequate safety net for you and your family—emergency savings of three to six months' salary, plus life, health and disability insurance coverage. Don't risk money you can't afford to lose.

"There are no hard and fast rules on how much you should invest, or what rates of return you should see," said investment adviser Tom Hoden of Denver's Thompson McKinnon Securities, Inc. "However, setting aside 10 to 15 percent of your annual income for investment and seeking after-tax profits of three per cent above the inflation rate are reasonable goals."

If you're smart, you will feel uneasy about making that first investment. However, a healthy bit of anxiety should not stop you from opening an investment portfolio. The following approaches to investing require limited knowledge and can provide valuable investment experience.

Save. Without the self-discipline to save regularly, you will have no money to invest. If you do put your money away, your cash will grow—no matter how conservative the date of return.

Stick to the basics. Choose investments that pay reasonable yields and are easy to understand, such as money market funds or certificates of deposit offered at federally insured banking institutions. Shop for the best interest rates.

Try mutual funds. If you have less than \$1,000 to invest, shares in a mutual fund may be one of your better choices. A mutual fund is a professionally managed investment pool of stocks, bonds or securities open to individual investors. Forbes magazine and other periodicals regularly assessed the investment performance of various funds.

A directory of "no-load" mutual funds—those which don't charge sales commissions—is available for \$5 from No-Load Mutual Fund Assn., P.O. Box 2004, JAF Building, New York, NY, 10116. Include a written request for the directory and a check or money order.

"Look for performance as well as fees," said Mark Casolo, senior investment adviser with Tucker, Anthony & R.L. Day in Schenectady, N.Y. "International Investors Gold Fund charges an 8.5 percent entry fee, but with a return of 206 percent over the past five years, it is the best of the major funds and worth every penny of the fee."

Form an investment club with friends or co-workers. By pooling resources, you can spread the risk. And, while jointly managing the funds, members can gain experience in selecting stocks, bonds and securities.

For more information, write National Assn. of Investment Clubs, Dept. CP, 1515 East 11 Mile Road, Royal Oak, Mich., 48067.

Use what you already know. As a beginner, concentrate on only one or two types of investments, learning them in depth. Use any specialized knowledge you may have to give you an edge. For example, if you know the shoe business, you may understand which companies should do well and why.

Understanding the various risks involved in any investment is vitally important. Here are some of the basic types of investment risks:

**Market forces:** Today's record-setting market might make it seem easy to make big bucks. But what goes up comes down. If the market value of your investment were to decline, you could suffer a loss, especially if you were to sell out.

The price of gold and silver are generally very volatile. Real estate, common stocks and long-term bonds have moderate to high risk, while savings accounts and money market instruments have almost no risk.

**Default:** Sometimes the issuer of the investment may go bankrupt, or default on its obligation. In this case, you could lose your money. Low-grade bonds have moderate to high default risk. Treasury securities and insured savings instruments involve little or no default risk.

**Inflation:** The purchasing power of money will erode if the investment fails to keep up with the cost of living.

Passbook savings accounts have high inflation risk, because they traditionally

offer small, safe returns. High-yielding debt securities involve moderate inflation risk, while real estate and common stocks have low to moderate inflation risk.

**Liquidity:** A liquid investment is one you can convert to cash at full market value on short notice. With some investments, you may be forced to accept a low price if you want to sell quickly—or you may not be able to sell at all.

Real estate has high liquidity risk. Long-term bonds have moderate liquidity risk. Savings accounts are liquid, meaning you can get out cash whenever you want with no penalty.

In the end, your investment choices will be influenced by your personal financial goals. For instance, if you want to double your money in two years and are willing to take big risks, you might consider commodities, which can bring high returns. But if you have no experience, you have a great chance of losing the entire investment in this kind of venture.

However, if your goal is to set aside money steadily for a down payment on a house, you might choose blue-chip stocks, bonds or CDs.

## Creative trio

(Continued from Page 15)

With seven children, Depke entered the real estate business 10 years ago. She and her husband, Robert (Warren Twp. Supervisor), later sold their family grocery store. Now it was her time to plunge into a challenge of her own.

Besides the fact that all three live in the Gurnee area, they chose to open a business there because it is still an affordable area despite its rapid growth. "We all three were successful realtors and we thought it would be a real challenge to move into the Gurnee market because everything is moving that

way," said Depke. She added, "I wanted to be right here in the community where I know people. Being in the grocery business and in politics, I've come to know a lot of people."

"We just don't sell Gurnee, but Gurnee is our love," said Depke. The office covers the entire Lake County, but is doing particularly well in Waukegan, Wadsworth, Lindenhurst and Wildwood.

It took only a year for Properties Unlimited to expand. A second office was opened at 2900 Sheridan Rd. in Zion. Two sales associates who live in Zion became managers of the smaller store and four

others from Zion joined the staff. Blazeovich's daughter, Mollie, joined the Gurnee team.

These three women are confident that their business can compete with the larger real estate chains while keeping its own personal touch. It is a member of Translo, a relocation network, and offers the same services as other larger companies.

Said Peterson, "What I notice here is we're one group. We work as a team rather than management versus sales people. While we are respected, we experience the same problems and joys as the sales people."

For Peterson, 37, who has three children still at home, that means missing out on some family activities to work at least 12 hours a day and answer phone calls all hours of the night. She admits she has fallen into the Superwoman Syndrome of the '80s.

"Each one of us has our own way of thinking. For me, sometimes the responsibility is overwhelming. I'd like to break away, but sometimes I can't," she said.

Different from her older partners with grown children, Peterson said she still hangs on to the ideals of a younger person. "I have not experienced as much as them in life, but I'm experiencing more than if we wouldn't

have started the company," she said.

And after two and a half years in business, the little experiences that take business owners by surprise are finally being ironed out.

One such surprise came when the house signs ordered from a California firm couldn't withstand the harsh winters. Sturdier signs were locally designed, but were too big to fit in the cars of the realtors. Finally, a person with a truck was hired to put up all the signs.

"There's no packet that says when you open up a company, this is what you should do. You have to guess," said Peterson. "When you think it's simple, there are a lot of obstacles that come along the way."

Despite the ups and downs of the real estate business as well as owning one, Depke, Peterson and Ware Blazeovich have remained what they started out to be—friends.

The trio who met as realtors at a large company go to nice restaurants to hold business meetings. Only sometimes do they invite their husbands at the risk of boring them. They have no problem reaching agreements because when two agree the other one has to.

## Country Ridge offers six models of 'move-up' home

The dramatic new interior architectural design of Country Ridge single family detached homes in Wauconda chases the shadows away with a profusion of large skylights, soaring cathedral ceilings, and sweeping window treatments.

Country Ridge is the newest development of Burnside Construction Co., operated by the Arquilla family that is now expanding its operations into the north-west suburbs.

George Arquilla III, executive vice president, said the firm is planning to build a total of 295 move-up quality homes at Country Ridge.

Four fully decorated models have opened for public viewing. Two additional models can be viewed from blueprints. The four decorated models are:

--The 301, a three-bedroom, one-and-a-half bath home with formal living and dining rooms, family room, and two-car garage totaling 1,520 square feet of living area, base priced from \$111,750. An optional version with a fourth bedroom and full second bath is available, providing 1,720 square feet.

--The 302, a three-bedroom, one-and-a-half bath home with cathedral ceiling in the living room, dining room and master bedroom suite, a kitchen dinette and family room, totaling 1,645 square feet of living area, and base priced from \$117,500.

--The 303, a three-bedroom, one-and-a-half bath home with formal living and dining rooms, breakfast area, family room, and two-car garage, totaling 1,715 square feet of living area, base priced from \$121,250. An optional version is available with a full second bath in a master bedroom suite.

--The 304, a four-bedroom, two-and-a-half bath home with formal living and dining rooms, breakfast area, cathedral ceiling in master bedroom, family room, and two-car garage. Total living area is 2,135 square feet, and it is base priced from \$128,250.

The other two models available for viewing are Plan 305, a three-bedroom, two-and-a-half bath home with 1,868 square feet of living area, base priced from \$127,750; and Plan 306, a four-bedroom, two-and-a-half bath home with 2,234 square feet of living area, base priced from \$139,500.

"I don't think there are any homes being built

anywhere in the Chicago area in which the interior architectural design provides for such an infusion of natural light as those at Country Ridge," Arquilla said.

Country Ridge is located at Rtes. 12 and 176 in Wauconda. Models are open seven days a week from 10 a.m. to 5 p.m. Phone (312) 526-5759 for more information.

## LCAVC maintains enrollment

The Lake County Area Vocational Center (LCAVC) opened its 11th year with 1,200 students from Lake, McHenry and Cook counties.

Merv Pilote, director of LCAVC and president of the Illinois Vocational Assn., said, "We're happy that we have maintained the 1,200 student enrollment figure for the last three years because all 34 vocational centers across the state have declined in enrollment

during the same time period. We feel one of the major reasons for this is that we work to keep all of our equipment working and up-to-date.

The three programs with the most students are Auto Mechanics with 159 students, Cosmetology with 150 and Building Trades with 129.

New instructors for the year include: Paul Coleman, Industrial Electrical Systems; Todd DeVoe,

Heating and Air-Conditioning; John Clauson, Computer Assisted Drafting; Julie Gleason, Child Care; Barbara Boullear, Medical Assisting and Minerva Hogan, Cosmetology.

Sun Lit Atrium Atmosphere Of Fig Leaf

**Pick Fig Leaf, an eating experience  
extraordinaire for discerning diners**

by GLORIA DAVIS

Rick Roman, general manager of the Fig Leaf Restaurant on Half Day Rd. in Bannockburn describes this gourmet delight as a "hidden dining gem."

No it's not set back in the woods on a winding country road. The sign advertising its existence is right on Half Day Rd., east of the Illinois tollway, but the Fig Leaf's location in the Bannockburn Executive Plaza is where the surprise lies. One doesn't usually expect to find fine dining under a corporate roof.

Though the Fig Leaf has been in operation for seven years, its popularity went into a slump a few years ago until Roman took over and gave the restaurant that extra zing by pumping the service back up to excellent status and also adding more creativity to the rather stodgy menu.

Old north shore customers, that had gotten bored, have returned in droves, and slowly but surely, people from Milwaukee to Chicago are discovering this culinary coup.

Roman, who has big time credits, coming from the Hancock Bldg.'s 95th Restaurant and the Chicago Hyatt Regency, has tromped the boards of the fine food service business and learned his lessons well. Besides all this, he is a most amicable host.

Add to this the talents of versatile Chef John Cervac, who is no slouch when it comes to distinctive cuisine, having trained under Michael Beck of Le Perroquet. He can turn out the finest in porterhouse steaks, a delectable sebiche or sauteed Mako shark steak au poivre served with cognac cream sauce, to please even the most discriminating diner.

Dining in the three-story atrium is a pleasure, whether done in the sunlit garden at lunch time or under the 20-foot tall weeping fig trees sparkling with tiny Italian lights during a candlelit dinner for two.

The bubbling fountain in the restaurant's center and the gorgeous oculus stained glass windows help make the Fig Leaf's atmosphere a very splendid one.

Though there is seating for 110, the unusual design of this restaurant, plus the ample table top space, makes for comfortable spacious feasting not often found in the usual small and much too intimate atmosphere of many restaurants carrying the gourmet label.

Many of the items on the menu, like the grilled Atlantic swordfish garnished with red salmon caviar, the Boston sea scallops served with sauce Charon, or the lobster bisque enriched with cognac and cream, denote the specialization in the best in seafood.

But the varied menu can also satisfy the tastes of the "hungry man" with a succulent char-grilled 20-ounce porterhouse steak, and the lover of the sumptuous lobster has the choice of the classic succulent lobster tail or the live Main Lobster, (swimming around in a tank at the restaurant's entrance), sometimes filled with a delicious garlic and butter-laden shrimp stuffing.

We found our waitress more than willing and most able in explaining everything on the menu, from the contents of the voluminous wine list, to the texture of the green lip muscles garnishing the Alaskan salmon fillet.

The prices are in keeping with those of

other area fine restaurants, from the \$6.95 Cajun blackened bluefish on the lunch menu, to one of the favorite dinner specials, Chef John's Maryland crab cakes served with a dijon mustard sauce at \$12.95.

In summation, we found the Fig Leaf's atmosphere most special, the service most special and the food — most special, 'nough said Oops! Almost forgot-try the yummy house dressing on your salad and throw calorie caution to the wind and at least taste one of those divine concoctions on the dessert tray. I won't tell anyone if you don't!

## Matthew

'4th Protocol' well done  
what's-in-the-box' tale

The mystery thriller is perhaps my favorite sort of movie. If one adds to that the elements of a good spy drama, then I'm hooked. It is unfortunate for people the likes of me that the mystery thriller seems to be a disappearing genre in modern cinema. Oh, there are recent works such as 'The Jagged Edge', or... well, I can't remember too many other recent true mystery thrillers ('Body Heat' doesn't count, its almost a decade old by now) but for the most part, this sort of film is a thing of the past. It would seem that the only refuge for the true addict, like myself, is the late night old movie. If this seems to be your case, then 'The 4th Protocol' will get you back into the theatre one more time.

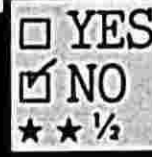

'Protocol', stars Michael Caine, as an MI-6 British agent, and Pierce Brosnan, as a KGB special operative. What is the tale? Simple really. A renegade KGB director has designed a plot to import and then assemble the pieces of a nuclear bomb in England. Once there, agents would detonate the device just outside a controversial American Air Force base. The planned explosion would be tied to American nuclear bombs kept at the base and the

ensuing recriminations would provoke a schism in Anglo-American relations. Such a break would render NATO helpless. With that premise, this thriller speeds along at an ever increasing pace with Caine trying to find Brosnan and deactivate the bomb. In some ways, this is the weakest part of the movie. This section of the movie has the mandatory car chase sequence that has become almost compulsory today. That is perhaps not a bad thing by itself, but it so often turns out to be simply a time and space killer in any ongoing story. That is unfortunate since the remainder of this film and story are so compelling in many ways.

Pierce Brosnan's performance is excellent and let no one say that Michael Caine is spreading himself a little thin in recent years. If Caine gets a part the likes of 'Protocol' only once in a hundred films, then he will never want for a following. I must compliment the special effects team of this movie for devising the first really convincing 'atomic bomb' gizmo ever presented in a film. Precious few will appreciate this save for a few engineers at Los Alamos (and us highly trained film critics of course). Don't miss 'Protocol'. Rated 'R'.

## Bill

Caine, Brosnan better  
than story in 'Protocol'

(Notice: the following data is highly classified. Anyone who reads it will know too much and so, of course, will have to be shot. Bear this in mind before proceeding.)

"The Fourth Protocol", a cloak-and-dagger thriller now playing at local theatres, is a movie that sounds like it couldn't possibly be a disappointment, with all that it has going for it. For one thing, it is adapted from a novel by Frederick Forsyth, a well-respected author of several highly-acclaimed cold war espionage stories and he is also the author of the screenplay.

Then there are the two stars. Michael Caine is a marvelous actor with a long list of impressive credits, including his Oscar-winning role in Woody Allen's "Hannah and Her Sisters". In this film, Caine delivers his usual fine performance.

However, the man who takes us by surprise here with the power of his performance and practically steals the show is Pierce Brosnan. He does an outstanding job of shedding his light-hearted "Remington Steele" image with this role of a cunning, cold-blooded killer. He is truly menacing here and makes it clear that he is an actor to be taken seriously. I have

nothing against Timothy Dalton, but based on this evidence, it certainly seems that Brosnan would also have made a good James Bond.

Although Caine and Brosnan are both excellent, the real star of a movie like this is the story, and there lies the problem because, frankly, the story is nothing special. Caine is a British secret service agent on the trail of a Russian spy (Brosnan) who is on a mission to blow up a military base in England. The story is very dry, sober and convoluted and seems to drag somewhat in the early part of the film, too, although things do get exciting as Caine gets closer to Brosnan.

I was also somewhat disappointed that 3 talented supporting stars, Ned Beatty, Joanna Cassidy, and Matt (Max Headroom) Frewer, weren't given more to do.

This movie contains many outstanding ingredients that are well worth watching. But with the prices of movies these days, if those ingredients do not join together and form a satisfying whole, then I cannot recommend going out to see it, although fans of Caine, Brosnan or Forsyth may feel differently.

# Townsquare Players set season's productions

Townsquare Players, Inc. was created in 1968 and has always been based at the Woodstock Opera House. A not-for-profit community theatre group, its members come from throughout northern Illinois and several communities in southern Wisconsin.

Founded to give area talent a showcase and to provide reasonable-priced entertainment to surrounding communities, TSP has also played an important part in the restoration of the famed Opera House, and continues to contribute to the constant refurbishing and updating of theatre equipment necessary to its preservation.

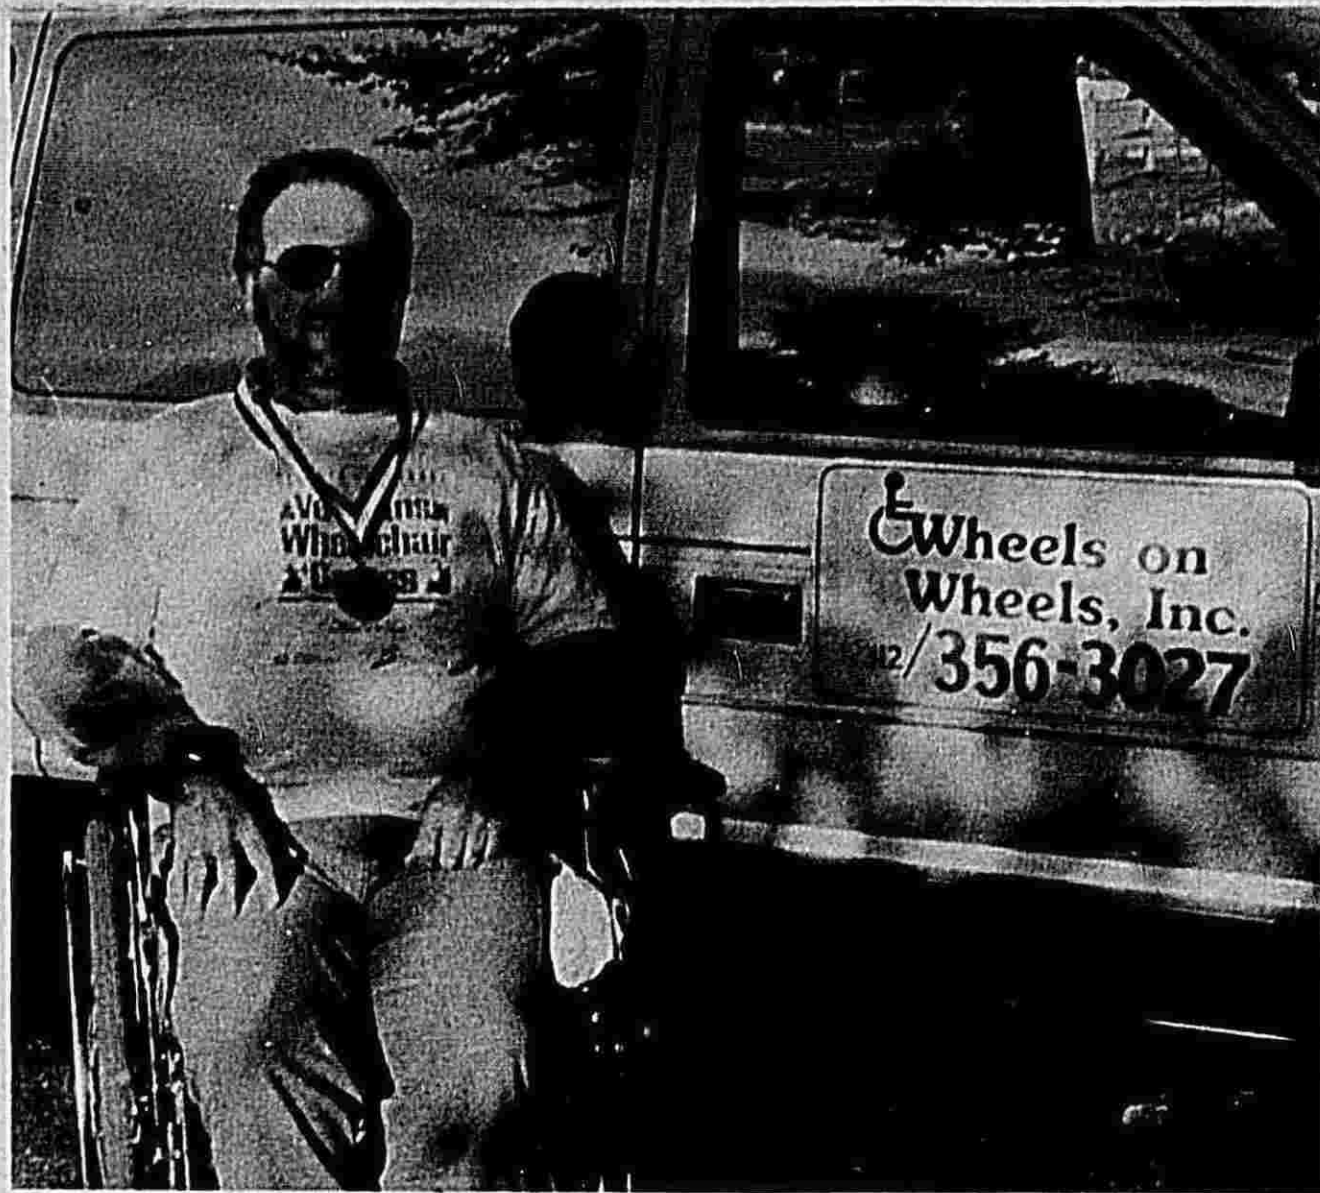

This season marks the first in which TSP presents three shows at the Opera House. Representing a diverse range of talents and interests in its membership, the group does

at least one straight show and one musical each year, this fall adding the musical "Snoopy" aimed at a family audience.

In November the company will present the 1930's classic comedy, "You Can't Take It With You"; and in the spring will produce a rollicking parody of boy-meets-girl 1920's musicals with "The Boy Friend."

The directors, producers, choreographers and technical talent are chosen through a lengthy interview process with the TSP Board of Directors. Auditions for performers are open to anyone.

Most recently the group has received acclaim for its productions of "Follies," "Brigadoon," "Annie," "Morning's at Seven," "A Chorus Line," "Jesus Christ, Superstar," and "The Octette Bridge Club."

## Vet goes for gold

George Roggy, Lindenhurst, paraplegic Vietnam war veteran, won gold medal at the Special Olympics held at VA Center at University of Michigan, Ann Arbor. Roggy won medal for bowling as disabled 750 vets competed in varied events. Roggy, former owner of Wheels On Wheels, has turned business over to his wife.

## Wildlife film series will be featured at CLC

The College of Lake County will present a series of four wildlife films beginning Sunday, Sept. 27. The first two films will be shown this fall, with the other two shown during spring semester.

All films will be shown on Sundays at 2 p.m. in the Blue Lecture Hall on the Grayslake campus.

In the first film on Sept. 27, "Land of the Woodland Drummer," Tom Sterling captures the wildlife wonders and scenic beauty of Lake Superior.

Meet the inhabitants of Superior, including the male ruffed grouse on his drumming log, families of bears, nesting loons, playful otters, a den of wolf pups, and one of the most secretive dwellers of the northern forest, the fisher.

On Nov. 1, take a trip to "Yellowstone" with Dale Johnson. One will see the birds

return in spring; baby badgers emerge from their den; elk cows playing tag; bighorn sheep in mating battles; grizzly bears confront a coyote; and an otter family playing on ice. And watch as "Tom the Terrible Tourist" tries to see the park in one day.

Adult admission is \$2 per film, or \$5 for the series. Children ages five to 11 are admitted for 50 cents, and children under five are free.

CLC students, staff and alumni are admitted free with an ID. For more information, call the activities office at (312)223-6601, ext. 300.

## Art in Barn Preview

An Art in the Barn sneak preview exhibition will be held at the Ela Area Public Library in Lake Zurich Sept. 3 through Sept. 25.

## Decorating Seminar

A free seminar, "Step Into Decorating," will be held at the Ela Area Public Library, Lake Zurich, from 7:30 to 9 p.m. on Wednesday, Sept. 23. Dorothy Gregory, an interior decorator with TransDesigns, Inc., will discuss the use of different styles in decorating, including country, traditional, eclectic and contemporary. Call (312)438-3433 or stop at the Ela Library to sign up.

## Historical Society Hosts Artist

The Long Grove Historical Society will sponsor a personal appearance of internationally renowned artist P. Buckley Moss on Saturday, Sept. 19 and Sunday, Sept. 20, at the Long Grove Church Community House, Coffin Rd. west of the covered bridge. A large collection of Moss' original watercolors and limited edition prints will be available for viewing and purchase.

## Fischesser receives top awards at Kirk banquet

Rookie Kirk Player Carol Marie Fischesser of Mundelein has been awarded the Kirk Players' highest honor, the "Hazen" Award, for Most Valuable Player.

Hazen Award winners are selected by the Players themselves and recognizes backstage and administrative contributions and an enthusiastic supportive attitude, as well as on-stage excellence.

Fischesser was the newest Kirk Player ever to win this award. She had only been a Player for a year and one week at the time it was presented. She came to the Players from Cincinnati with a solid community theatre background.

She has also been nominated as best actress and best supporting actress, and stage-managed yet another show.

Fischesser was very active with the Players' Special Activities Committee, where she served as director of the Players Childrens Summer Workshop, assistant to the Miss Mundelein Pageant director, and assistant to the Lake County Fair Amateur Talent Contest director.

The presentation of the Hazen Award climaxed the Kirk Players' 16th Annual Awards Banquet, held at the Lambs Country Inn in Libertyville.

"Leslie" Awards were presented for outstanding performances in the group's subscription series productions. "O'D" awards were also awarded for outstanding work in their summer workshop program.

Fischesser also won an O'D Award for best actress for her work in a scene from "Anastasia."

Another new Player, Jerilyn Kjellberg, who has since moved on to Okinawa with her Navy husband, won the best actress Leslie award for her delightful portrayal of the best friend's wife in "Play It Again, Sam." Kjellberg had been a Player for only a year and a half.

Kirk Player Awards night without something for Paula Willems of Wildwood is a rarity, and she came through again.

Already Kirks' most decorated Player, Willems added her third best supporting actress Leslie for her work as the spacey college girl in "Alone Together." She also owns two best actress Leslies, a most valuable player Hazen Award, a Mary Pearson Award, and four O'D Awards as best actress in a summer workshop scene.

Other Leslie Awards selected by the Players and their season ticket holders included Thom Koch, Jr. of Mundelein as best actor. His comic performance as the "Bogey" fan in "Play It Again, Sam" earned him his second best actor award.

Another veteran Player, Floyd Baker of Vernon Hills, was the best supporting actor for his wonderful portrayal of "Bogey" in the same show. This was a second best supporting award for Baker, who also owns two best actor and an MVP award.

Mundelein High School student Larry Piotrowski won the O'D Award for best actor in a summer workshop scene. Another non-Player, Jacqueline Tschetter of Mundelein, was best director, and her scene from "Anastasia" with Fischesser and non-Player Carrie Holbo of Antioch was voted best scene. These awards are selected by the workshop participants themselves.

The "Mary Pearson" Award for consistency of excellence and enthusiastic attitude throughout the entire workshop went to Mundelein's Tom Schrimpf.

Schrimpf also received recognition as an ACT (artist in community theatre). This unique Kirk Player program recognizes those Players who have devoted 10 years of active service and have appeared in or served as head of a major production crew on at least 20 productions. He is the 14th Player to receive this honor.

The Players also bestowed Master Player status on veteran Player Phyllis Carter of Mundelein. She was presented with a walnut plaque proclaiming her a Master Player, "in grateful recognition of five years of active service, dedication and fellowship."

## Hospital plans juried 'Art In The Barn' show

The Auxiliary of Good Shepherd Hospital is sponsoring its 13th Annual Juried and Invited Exhibition, "Art in the Barn, 1987." It will be held on Saturday and Sunday, Sept. 26 and 27 from 10 a.m. until 5 p.m.

Over 6,000 visitors attended last year. Quality work by over one hundred artists is exhibited in rustic farm buildings on the site of Good Shepherd Hospital.

"Art in the Barn," since its conception in 1974, has had as its goal to bring fine art to the community. As a by-product, the artists help the community by donating 20 percent of their sales to the Good Shepherd Hospital Auxiliary. In turn, the auxiliary helps the artist by organizing and publishing the show.

The jurors this year are three persons highly regarded in the art field: Lynn Kearney, Irving Shapero and Zora DuVall. Awards will range upward from \$500,000.

The art will be located in rustic farm buildings on the site of the Good Shepherd Hospital. Each artist sets up his or her own display in the upper or lower barn, machine shed, corn crib, mill room, carpenter's shed or the garage.

Food will be available at three locations. The "Weigh Station" serves taffy apples, cider, coffee, pop and popcorn. A brat and hotdog stand is located near the Hay Wagon Stage.

The Pear Tree, a full service restaurant, serves sandwiches, soup, chili and more.

A group of auxiliary women, the Luv Ewes, sell crafts and Christmas items in an old farm house adjacent to the artist's display areas.

The children's art display will be for children who like to paint while the adults shop.

Folk singers and high school groups will perform on both days.

The media represented this year will include oil and watercolor, jewelry, hand-forged ironwork, pottery, weaving, graphics, sculpture, stained glass, porcelain, wood-working and more.

## Central Baptist hosts picnic

Central Baptist Family Services is hosting its 10th annual foster family picnic from noon to 3 p.m. on Sunday, Sept. 13, at its grounds on Rte. 83 in Lake Villa.

The picnic is a way for the agency to express its thanks and appreciation for the caring and concern foster parents have offered to hundreds of neglected and abandoned children.

Central Baptist Family Services is a non-sectarian, not-for-profit child welfare agency that provides foster care services to children residing in Lake and McHenry Counties. There is a critical shortage of foster parents, and homes are urgently needed for children who are unable to reside with their own families for temporary time periods.

## Being Mrs. Illinois, wed to Chicago Bear exciting

by GLORIA DAVIS

Besides looking like a blond China doll with a Barbie Doll figure, Debra McMichaels of Mundelein has two other claims to fame. She is Mrs. Steve (all pro defensive tackle Chicago Bear) McMichaels and since May, she has been Mrs. Illinois.

Beauty queens are not an oddity in Mundelein which seems to spawn them in numbers with a recent Miss Illinois and also a couple of Miss Lake County's claiming it as their home.

"No one was as surprised as I was when I won the Mrs. Illinois contest," said Debra who claims to have entered just because it was something she had always wanted to do.

Years ago some states had more "housewifely" talents attached to the local contests preceeding the Mrs. America Contest.

The contestants had to not only be attractive (there was no swimsuit contest), but they had to bake an apple pie on stage in front of the judges. They were sent on a shopping trip at the grocery store to check their economical aptitudes; had to do their hair in front of the judges and among other tests, were judged on a table setting as well as appearance in street clothes, evening gown and their poise and personality, drawn from interviews with the judges.

All Debra had to do was decide to enter, pay \$25 for the application form. Another \$500 was paid to cover hotel expenses, etc. at the state contest site in Elgin.

There the finalists were judged only on their appearance in a swimsuit and evening gown and on the outcome of their interviews with the judges.

Debra won a \$13,000 diamond necklace, a silver fox fur coat, luggage and an evening gown by designer Elise, cash money, and a trip to the national Mrs. America contest in Las Vegas when she was crowned Mrs. Illinois.

She was not among the 10 national finalists, but she made many new friends and had a ball while in Vegas.

Since then she has made many personal appearances at charity events but she also has been able to pick up some money appearing for commercial interests on her own.

She will be the guest model at Lake County's American Cancer Unit's fashion show on Nov. 15, at Marriott Lincolnshire.

She hopes to do more modeling and tv commercials on the strength of her state win.

Meanwhile she is enjoying being married to a Chicago Bear and when that is over she and Steve would like to operate a health and fitness club.

Debra, who is originally from Alabama, was an American Airlines Flight Attendant stationed in Chicago only a few months before she came upon Mr. McMichaels.

Debra McMichaels, Mrs. Illinois 1987

He caught a glimpse of her as she checked his mother onto the plane after the Bear's first game of the 1984 season.

And mother, being a typical mother, noting her son's apparent interest, made sure she got Debra's phone number for him. Both being southerners, there was an immediate rapport between McMichaels' mother and Debra.

Steve called the next day and after one date Debra decided that her engagement, which had been in trouble as of late anyway, was off and the rest is marital history.

## 'Front Page' to open Tempo Players season

The Tempo Players will open their 22nd season on Friday, Sept. 18, with a production of Ben Hecht and Charles MacArthur's dramatic comedy, "The Front Page."

"The Front Page" is an exciting story of crime and corruption in Chicago during the 1920's. Find out if seasoned Chicago newspaper reporter Hildy Johnson will uncover the truth about convicted cop killer Earl Williams-- or if Johnson will instead ignore the biggest story of his career and go to New York with his fiancée to become an advertising man.

"The Front Page" will be performed Fridays and Saturdays, Sept. 18 and 19, 25

and 26, Oct. 2 and 3, at 8 p.m. There will also be Sunday matinee performances on Sept. 20 and 27 and Oct. 4 at 2:30 p.m.

The production will take place at the Oakbrook Terrace Park Dist.'s Joan B. Anderson Center, 18325 Ardmore, three block south of Roosevelt Rd.

Tickets for "The Front Page" are \$6 for adults, \$5 for seniors and students, and \$3 for children 12 and under, with group rates available. Seating is reserved. For tickets or information, contact the Tempo Players at (312)345-0987 or (312)495-2808 between 10 a.m. and 6 p.m.; or write the ticket chairman at P.O. Box 5011, Glendale Heights, 60139-5011. Visa and MasterCard are accepted.

## North Shore Deadeyes display model ships

An exhibition of museum-quality ship models will be presented by the North Shore Deadeyes at the Winnetka Community House Oct. 9 through 11.

Over 75 ship models, each one representing from 1,000 to 3,000 hours of work, will be on display. The show, entitled "Model Ships," will benefit programs of Medi-check International Foundation, a non-profit organization dedicated to providing custom-engraved, stainless steel emergency medical identification tags to persons with medical problems.

The North Shore Deadeyes is one of the older and more prestigious ship modeling clubs in the U.S. The club has been in existence since the late 1960's, and many of their models have won international competitions.

The Winnetka Community House is located at 620 Lincoln Ave., Winnetka.

Show times are 4 to 9 p.m. on Friday, Oct. 9; 10 a.m. to 6 p.m. on Saturday, Oct. 10; and from noon to 4 p.m. on Sunday, Oct. 11. A tax deductible admission fee is \$3, with children under 12 admitted free when accompanied by a paid adult.

## Concert society lists new season offerings

The Liberty Fremont Concert Society will offer music lovers four worlds of great music in its 1987-88 season.

Opening the season on Sunday, Nov. 15 is brilliant Chicago-born pianist Carol Honigberg, praised in this country and abroad for her fiery interpretation and exciting presence. Featured in the program will be music by Schubert, Liszt and Gershwin's "Rhapsody in Blue" in the unusual edition for solo piano that the composer himself recorded.

The 50-voice Liberty-Fremont Chorale will join forces with the newly created Prairie Symphony Orchestra under the baton of music director David Katz for "Holiday Cheer" on Friday, Dec. 11. Vivaldi's beloved choral masterwork, "Gloria," will share the program with Normand Lockwood's weaving of holiday favorites called "Carol Fantasy" and music by Purcell and Gwyneth Walker.

Chamber music comes to Lake County in March when the Oneota Chamber Players of Luther College perform Sunday, March 13. The faculty ensemble of violin, clarinet, cello and piano will present a varied program of duets, trios and quartets, including a quartet

version of Stravinsky's "L'Histoire du Soldat."

The LFCS season climaxes April 17 with a Choral Spectacular at the magnificent St. Mary of the Lake Chapel. David Katz will lead the Liberty Fremont Chorale and Prairie Symphony Orchestra in the first area performance of "Fern Hill" by the Chicago Symphony's newly appointed resident composer, John Corigliano, who has been invited as special guest. "Fern Hill," a hauntingly beautiful setting of Dylan Thomas' lyric poem, was written in 1961 when the composer was just 22. Mezzo soprano Debra Austin will be featured soloist.

Rounding out the program will be Bizet's "Te Deum" and Vaughan Williams' triumphant "Benedicite."

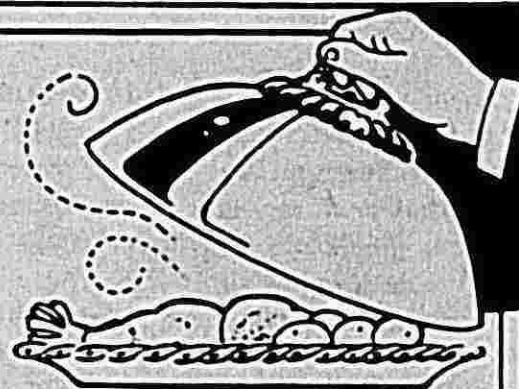

The Liberty Fremont Concert Society is holding a subscription drive now through November. Prices are \$24 for adults and \$20 for students, a 25 percent savings over single ticket prices. Subscriptions are available by mail through the Society at P.O. Box 1162, Libertyville, 60048; or by phoning (312)680-1489. If ordering by mail, include a stamped, self-addressed envelope.

## ROCK TRACKS

By Rob Ferrus

The Grateful Dead's most recent album *In The Dark* (currently in the Top Ten) is their first studio album since *Go To Heaven*, which peaked at number 23 in 1980. The band debuted on Arista 10 years ago last month with *Terrapin Station*, which peaked at number 28, and their second album on Arista entitled *Shakedown Street* reached the number 41 spot in 1979. *In The Dark* came next following a pair of double live albums in 1981.

Before the era of Arista, the guys (formerly called Mother McCree's Uptown Jug Champions and later The Warlocks) had recorded quite a few albums with limited success. After their first two LPs, *The Grateful Dead* (1967) and *Anthem Of The Sun* (1968), they became the first musicians in the world to use 16-track recording equipment, producing *Aoxomoxoa* (1969) in the studio and *Live Dead* (1970) from con-

certs. In 1970 they recorded *Workingman's Dead* and *American Beauty* which is the largest selling Grateful Dead album to date, having sold over one million copies. By 1971 their popularity had enlarged ticket demand so much that they responded by giving their music away via live stereo broadcasts. Their second live double album *Grateful Dead* was recorded about this time. In 1971 the band traveled Europe by bus for two months, playing and recording in seven countries, which yielded a live three-record set: *Europe '72*. Over the next three years The Grateful Dead Record Co. released three albums: *Wake of the Flood* (1973), *Live From The Mars Hotel* (1974), and *Blues For Allah* (1975). The current explosion of Dead popularity can be traced to several factors, but what can you say except for "Hey now, hey now, Aiko, Aiko, all day." ©1987, McNaught Synd.

## County Concert Assn. season membership open

Membership in Lake County Community Concert Assn.'s 1987-88 season series is still open, according to association president Katie Paul.

To be included in the current series, however, immediate action is necessary. The membership drive will close when all memberships are sold or at the time of the first concert on Oct. 24.

Information about purchasing a membership can be obtained from Helen Sorvari, association secretary, at (312) 623-3178.

Six concerts by nationally and internationally acclaimed musical artists comprise the 1987-88 series. All concerts will be held on Saturday evenings in Waukegan West High School auditorium.

Admission is by season membership only. Tickets to individual concerts are not available. Price for a season membership is \$25 for adults and \$10 for students through high school age.

Leading off with the first concert of the series on Oct. 24, the Sofia Chamber Orchestra, a 15-member group recognized as one of the finest chamber ensembles in Europe, will perform music ranging from Baroque classic to contemporary. Virtuoso violinist Mincho Minchev will be featured as soloist.

The Johnny Mann Singers and Dancers will appear on Nov. 7 with a heart-warming presentation of American history emphasizing the best things about America and titled "Stand Up and Cheer."

On Feb. 27, 1988, the Philippine Dance Co. brings a program displaying the charm and intense beauty of the varied Philippine cultural heritage. Marking its 11th visit to the United States, this group has garnered rave reviews in more than a dozen centuries.

Wide diversity of musical programming is a hallmark of the Empire Brass Quintet which will perform at the March 12 concert. From Bach to Bernstein and from Gershwin to Jelly Roll Morton, the group's repertoire has pleased a world-wide audience on its annual tour.

On March 26, Nina

Svetlanova, a world renowned pianist and native of Russia, will capture the imagination of her audience with a sparkling concert. Svetlanova has concertized in almost every corner of the world and is an important piano pedagogue in New York City.

Concluding the series on April 9, Talisman, a six-voice male vocal ensemble, will present a concert surveying six centuries of choral literature. Each member of this group is an experienced soloist in his own right, and together they produce a unique vocal color and perform with striking precision.

## Symphony sets lunch

The Music Institute of Lake Forest, the music instruction arm of the Lake Forest Symphony Assn., is hosting a special music luncheon on Saturday, Sept. 19, from noon to 2 p.m. at Chaffee's Lakeside Bar & Grill, 1000 Lakeview Pkwy. in Vernon Hills.

The purpose of the event is to introduce interested parents and children to the programs of the music institute.

Two concerts featuring students and faculty will be presented at 12:15 and 1:15 p.m. The audience will be treated to a musical smorgasbord, from young Suzuki violinists to Brahms Chamber music to a concert-in-the-park air and variation trombone solo.

The lunch will be a sumptuous buffet prepared by Chaffee's master chef. Due to the generosity of an anonymous donor, the lunch, which is usually offered at a price of \$6.95, will be available to guests at a nominal charge of \$2 per adult and \$1 for children.

Because of space limitations, there are only 200 tickets available to this special event, 100 for each concert. Those interested in attending should call Chaffee's, (312) 680-5900, to make a reservation.

### Omni Oktoberfest set Sept. 18

The distinctive rhythm and blues style of Big Twist and the Mellow Fellows and authentic German music by the Epics will kick off the high-spirited opening evening of the annual Oktoberfest celebration of Omni Youth Services on Friday, Sept. 18.

Hans' Bavarian Lodge, 931 N. Milwaukee Ave., will host the event. Ticket price of \$14.50 includes admission and dinner of brats, thuringer, chicken, sauerkraut, German potato salad and rye bread.

The cost of the ticket is tax-deductible. For more information, or to purchase tickets, call (312)541-0190 weekdays, and (312)527-

4141 weekends and evenings. No one under 21 years of age will be admitted opening night.

Omni Youth Services is a non-profit organization consisting of five area programs in northwest Cook and Lake Counties. Omni works with adolescents and their families through counseling, youth development, community education, specialized support groups, youth advocates and 24-hour crisis intervention.

Omni works in cooperation with local police departments, schools and the business community. Omni is a United Way agency.

## Woodstock Opera House sets Japanese mime show

The Woodstock Opera House will present Yaas Hakoshima Mime Theatre at 8 p.m. on Friday and Saturday, Sept. 25 and 26. There will also be a special matinee performance for the whole family on Saturday, Sept. 26 at 2 p.m.

The Hakoshima Mime Theatre will perform favorites of the past and selection from the current repertoire. Yass Hakoshima blends Japanese and western culture into a new personalized mime style that has won him a reputation from New Zealand to New York and Hong Kong to Berlin.

He possesses masterful technique, and has been called "the most extraordinary proficient mime in history" by the Montreal Gazette.

A teacher and choreographer, Hakoshima appeared at major international festivals and in the U.S. alone he performed at more than 400 universities and colleges and festivals.

Tickets for the show are \$12, \$10 for students and seniors, and half-price for the

Saturday matinee, and are on sale now at the Woodstock Opera House box office, Call (815)338-5300.

## Navy Pier is site for charity fest

A fun-filled Charity Festival to benefit Chicago-area children's charities will take place at Navy Pier on Sunday, Sept. 27.

The day will include a 10K run, '50's dance marathon, mini carnival, and fireboat show. Many local and national media personalities, celebrities and sports figures will be present to participate on stage and in the autograph booth.

A highlight of the day will be a chili cook-off. Over 100 firehouses will battle it out with their favorite chili recipes, competing for the title of "best chili."

## 'All Kids Dog Show' planned by Health Dept.

Kids can have a day of fun at the forest preserve and bring "Rover" along!

The second annual "All

Kids Dog Show," sponsored by the Lake County Health Dept., will be held at 11 a.m. on Sept. 12 at Lakewood

Forest Preserve, Rte. 176 and Fairfield Rd. near Wauconda.

Trophies and certificates will be awarded for dogs in the following categories: biggest, smallest, oldest, ugliest, cutest, best-trained, longest hair, shortest hair, fattest and loudest bark.

Door prizes and refreshments will be provided. All kids age 12 and under with a dog will be eligible to enter. Call (312)526-5336 for an application and a copy of the rules. Check-in time is 10:30 a.m.

## VMH plans fall family fest on Sunday

Anyone living in Lake County will want to stop by Victory Hospital's Fall Family Festival on Sunday, Sept. 13 from 1 to 4 p.m. This is an opportunity for the entire family to view demonstrations of high-tech medical technology—while

enjoying free refreshments and entertainment.

Tours of Victory's new family center will also be available. Victory Hospital is located at 1324 N. Sheridan Rd. in Waukegan. For further information, call (312)360-4246.

**Lakeland**  
Newspapers

**September 11, 1987**

—LOCAL—

**WAUCONDA TOWNSHIP ASSESSMENT ROLL FOR 1987  
OFFICIAL ASSESSMENT LIST:**

This publication is the official notice to property owners of the 1987 changes in assessed value of land and improvements in the Township of Wauconda. The 1987 assessments as published herein are those determined by the Assessor and/or the Supervisor of Assessments.

It is the duty of the Assessor to assess all taxable property on a uniform basis of valuation so that the assessed values of the various properties are a just and equal assessment of such properties according to law.

The assessment roll recording the value of property determines only the distribution of the total tax load among the individual property owners. The assessor of the Township and/or the Supervisor of Assessments has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of your tax bill. The established tax rate does that. The Assessor does not make the rate; he merely finds the value of your property.

**EQUALIZATION**

The following printed assessments, as well as all other assessments in the Township, are shown at 33.33 per cent of the market value, having been equalized to that level by the Supervisor of Assessments, who has applied a factor of 1.0878 to all values except those assessed under the provision of Secs. 20a, 20g-1, 20k, and 44.1 of the Revenue Act of 1939, as amended. Application of the township equalization factor represents a 8.78 percentage increase in assessments.

To determine the market value of your property, add the total of the land and the total of the building and divide the result by 0.3333. If it appears that the resulting number is higher than the market value of the property, you may be over-assessed. If the resulting number is less than your opinion of market value, the assessment may be low.

**ARRANGEMENT OF LIST**

If you live in an incorporated area (city or village), your property is listed under the name of your city or village, which will be in alphabetical order. Each street within the city or village is also arranged in alphabetical order. Property owners living on the same street will be listed as follows:

First - vacant property or improved property with no street number

Second - property with street number listed in numerical order (may be approximate)

If you live in an unincorporated area, the property is listed alphabetically by post office and street name. Then, property without street numbers will be listed first followed by numbered properties in numerical order.

**INFORMATION ON ASSESSMENTS**

Any property owner who has any question in regard to the assessment of his property should call the local Township Assessor's office. This publication does not reflect reductions for Homestead Exemptions, disabled Veterans Exemptions, nor Senior Homestead Exemptions. Note that land value and improvement value appear separately and should be added together to arrive at a total assessed value. Certain of the values published will have been reduced by a Homestead Improvement Exemption, which under present law the reduction in assessed value could be as much as \$10,000 below the actual assessment. These values are subject to a State adjustment factor certified to the County Clerk by the Department of Revenue. Any property owner who objects to the amount of his assessment should file a complaint in writing with the Board of Review from June First to September 10, 1987, or until thirty (30) days after publication, whichever is later. Complaint forms may be obtained by telephoning 360-6609, or by written request to the Supervisor of Assessments, County Building, Waukegan, Illinois 60085-4339.

Questions regarding the grid system used in determining address numbers should be directed to the Lake County Map Department, whose telephone number is 360-6373.

**—LEGAL—**  
**ANTIOCH TOWNSHIP ASSESSMENT ROLL FOR 1987**  
**OFFICIAL ASSESSMENT LIST:**

This publication is the official notice to property owners of the 1987 changes in assessed value of land and improvements in the Township of Antioch. The 1987 assessments as published herein are those determined by the Assessor and/or the Supervisor of Assessments.

It is the duty of the Assessor to assess all taxable property on a uniform basis of valuation so that the assessed values of the various properties are a just and equal assessment of such properties according to law.

The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The assessor of the Township and/or the Supervisor of Assessments has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of your tax bill. The established tax rate does that. The Assessor does not make the rate; he merely finds the value of your property.

**EQUALIZATION**

The following printed assessments, as well as all other assessments in the Township, are shown at 33.33 percent of market value, having been equalized to that level by the Supervisor of Assessments, who has applied a factor of 1.0658 to all values except those assessed under the provision of Secs. 20e, 20g-1, 20k, and 44.1 of the Revenue Act of 1939, as amended. Application of the township equalization factor represents a 6.58 percentage increase in assessments.

To determine the market value of your property, add the total of the land and the total of the buildings and divide the result by 0.333. If it appears that the resulting number is higher than the market value of the property, you may be over-assessed. If the resulting number is less than your opinion of market value, the assessment may be low.

**ARRANGEMENT OF LIST**

If you live in an incorporated area (city or village), your property is listed under the name of your city or village, which will be in alphabetical order. Each street within the city or village is also arranged in alphabetical order. Property owners living on the same street will be listed as follows:

First - vacant property or improved property with no street number

Second - property with street number listed in numerical order (may be approximate)

If you live in an unincorporated area, the property is listed alphabetically by post office and street name. Then, property without street numbers will be listed first followed by numbered properties in numerical order.

**INFORMATION ON ASSESSMENTS**

Any property owner who has any question in regard to the assessment of his property should call the local Township Assessor's office. This publication does not reflect reductions for Homestead Exemptions, disabled Veterans Exemptions, nor Senior Homestead Exemptions. Note that land value and improvement value appear separately and should be added together to arrive at a total assessed value. Certain of the values published will have been reduced by a Homestead Improvement Exemption, which under present law the reduction in assessed value could be as much as \$10,000 below the actual assessment. These values are subject to a State adjustment factor certified to the County Clerk by the Department of Revenue. Any property owner who objects to the amount of his assessment should file a complaint in writing with the Board of Review from June First to September 10, 1987, or until thirty (30) days after publication, whichever is later. Complaint forms may be obtained by telephoning 360-6609, or by written request to the Supervisor of Assessments, County Building, Waukegan, Illinois 60085-4339.

Questions regarding the grid system used in determining address numbers should be directed to the Lake County Map Department, whose telephone number 360-6373.

# Musical story of Cabrini Green headed here

Chicago's Free Street Theater will present the acclaimed musical, "Project!" at the Waukegan High School Sept. 18 at 7:30 p.m. "Project!" a musical history of Chicago's Cabrini-Green, probes the negative aspects of this nation's

first high-rise public housing project to explore the dreams and determination that sustain the 14,000 people who call it home. "Project!" was created and directed by Free Street Theater's artistic director, Patrick Henry, who has assembled a cast of 26, most of whom are actual Cabrini-

Green residents. The stage setting features 70 television screens stacked vertically to resemble the buildings of the housing project. Interwoven throughout the production are videotaped interviews with residents who tell of daily life in the project. "Project!" emerged out of

performing arts workshops conducted by the Free Street Theater for Cabrini-Green residents and is part of an ongoing plan developed by Patrick Henry to establish a permanent arts program under local leadership within the housing project. The show premiered in Chicago in December 1985

and since has been staged in various locations in the Chicago area. Tickets for the Waukegan performances can be purchased at the door on the night of performance or at the following locations: T & S Records, 1710 Sheridan Rd., North Chicago;

Hillery's Restaurant and Barbeque, 1617 14th St. in North Chicago and 2021 Lewis Ave. in Waukegan; and Tom's Arco, 14th and Lewis Ave. in Waukegan. Ticket prices are: \$8, if purchased in advance, \$9 at the door; senior citizens, \$6; students, \$3 in advance, \$4 at the door.

# Art Center to feature televisions Sid Caesar

Starting off the Paramount Arts Centre's 10th Anniversary Season is a combination of comedy, dance and music.

Opening the schedule will be the unique brand of humor of master funnyman Sid Caesar. Known throughout the world as one of television's most important pioneers, Caesar has in recent years expanded his repertoire to include serious dramatic roles in feature films as well as tv, and authorship of a best-selling biography, "Where Have I Been?"

He has appeared on Broadway and will make his debut with the Metropolitan Opera on Dec. 4 when he performs the speaking role of the jailer, Frosch, in the Met's revival of Johann Strauss' "Die Fledermaus."

The winner of seven Emmy Awards in the 1950's, Caesar was inducted into the Television Academy Hall of Fame in 1985. He will return to television at mid-season in "The Sid Caesar Show" on CBS.

Come see Caesar with his special guests, The Buddy Greco Quintet, on Wednesday, Sept. 30 at 8 p.m. Ticket prices are \$19, \$17 and \$15.

On Saturday, Oct. 17, at 8 p.m., the vibrant, young Joffrey II Dancers will electrify the Paramount stage with style and grace.

The name Joffrey has been synonymous with top quality dance for over 30 years and the current 16-member troupe is no exception.

Handpicked by Robert Joffrey and director Richard Englund, the company is committed to presenting works from the great balletic traditions as well as new dances from emerging choreographers, composers and designers.

As a result, the repertoire of the Joffrey II Dancers spans the complete spectrum from classical to romantic to contemporary and modern. Come and see this dynamic ensemble and be delighted by their vitality, beauty and artistic excellence. Ticket prices are \$15, \$13 and \$11.

Then on Sunday, Oct. 18, at 3 p.m., the Paramount Arts Centre proudly presents the winner of three 1986 Tony Awards including Best Play, "I'm Not Rappaport!" starring Vincent Gardenia and Glynn Turman.

This hilarious comedy tells the story of "an old white guy and an old black guy" who meet daily at a bench in Central park. They sit not too close to each other and not too far apart and they watch the world go by.

Long silences are ended when the two suddenly start yelling at each other. Long

silence, yelling, long silence, yelling. Nat (played by Gardenia) is a self-romanticizer and compulsive story teller, a would-be labor leader and film mogul. Midge (by Turman) is the essential earth spirit, frail and funny, careful and unassuming. Together they manage to find some courage, open their hearts, hold on to their dignity, and stay out of a nursing home.

Gardenia is a veteran of stage and screen and is himself a Tony Award winner. He is perhaps most often recognized as Archie Bunker's neighbor, Frank Lorenzo.

Turman has enjoyed great success as an actor and as a director and has starred in films and on television in productions such as "Centennial" and "Attica". He has directed episodes of several tv series including "Dynasty."

Ticket prices for "I'm Not Rappaport!" are \$21.50, \$19.50 and \$17.50. Tickets to all Paramount productions are available at Ticketron and Teletron (312) 853-3636, and at the box office.

Call to box office at (312) 896-6666 for information, tickets and dinner reservations for the "world famous" buffet available before every show. For group sales call (312) 896-7676.

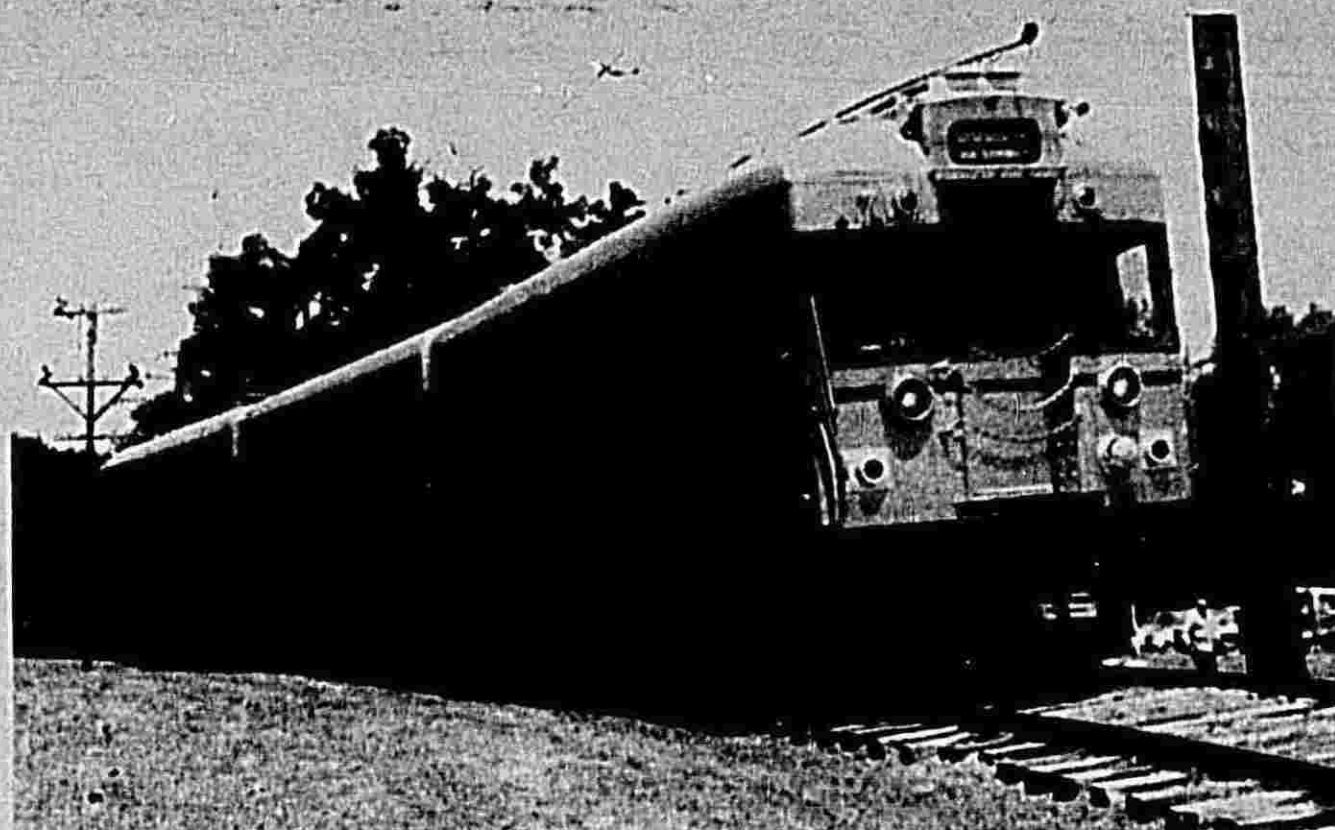

Caesar and the Buddy Greco Quintet are sponsored by McDonald's Restaurants of Aurora. The Joffrey II Dancers are sponsored by Arts Midwest.

## Trolley bells' clanging

## Koloc to perform at Woodstock Opera House

The Woodstock Opera House has announced three performances by Bonnie Koloc on Friday and Saturday, Oct. 2 and 3 at 8 p.m. and one matinee performance at 2 p.m. on Saturday, Oct. 3.

"One of the finest pop singers to have emerged in the 70's," wrote Stephen Holden in The New York Times, "Bonnie Koloc is a multi-faceted singer and her music continues to evolve and prove resilient. Koloc excels at singing everything from original well crafted compositions to classic blues to Duke Ellington, to beautiful ballads by Jerome Kern and Victor Herbert to the humor of John Prine."

Koloc's commitment to growth and daring led to an acting role in the Joseph Papp production of "The Human Comedy" and resulted in the prestigious Theatre World Bronze Award in the "outstanding new talent on Broadway" category. She also was nominated for a Drama Desk award.

Papp commented, "The great Bonnie Koloc is one of the most extraordinary performers I've seen onstage."

Next, she was snared by Chicago's red hot theatre scene, where she won rave reviews in the Remains Theatre Ensemble production of "Puntila and His Hired Man", with William Petersen.

This past summer, Koloc made her symphonic debut with The Grant Park Symphony and received two curtain calls and a long intense standing ovation from an audience of 10,000. She has taped her first public television specials in several years, and can be heard on the 'Tribute to Steve Goodman' album and 'Best of the Flea Market' National Public Radio cassette. She is currently working on her eighth album.

Tickets are \$12 regular, \$10 student, and half-price for the matinee. Tickets are on sale at the Woodstock Opera House Box Office, (815) 338-5300 or through Ticketron.

## Travel to Vietnam

By Jim Warnken, President  
North Star Travel

My last tour of Vietnam was in 1967. It was at the request of the U.S. Army. I did not find the natives to be very friendly. Times change.

Vietnam, which has generally not admitted Americans since May of 1975, is now allowing a few U.S. tour operators to organize tours of this country.

Cities being visited on these tours may sound familiar to some of us. Hanoi, Saigon (Now Ho Chi Ming City) Da Nang, (my home for a year), Haiphong and Halong Bay.

Accounts of tourists recently returning from Vietnam have been quite surprising to me. Rather than feeling the threat of secret police and hostility from a government with whom we were recently at war, they were given the freedom to visit wherever they wished and speak with whomever they wished. Most found the people to be universally friendly and encountered no hostility towards Americans. Rarely did anyone see a soldier or even a policeman, sights quite common to anyone visiting third world countries. Hotels, while still not up to U.S. standards, are equal to about three or four star European hotels. Transportation in Vietnam is by jet or bus.

The U.S. still does not have diplomatic relations with Vietnam, so Visas are obtained through embassies in Bangkok or Manila by U.S. Tour operators. The U.S. State Dept. has issued no travel warnings against travel to Vietnam, however they do advise travelers that they would have difficulty in helping travelers in trouble.

The first U.S. tourists seem to be mainly veterans such as myself, who want to go back to face memories and maybe understand. Others included many Vietnamese Americans who left behind relatives in 1975. These people were allowed to visit with their families. In fact, many were granted extensions of their Visas for that purpose. Other tourists have been those who only saw this country on the 10 o'clock news and are curious. Hopefully the day will come when tourists will visit this country to observe its ancient oriental culture and beauty rather than its involvement in a tragic mistake.

Dear Mom,  
Now that I'm in the 3rd grade  
what are you going to do  
with all your free time?  
Russell's mom goes to work  
every fall. She's a Manpower  
office temporary.  
She told Russell it is  
fulfilling and pays a lot.  
And then she told Russell  
after all summer with  
Russell going back to  
work was a real joy.  
I know what she means.  
Love,  
Nathan  
XOXO

We need — and value — smart grownups like Russell's mom. Call us soon for more information.

## Facing street gangs

When police cracked three burglary rings that netted more than \$500,000 in stolen goods, accompanying arrests underscored the fact more than ever that our local police department is dealing with or must be prepared to deal with big city crime.

Chicago authorities identified the rings as Northwest Side street gangs directed with branches in the northern and western suburbs. The burglary pros hit homes in the Round Lake areas, Deerfield, south Lake County and the western suburbs. Besides the ever-present crime syndicate, now local law enforcement agencies have to deal with Chicago gangs. It's not a pretty thought, it's reality.

Cook County State's Atty. Richard Daley lauded the support and cooperation of suburban police departments. It is interesting to note that the gangs have the ability to surface operationally or go "underground" when police make things hot for them. Gang members apprehended in the latest arrests were only teenagers when the gang operated burglary network was first identified in 1984.

Police work in our community is getting more demanding all the time. Now we know any slackening here in the support of top drawer police personnel is an invitation to the Chicago street gangs.

## Flood plain protection

A bill to prohibit residential and commercial construction in areas prone to flooding is being advanced by the Lake County Democratic organization. Known as the Flood Plain Construction Act (HB 0368), the measure is sponsored by Democratic State Reps. Grace Mary Stern of Highland Park and John Matijevich of North Chicago. The proposition sounds good to us. The current push is a "second time around" after failing to get enough votes for passage in April. We hope it fares better this time.

The bill defines "appropriate use of the flood plain" to mean only flood or erosion control structures, pumping and treatment facilities, and recreational uses. The first

priority of the bill is to adopt a comprehensive state-wide flood plain survey. The act would supercede all county, village or city ordinances. While the Stern-Matijevich measure has some heavy-handed aspects as far as use of private land is concerned, the devastating floods of recent months have been hard to swallow, too, by both private citizens and officialdom. To a large extent, building in the flood plains is to fault.

If the flood plains can be regulated, what about protection of top soil? The atrocities to valuable Illinois top soil being committed by developers in the name of home construction need to be addressed by legislators. We'd like to see that, too.

## United Way reaching out

The purpose is praiseworthy. The need is obvious. The goal is a little frightening.

That's the way the 1987 United Way of Lake County fund campaign stacks up where a goal of \$3.4 million has been targeted to support 96 human service programs of the 35 member agencies.

Sparked by a kick-off program Thursday, Sept. 10 at Marriott Lincolnshire Resort, an army of volunteers is fanning out to raise

funds that ultimately will serve one out of three residents of Lake County. That's a mind-boggling figure considering a county pushing 500,000 in population.

Putting it another way, with such a far-reaching program, you're virtually helping yourself when you contribute to United Way. It's a good idea to contribute to United Way in any way you can. We urge your support.

## The furor over Judge Bork

The controversy over the appointment of Judge Robert H. Bork to the U.S. Supreme Court is reaching into the grassroots of America. In this locality, for example, the American Assn. of University Women is campaigning hard against the bearded jurist. The AAUW has branches in Lindenhurst, Lake Villa, Antioch, Gurnee, Spring Grove, Waukegan, Mundelein-Libertyville, Lake Forest, Venetian Village, Grayslake and Third Lake.

The college-educated women, with a membership of nearly 7,000 in Illinois, is depicting Bork as an ideologue, far from outside the mainstream of American public opinion, and a political appointee.

As our nation splinters into more and more special interest groups, it is highly doubtful whether any appointee to the Supreme Court would receive unanimous approval. Even as the AAUW finds fault with Bork's views limiting the right of reproductive choice, for instance, other organizations support him enthusiastically for his stand on abortion.

Peer groups enthusiastically support Bork as a brilliant student of the law. An impressive group of law enforcement agencies is backing Bork's confirmation. Our feeling is that Judge Bork has the credentials and has passed the litmus tests. He should be seated.

### Readers react positively to new look

by BILL SCHROEDER

Every once in a while you do something right!

That's the way we feel about this newspaper's new look. Public acceptance has been overwhelming. The new format, the emphasis on color and the innovative weekend focus have impacted on our reading public like nothing done since switching to the convenient tabloid size. Response to the new look has even dwarfed reader reaction to our ill-fated April 1 spoof of a few years back.

Credit for redesigning your hometown newspaper goes to a team made up of William M. Schroeder, Nancy Schroeder, Matthew Poliakon, Charles Johnston and Hugh Jones. They pooled their many and varied talents drawn from their regular publishing assignments and produced a newspaper that will measure up typographically with any in the nation. I'm proud of them and proud of our entire staff. There'll be some fine tuning and more advances along the way, as all of us dedicate ourselves to bringing you the most outstanding community newspaper we can.

COMING BACK—Judy Koehler, a hard-shelled lady politician who made an unsuccessful bid for a Republican nomination for U.S. senator two years ago, is coming back to Lake County with a lot less fanfare.

Now she is representing the Heartland Institute and her purpose is to spread the goals and philosophy of this conservative organization. Koehler will talk a bit about Heartland at a meeting Thursday, Sept. 17, at the North Chicago Chamber of Commerce. "I'm not the main speaker. I'm attending to spread the word about Heartland."

One of the projects of the organization is studying Illinois' crazy quilt revenue picture. Another concept near and dear to the organization is privatization of governmental agencies.

Whenever she speaks about Heartland, Koehler said she has to explain that her organization is not connected with the proposed central Lake County real estate development, a Chicago-area health spa or the central Illinois economic development committee near Peoria—all Heartlands.

★★★★★

NON-EVENT—In a rapidly growing community, ground breaking ceremonies happen less and less or they don't happen at all. After turning the symbolic first shovel the other day, Lake Zurich Mayor Henry Paulus observed, "I don't do this as much as I used to," even though Lake Zurich is considered one of the fastest growing communities in Lake County. Mayor Paulus was helping start a new branch of Home Federal Savings and Loan Assn. Maybe this is the new measure of growth and development? When the mayor doesn't turn the sod or cut the ribbon, you know your hometown is booming.

CAN'T HAPPEN—News reports that Richard Speck, the murderer of eight student nurses in 1966, has applied for parole, reminded us of a conversation the other day with a friend who sees Speck at Joliet Penitentiary during periodic visits as a member of a volunteer ministry team.

"Oh, yes. We see Speck, but he never participates in the program. He just stands around—by himself," our friend related. He said inmates regard the reknown killer as a loner. They don't want to have anything to do with him.

Atty. Gen. Neil F. Hartigan spoke out against parole for Speck: "Richard Speck has incurred a debt to society that can never be repaid." We agree with supporters of the policy that it is appropriate to lock up certain prisoners and throw away the key. Speck surely is one of those cases.

★★★★★

CAMPAIGN—Elsie January is conducting a personal campaign to bring about enforcement of an Illinois law requiring use of covers or tarpaulins on trucks hauling "aggregate." She is tired of seeing gravel and sand trucks spewing material in all directions as they roar down the highway.

The Antioch resident wrote this column that she feels various police agencies are winking at enforcement of the law. We've been sprayed more than once by a gravel truck. I'm driving a car with a pocked windshield to prove it. A spokesman in the Sec. of State's office informed Mrs. January that violations should be reported with as much information as possible—type of vehicle, license number, location and time of day, etc. All of us can help Mrs. January.

★★★★★

HOSPITAL BID—Reports are that Victory Hospital and Oak Brook-based Evangelical Health Systems are working on a joint venture to bid for the purchase of St. Therese Hospital which has been put up for sale. Humana Corp. also is in the running.

Evangelical apparently is interested in increasing its involvement in Lake County. Good Shepherd Hospital, which experienced a 13 percent increase in its patient load the first six months of this year, is part of the Evangelical system which also has plans for opening of a new magnetic resonance imaging center in Prairie View.

★★★★★

FINDING PAYDIRT—Jack Flynn is like a lot of people—always coming up with ideas, but what to do about them. One thing he's done about an idea is form his own consulting company on inventing and patenting.

Flynn will conduct a seminar on inventions and patents for all interested persons at 7 p.m. Wednesday, Sept. 16, at Waukegan Public Library. "It's for tinkerers who want to do something with an idea," he explained.

★★★★★

CHANCE TO HELP—Region Two Area Agency on Aging is seeking a Lake County resident to represent Lake County as a volunteer on its advisory council. The volunteer position is for a three year term, beginning in November. Sounds like an interesting way to help. Volunteers aged 60 and over are encouraged to apply, although you don't have to be a senior citizen. You can get information by calling 800-528-2000.

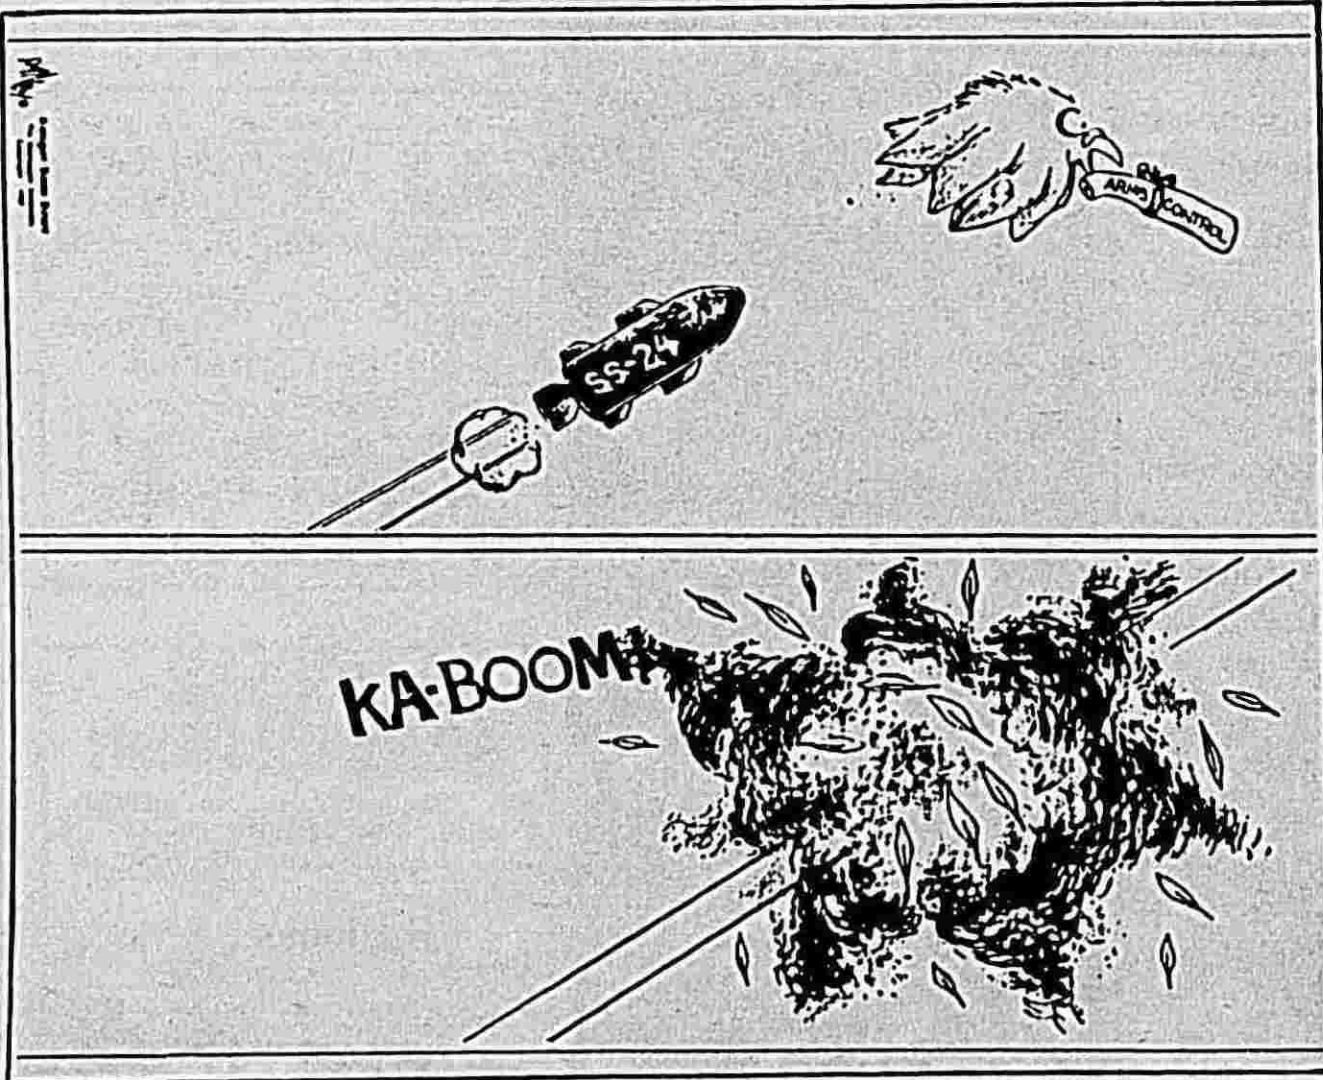

★★★★★

ONE MAN'S FAMILY—All of a sudden our family has more weddings scheduled than a bustling banquet hall. Daughter Karen has a date in December and three nieces will follow in short order. Cindy and Betsy have opted for a double ceremony in spring and Sue has selected a traditional day in June. I'll be hearing "Here Comes the Bride" in my sleep.

# Fields' star rising in Heartland settlement

THE BIGGEST WINNER if the Heartland settlement announced last Tuesday goes through all its hurdles may be County Board chairman Jim Fields. After a protracted battle between the county, Round Lake Park, Grayslake, the developer and other west Lake County villages, if this settlement goes through as planned, Fields aura of leadership will take on an unexpected lustre.

I have sat through three meetings over the past seven years in which the Heartland matter was supposedly settled. This was the first time everyone in the room was smiling.

The battle over Heartland first began in 1972 when owners first petitioned Grayslake for rezoning. It went back and forth until late 1980 when the developers announced they were withdrawing their application and petitioning for annexation to Round Lake Park.

That would have caused little consternation among anyone save trustees of Grayslake except that what Heartland proposed for Round Lake Park was much different than what they had proposed for Grayslake. The density of the project was staggering. People could not believe this was what the developer really meant to do. Years

later an internal memo showed that, initially, the move to Round Lake Park was intended as a strategy to bend Grayslake to the developer's will and get a quick annexation. That strategy required that the proposal be so bad that it would scare the daylight out of everyone.

On Jan. 14, 1981, Round Lake Park approved the annexation. Grayslake did not turn around with a quick counter offer. At that point, all hell broke loose. The county sued, Grayslake and other villages joined in the suit. Heartland developers sued back. The owner of adjoining property, William Alter, sued the county and Grayslake. If you lived in central Lake County, your name was as likely to pop up in some Heartland related lawsuit as it was to pop up in the phone book.

Alter won, then Alter lost, now Alter is appealing. Heartland tried to settle with the county by getting approval of a landfill and incinerator last year. All hell broke loose again. CLEAR, an ongoing group concerned with environmental issues, was born in the struggle to stop the landfill. The county board turned the application for landfill down and it was back to square one.

Now, during Fields' watch as chairman, a

complex settlement agreement has been reached. The county is happy, Grayslake is happy, CLEAR is happy and, I think, everyone is relieved.

When first elected chairman, expectations were low. Fields was considered a modest man of modest abilities and all the smart pots figured the county was just on hold until the next election.

This agreement has a lot of hurdles ahead before all the contingencies are met and it is a reality. But if it gets done, and I think it will, Jim Fields is suddenly going to be a much stronger candidate for reelection in Dist. 4 than he was last week.

JUST AS FIELDS has a week of triumph, allegations of political chicanery surface about his handling of the special liquor investigator.

Dist. 4 Rep. Norm Geary believes that Fields fired investigator Derrick Warner because the tavern owners didn't like the job he was doing. In exchange, Geary believes, Fields locked down the support of the tavern owners.

I don't know whether it's true or not. I'm no Pollyanna about these things. I've sat around enough smoke-filled rooms myself to know that agreements (or deals, if you prefer) are made. Contrary to what some might think, reformers make deals, too. They usually just aren't as good at it as others.

Does such a deal make political sense? Maybe. In Dist. 4, the tavern owners carry a lot of weight. But it is doubtful that the

tavern owners would have overtly gone elsewhere anyway, with a sitting chairman and liquor commissioner running for reelection. Even so, Larry Leafblad also has connections that run strong and deep with the tavern owners group.

Still, a special investigator, hired on a contract basis, serves completely at the will

## Just Politics

By Charles Johnston

and pleasure of the liquor commissioner. Fields had every right to terminate his services at any time.

Geary believes that the investigator served as a check and balance on the sheriff's office. Maybe so, but that is not how the classic system of checks and balances are supposed to work. If Congress does not like the way the executive branch is working, they do not set up a shadow President. They call members of the executive branch to account before congressional oversight committees.

## What's the beef about Judge Robert H. Bork?

During the 1984 Presidential campaign, Walter Mondale borrowed the late Clara Peller's famous question, "Where's the Beef?" in response to challenger Gary Hart's issues platform. Much to Hart's dismay, an expose by the Miami Herald answered that rhetorical question earlier this year. Now with the onset of the fall television ratings season, the national media will pose the question, "What's the Beef?" with Supreme Court nominee Judge Robert H. Bork.

This year America celebrates the 200th anniversary of the U.S. Constitution. The

didates, "Hi-ho, hi-ho, it's off to work we go." Much to Senator Ted Kennedy's dismay, Judge Bork will be a solid "bridge over troubled waters." (Credit to the other Paul Simon.)

On the Republican side, Senator Robert Dole will be pushing for a Bork confirmation. Dole will complement Judge Bork's articulate presentation as a witness in hopes of scoring points in his quest for the Republican Presidential nomination. Vice-President George Bush will remain above the controversy in hopes that a Bork victory will signal new momentum for his Presidential quest and place Ollie North in perspective.

The "beef" with Bork concerns ideology. The battle is more than merely Republican vs. Democrat. Judge Bork, if confirmed, will be the important "swing vote" on the Supreme Court which could push the pendulum to the conservative side in decisions affecting abortion, capital punishment, school prayer, gay rights and affirmative action. Bork's opponents include the American Civil Liberties Union, Gay Rights activists, civil rights groups, the National Organization of Women, and opponents of capital punishment. His supporters include pro-life groups, "organized" religion, and law enforcement groups. This will be the ultimate liberal-conservative confrontation with little respect for party lines.

Atty. Gen. Edwin Meese has been rallying conservative causes for Supreme Court Justices who will practice judicial restraint. Simply stated, this concept means that if conduct is not specifically proscribed by the Constitution, the a Supreme Court Justice should not stretch the intent of the document to deal with issues which are the sole responsibility of the legislative branch of government. Justice Bork would most often vote against the Supreme Court exercising jurisdiction in cases of abortion and gay rights, would side with the government in capital punishment cases, and would, in most cases, side with the employer in affirmative action matters. Those who defend criminal litigants will find "Bad News Bork" tough on the Miranda decision and the Fourth Amendment Exclusionary Rule.

The Bork confirmation hearings will accomplish many things. The Supreme Court may gain a conservative edge, although philosophies change when lawyers put on the black robes. The hearings will enhance candidate definition for the 1988 Presidential race. The American public will have an armchair view of the major issues being debated by both liberal and conservative causes. Perhaps most important, the guests at the birthday party for the Constitution of the United States will be pleased to see that the document written 200 years ago still guarantees the best representative form of government and forum for public debate in the world.

The smart money is on Judge Bork to win one for the "Gipper."

(Editor's note: Fred Foreman is the Lake County State's Attorney and the president-elect of the National District Attorneys' Assn.)

## Guest Columnist

By Fred Foreman

Iran-Contra hearings of this past summer and the Bork confirmation hearings provide an unique opportunity for the world to watch our Constitution hard at work 200 years since its birth. The Bork hearings, slated to begin Sept. 15, offer the added benefit of a showcase for the preliminary heats of the 1988 Presidential Olympics.

I recently met with President Ronald Reagan, Gov. James Thompson, and representatives from national law enforcement associations. As president-elect of the National District Attorneys' Assn., I presented President Reagan the welcomed endorsement of Judge Bork by the district attorneys of the United States.

The President appeared energetic, enthusiastic and committed to a comeback after a summer political slump. However, in September, the loyal Cub fan will face several long-ball hitters in the person of the Democrat controlled Senate and many Presidential contenders.

Leading off against Judge Bork and President Reagan will be Senate Judiciary members Joseph Biden and Paul Simon. Biden has already prejudged Bork and has fallen prey to the lobbying of all special interest groups, promising to oppose Bork in hopes of pleasing them all. Bork's confirmation will signal Biden's demise as a candidate. Paul Simon of Illinois has promised to listen. Although Simon will vote against Bork, a careful, articulate strategy of cross-examination may boost his Presidential stock. Bork will reduce Simon to Pee Wee Herman status if the debate is confrontational. Newly-announced candidate Jesse Jackson is on record as opposed to Bork. As for all other Democratic can-

## AREA SPORTS

### No home for Rams?

The Warren Twp. High School volleyball team may not be the only squad facing a "no home game" season.

Grayslake's football team, which already had to move its season home opener because of work being done to the GCHS field, has rescheduled its Northwest Suburban Conference opener. The game will be played at Round Lake on Oct. 2 with the sophomore game starting at 6 p.m. and the varsity at 8 p.m., Round Lake Athletic Director Ken Ricci has announced.

### No lights yet

Lake Zurich football boosters have to wait at least another week before the lights are switched on at Mel Edle Field.

Coach Wayne Kuklinski has announced that the Sept. 11 game against Cary-Grove has been switched to Sept. 12 in order to make sure everything is ready.

Kuklinski said the change should not affect his team negatively.

### Command performance

Those who attend the North Chicago-Antioch football game Sept. 12 will also be treated to a performance from Recruit Training Command at Great Lakes Naval Training Center in North Chicago. The command's 50-State Flag Unit will perform.

Rear Adm. John Calhoun has been invited to throw out the first football before the varsity game.

Five companies of recruits from the Recruit Training Command at Great Lakes have been invited to attend the game.

### Good start

For the most part, area teams which played Friday fared better than their Saturday counterparts.

Warren upended Niles North 29-6, Carmel blasted Waukegan East 35-0, Lake Zurich beat Rochelle 24-6, Round Lake came from behind to beat Elmwood Park 15-8, and Stevenson beat Fenton 34-16. Johnsbury's 39-0 loss at Richmond-Burton and Wauconda's 48-0 defeat at Cary-Grove spoiled an otherwise perfect evening.

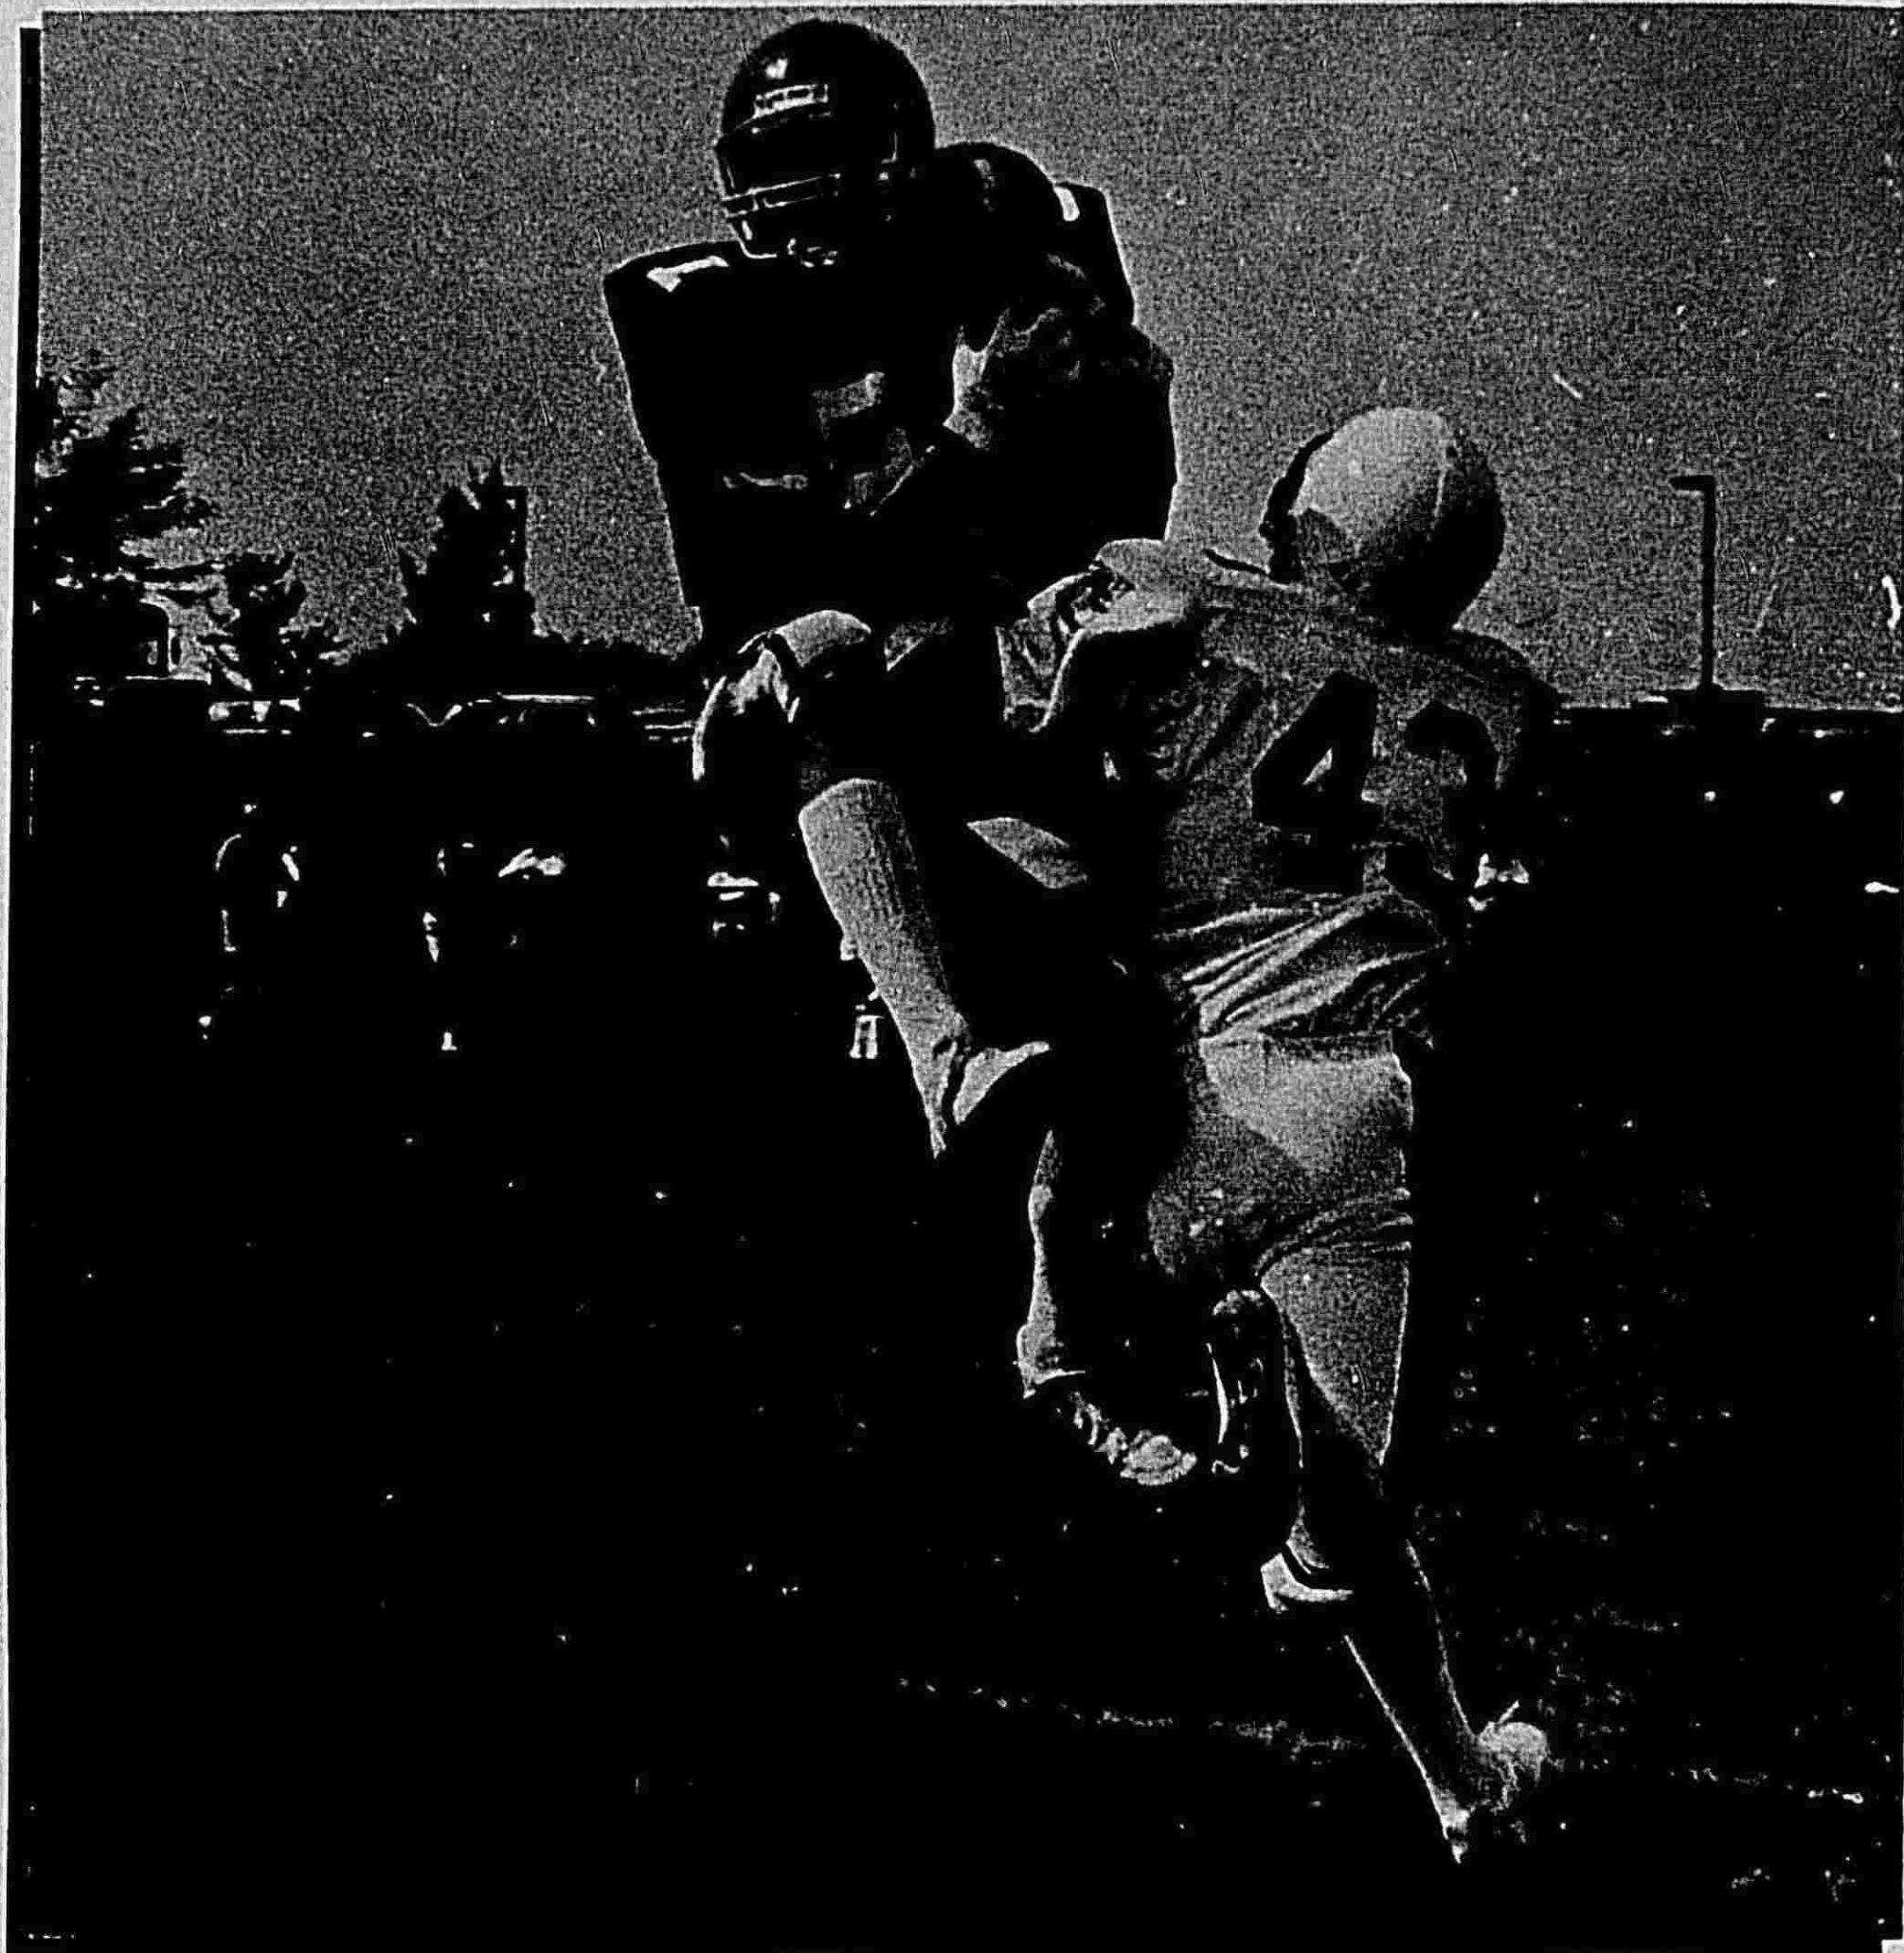

Saturday's highlight for area teams came when Antioch surprised Libertyville 22-7.

### The carpet factor?

In future years, visitors to Warren High's practices may see players carrying carpeting and running laps. The Blue Devils pitched in as Warren High was being made ready for the new school year by hauling carpeting into the new classrooms. Warren won 29-6 against Niles North in a North Suburban Conference opener. Enough said.

### Grayslake picks Neary

Former Wauconda basketball coach Chuck Neary will be staying in the Northwest Suburban Conference this winter but at a different school. Neary has been hired by Grayslake High as an assistant basketball coach.

### Breaking up interception

North Chicago wide receiver Anthony Burton (43) breaks up interception try by Zion-Benton's Mike Muff. Although Burton's attempt was successful and coach Wayne Fiedler

praised the defense, North Chicago lost NSC opener 14-0. North Chicago hosts Antioch Sept. 12. — Photo by Steve Peterson.

## 'Cats next for surprising Blue Devils' defense

by STEVE PETERSON

Perhaps the best way to preview the Sept. 12 Warren-Libertyville football game is to get a scouting report from a coach who has already defeated the Wildcats.

"Warren has to be able to match up with Libertyville's big people and be able to control their option. Another question is whether or not Warren can move the football against a very tough Libertyville defense," Antioch coach Steve Wapon said.

Kickoff for the NSC contest is set for 2 p.m. at Libertyville.

Antioch has already notched an upset of Libertyville with a 22-7 win over the Wildcats in the season opener. The night before, Warren's defense was chalking up its first victim as it grounded Niles North's much

vaunted passing attack in a 29-6 romp.

"They have the Empire State Building over there," Warren coach Reggie Hughes said of Libertyville's line.

All pre-season long, Warren had heard about the Niles North offense led by quarterback Eric Slowik. The defense carried the way early, as the hosts led only 3-0 until the waning minutes of the first half.

"It's a commendable thing for the kids. We had an excellent game plan going in," Hughes, who acknowledged the work of assistants Rich Mueller, Tony Flippo and Kim Cummings, said.

An interception by Mike Wagner set up Warren's first score. Wagner picked off a Slowik pass and ran it back to the Warren 40.

Warren's defense rose to the occasion in

the opening Niles drive. Although the Vikings were once pinched against their own 10, Warren penalties gave them breathing room. Niles eventually reached the Warren 30. That's when Slowik was sacked by Ken Woodard. A fourth-down pass was incomplete.

A key play in the drive was a fourth-and-three conversion in which Wagner gained seven yards. Six plays later, Darrin Leith booted a 30-yard field goal for a 3-0 lead.

A 12-yard pass completion from quarterback Derek Shelton to Brian Sitz was an important play in an 85-yard drive in the final minute of the half. Shelton found tight end Dave Sjog open down the sideline for a 39 yard TD strike and a 10-0 halftime lead.

Warren came out ready to start the second half.

## Bulldogs seek second straight non-league win

Grant and Lake Zurich both will be hoping to head into Northwest Suburban Conference play with two wins after week two.

Grant hosts McHenry Sept. 11 at 8 p.m. while Lake Zurich, which was originally scheduled to switch on its lights for the first time Sept. 11, has moved the game back to Sept. 12.

Grant coach Mike Rogowski said an improved McHenry team will be invading Paul Lewis Field for the 8 p.m. game.

"The've improved 100 percent over last year," Rogowski said.

For the Bulldogs, Kevin Frystak led the way scoring three of the team's four touchdowns and rushing for 235 yards in 14 carries in a 28-15 win at Jacobs.

"Our offensive and defensive lines played very well," Rogowski said.

So well, in fact, that the player-of-the-game honors went to Ken Rouse, an offensive lineman and linebacker.

Frystak opened the scoring with a 14-yard run in the first quarter and added a two-yard plunge later in the period as Grant led 14-0 after one.

Frystak scored his third TD on a 35-yard run in the third quarter. Bob Foster scored the final touchdown by recovering a fumble in the end zone.

Todd Kuklinski opened the scoring with a two-yard run in the first quarter.

The Bears' offense was a balanced one, featuring 175 yards rushing and 113 yards passing. Milner led the ground attack with 60 yards in 13 carries. Chris Boucher had 48 yards in 10 tries, Scott Krezeminski 20 carries in nine attempts and Kuklinski contributed 28 yards in 13 tries.

## Hole-in-one could Mean new car for golfer

Golfers could win a 1988 car for a hole-in-one if they play at Pine Meadow Golf Club in Mundelein Sept. 14.

For the Celebrity Golf Classic, sponsored by the Medical Center of Lake County, several local car dealerships have agreed to donate a car to a golfer making a hole-in-one on four specific holes.

Libertyville Mitsubishi will award a Galant to a winner on hole No. 5. A Mercury Tracer from Libertyville Lincoln-Mercury will be awarded for a hole-

in-one on hole No. 8 and a Buick Century from Liberty Buick Jeep Yugo will be the prize on hole No. 12. Finally, a hole-in-one on hole No. 17 will net the winner a Classic Ford Mustang courtesy of Sessler Ford.

For further information about the Celebrity Golf Classic, call (312) 362-2900, ext. 5275. All proceeds will go toward the purchase of a new Acuson Ultrasound Unit which is used to detect tumors, lesions and organ abnormalities and to monitor fetal development.

The Lake County Pony League All-Stars competed in the Vince Luchese tournament in Palatine, advancing to the title game before losing and finishing second.

The first game of the 12-team double elimination tournament featured a 9-7 win over Palatine. Two home runs by Keith Krause and solo shots Johnny Johnson and Craig Burton stood out in the victory.

Pitted next against a strong Schaumburg team, Lake County wilted on a hot, humid day. Schaumburg broke open a tight 5-4 game with a pair of three-run homers in the last two innings and coasted to a 11-4 win. Johnny Johnson hit his second homer in the loss.

Thrust into the loser's bracket, Lake County faced Palatine for the second time and clubbed the hosts 14-4. Aaron McCullough was three-for-four with three runs-batted-in. Mike Leubke had two rbis and Johnny Johnson added another round tripper.

Prior commitments forced a Niles team to forfeit and

the next Lake County foe was Mt. Prospect. Krause accounted for most of the offense in the 4-3 win. His third home run, a two-run shot, tied the game in the fourth inning. His double in the last inning chased home Dave Snider who had singled and stolen second base with the game winner.

Only three teams then remained in the loser's bracket and Lake County next faced Palatine. Krause hit his fourth home run, a three-run shot and Norm Cabell pitched seven strong innings for the win. Shortstop Leubke's over-the-shoulder catch with his back to the infield, which became a double play, provided the final out in the 7-5 win.

In the next contest, Lake County avenged a loss to Schaumburg with a 4-1 win. He shut down the potent Schaumburg offense on just two hits, while striking out 15 batters. Miguel Guzman's rbi double in the fourth broke a 1-1 tie and Johnson made it stand up.

Lake Lake County then lost in the championship game to Elgin 13-5.

"We made a couple of

mental errors defensively and it cost us," coach John Johnson of North Chicago said.

"We just could not get that two-base hit with runners in scoring position," coach Paul Snider said.

Snider, of Lindenhurst, praised the efforts of the team.

"We had it all. Speed, good defense, potent offense and strong pitching. It was the best team of 13 and 14-year-olds I've ever been associated with," he said.

In the championship game, Krause belted a homer early for a 1-0 Lake County lead. Elgin then scored eight runs in the third inning on just five hits to break the game open.

Statistically for Lake County, McCullough batted .429, Burton .416 and Leubke .400. Krause finished with five homers and 12 rbis. Johnny Johnson had three homers and six rbis. Snider and Leubke each stole seven bases.

Other team members are: Willie McBride and Tyrone Woods of North Chicago and Brody Browne of Lincolnshire.

### Outscoring foes

The 1986 Chicago Bears outscored their opponents 352-187. Chicago had 38 touchdowns to 20 for the opposing teams.

## LET AN OUNCE OF PREVENTION BE WORTH A POUND OF CURE

Sometimes old sayings have a way of being lifesavers. Prostate cancer...you might not want to think about it. But unless you do, there's no way of detecting it-or controlling it.

At our new Prostate Clinic at the Robert R. McCormick University Clinics on the campus of nearby Chicago Medical School, we offer an excellent screening for both prostate cancer and enlarged prostate, including diagnosis.

And you'll be examined by trained specialists. If you're a man 40 or older and have put off the need to have a quick, easy examination of your prostate - whether you feel any discomfort or not - consider this:

If not detected and treated in time, death from prostate cancer today ranks second only to lung cancer in men. Think about that and then pick up the phone to make an appointment. It might be the best move you ever made.

## Sequoits, Pats hope to keep undefeated record intact

Antioch's football team will be hoping to slow down the North Chicago Warhawks when the Sequoits travel to North Chicago for a North Suburban Conference game Sept. 12.

"They have tremendous speed. This is one of their sounder senior classes," Antioch coach Steve Wapon said of the Warhawks.

Should Antioch notch win No. 2 of the NSC schedule, the Sequoits could establish themselves as a legitimate contender for the NSC title.

The Sequoits started the year by surprising Libertyville 22-7 in the season opener.

"I think our defense rose to the occasion. It was a real big win for our kids. I was proud of the way they played. It's a big mental lift," Wapon said.

Part of Antioch's success in the season opener can be traced to the small amount of mistakes opposed to miscues by Libertyville. While Antioch played a relatively-free turnover and penalty game, Libertyville committed 11 penalties and lost two of four fumbles and had an interception.

"Those were really key factors. Our offensive line got off to a sound start against a very big Libertyville defense," Wapon said.

The defense set up two of Antioch's three touchdowns.

Scott Gooch recovered a Libertyville fumble and raced 21 yards for a score with 2:23 left in the first quarter for a 6-0 Antioch lead. Wapon said the key hit on Libertyville quarterback Todd Anderson was provided by Brian Buszta. Antioch attempted a two-point conversion and Wick scored for an 8-0 margin after one.

In the second quarter, Antioch quarterback John DeBernadis found Greg

Gunther open on a 15-yard TD strike with 2:04 remaining before halftime. The defense had its collective hand in on that one, too, as an interception by Bill Letkey gave the Sequoits the ball at their 43.

Wick scored the hosts' final touchdown on a five-yard run with 4:26 left in the third for a 22-0 lead.

Libertyville did not score until Anderson tallied from one-yard out in the fourth quarter.

Antioch featured a two-quarterback offense, with John DeBernadis and Jim Keim alternating. Wapon said he expected to do the same against North Chicago.

Antioch's offense was a balanced one. The Sequoits had 72 yards rushing, led by Wick's 84 yards in 24 carries. The two quarterbacks combined for 108 passing yards. DeBernadis was four-for-five with one interception for 42 yards while Keim was five-for-12 with 66 yards.

Elsewhere in the NSC, Stevenson made the debut of its lights memorable as the Patriots romped over Fenton 34-16.

Cliff King, a senior, scored two touchdowns, including a 90-yard run. Jim Neary, Tyrone Oliver, and Jim Neary all scored touchdowns as the Patriots racked up a 34-0 lead before Fenton scored two touchdowns in the fourth quarter.

The Patriots next are at Niles North Sept. 12.

"King took the game away from Fenton. They did not recover until the fourth quarter," Mundelein coach Gary Heifner, who scouted the Stevenson-Fenton game, said.

For his Mustangs, Heifner had some good feelings going into the contest.

"I thought we had a real good chance to win Saturday," Heifner said.

But three turnovers at the

wrong times led to all of Lake Forest's scores as the home team came away with a 21-0 win.

## Teams hope to regroup

It's time to regroup.

That's what Grayslake, Johnsburg and Wauconda coaches have been attempting to do this week during practice after all three were soundly defeated in season openers. All told, the three area teams lost by a combined score of 113-0.

Grayslake closes out its non-conference schedule with a game at Driscoll Sept. 12.

"We kind of hurt ourselves with our mistakes," head coach Harold Jahnke said after a 26-0 loss to St. Catherine's of Racine.

In a game played at Warren Twp. High School, Grayslake was still in the contest at halftime, trailing just 6-0. But the Angels scored 20 points in the third quarter to put the game away.

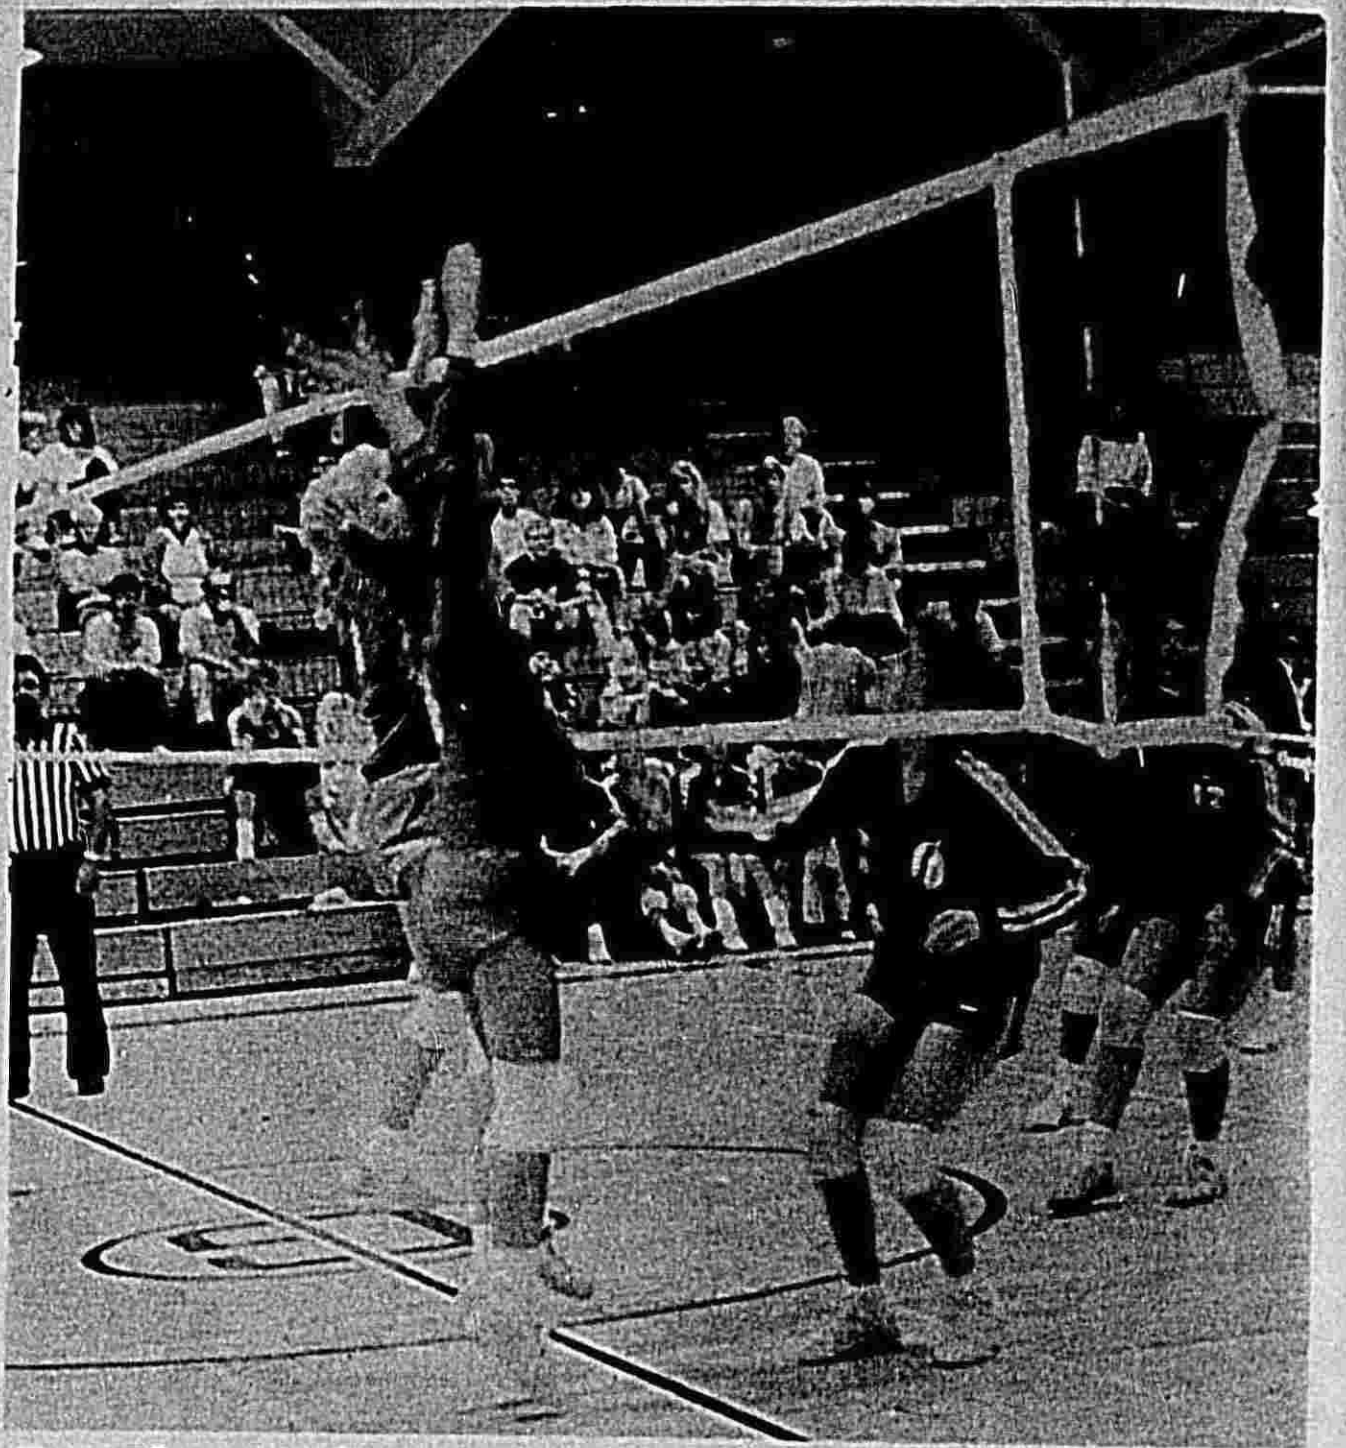

"We just have to work on execution," Jahnke said.

Grayslake quarterback Timm West completed nine of 21 passes.

Wauconda will be facing the only team which it defeated last year when the Bulldogs travel to Algonquin to face Jacobs Sept. 12.

"They're a solid ballclub in all areas," Wauconda coach Fred Loffredo said of Cary-Grove after the Trojans easily beat Wauconda 48-0 in the season opener.

Johnsburg hosts Nazareth Academy Sept. 12 in the last game of a contract and if the past two games are any indication, this one should be close.

## Battle at the net

Grayslake and Mundelein volleyball players try to get best position at net. Mundelein won non-conference match in two sets. Grayslake is at Crystal Lake Central tournament Sept. 11 and 12.

## History lesson for teams: remember ups, downs of 1986

A common sign in history classes reads something like "those who don't learn from mistakes are bound to repeat them".

In that vain, the Lakeland area teams can look back at 1986 with mixed emotions. Grant got most of the headlines with a 9-0 record and coasting to the Northwest Suburban Conference championship before losing to Lake Forest 3-0 in the playoffs. Warren also made the playoffs, but took a much more difficult route. The Blue Devils had to win four of their last five games to finish 6-3 before being eliminated by Belvidere.

Carmel and Round Lake both chalked up winning seasons, but elsewhere, it was one of unfulfilled accomplishments. Overall, last year's area teams, which did not include new to this year Lake Zurich and Stevenson, finished at 40-33.

With a bow to history professors everywhere, here is a week-by-week look back at 1986:

**Week I:** Grant starts its campaign with a 23-0 romping over Jacobs. Kevin Frystak scored two touchdowns. Johnsbury and Grayslake lost season openers to Richmond-Burton and St. Catherine's, respectively. After three quarters of a close game, Libertyville turned it on in the fourth quarter for a 19-0 win. Mundelein and Warren also lost North Suburban Conference opener. Round Lake, behind Chuck Banker's two touchdowns, beat Elmwood Park 22-7. Carmel topped Waukegan East in its opener.

**Week II:** Mundelein lost a heartbreaker to Fenton 16-14 to knock it out of NSC title hopes. Warren, though, stunned Libertyville with a 14-8 overtime win as Dave Davis scored the winning touchdown. Grant warmed up for NWSC foes with a 30-0 win at McHenry. Dundee-Crown edged Round Lake 13-9 and Driscoll beat Grayslake 21-6. Johnsbury lost to Richmond-Burton 21-0. Carmel made it two straight with a 21-6 win over Woodstock. Dannel Foster and Steve Bruns scored TD's for the Corsairs.

**Week III:** NWSC race began with what was supposed to be a Grant-Round Lake showdown. It was no contest, with Grant winning 27-0. Johnsbury whipped Waucon-

da 27-0 as Pete Pegast and Eric Mellum led the way. Antioch lost its third straight, losing to Lake Forest 33-7. Mundelein notched its first of two wins on the season with an 7-6 win over Zion-Benton. Jeff Geary scored the only TD. Warren lost to North Chicago. Carmel played St. Viator close but let the visitors escape with a 3-0 win in the East Suburban Catholic opener.

**Week IV:** Mundelein and Antioch lost NSC games, Mundelein losing 22-8 to Niles North while Antioch fell 15-0 to Zion-Benton. Warren saw its playoff hopes possibly dim, losing 10-6 to Lake Forest and the weather. The flood meant the game had to be moved from Gurnee to Lake Forest. In the NWSC, Johnsbury jumped into the race with a 14-0 win at Grayslake. Grant romped over Wauconda 42-0 as Kevin Frystak scored three touchdowns.

**Week V:** Johnsbury and Grant continued to share the top spot in the NWSC. Grant had another shutout, a 35-0 Homecoming win over Lake Zurich. Johnsbury upset Round Lake 15-0 behind a solid defensive effort. Paul Polep and Mellum scored touchdowns. At the other end of the race, Grayslake notched a 6-0 win over Wauconda as quarterback Mike Langer tossed a 14-yard strike to Matt Cavanaugh. Carmel suffered from offenses' inconsistency in a 19-14 defeat at Marist. In the NSC, North Chicago lost to Fenton 15-6 while Warren edged Zion-Benton 7-6 in the mud. Antioch had its best day on offense, beating Mundelein 27-6 as David Wick scored two touchdowns.

**Week VI:** Grant knocked off Johnsbury 28-6 in Johnsbury's Homecoming game, but the Skyhawks did become the first team to score against Grant. Grayslake lost a close 16-7 decision to Lake Zurich. Wauconda suffered a similar fate, losing to Marengo 11-9. Marian Central warmed up for a showdown with Grant with a 33-0 win over Round Lake. Carmel continued its rough times in the ESCC, as Joliet Catholic beat the visiting Corsairs 24-6. In the NSC, Mundelein stunned Libertyville 8-7 and Warren began its playoff drive with a 19-6 win over Antioch.

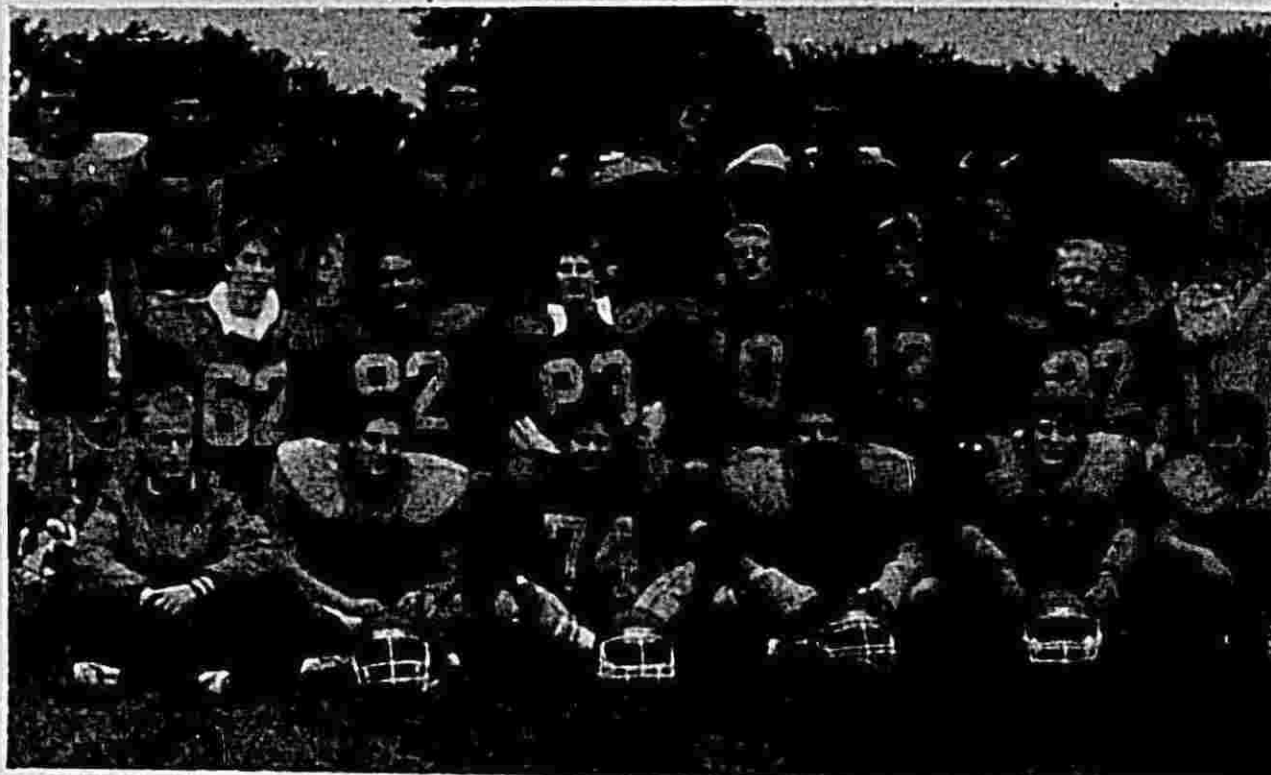

**Week VII:** In a game that would decide

the NWSC title, Grant pounded Marian Central 20-8 and Bulldog fans celebrated. Kevin Frystak scored two touchdowns and Borton scored one.

**Week VIII:** In the next-to-last week of diving and batting away a Stevenson pass in the Warren end zone in the waning seconds. Quarterback Derek Shelton scored a touchdown and Mike Wagner tallied on an extra point try. Antioch posted a 14-0 win over Fenton. Wick and Brendon Hanniagn scored touchdowns. North Chicago topped Mundelein 14-6. Carmel moved into a position for a winning season for the first time since 1972 with a 17-3 win over Niles Notre Dame. In the NWSC, Grant made it eight-for-eight with a hard fought 20-0 win over Marengo. Round Lake beat rival Grayslake 7-0 as quarterback Walter Tesch hit Banker for the lone score. Marian Central bounced

back from a loss to Grant to whip Johnsbury 40-16.

**Week IX:** Warren saved its best for last, whipping Fenton 27-0 to secure a playoff bid. Warren led just 7-0 at halftime before the offense got on track in the second half. Davis and Brian Sitz scored second half touchdowns. Stevenson whipped Mundelein 28-0 and Antioch lost a tough 7-6 decision to co-NSC league champion Niles North. In the NWSC, Grant had little trouble with Grayslake, winning 35-0. Round Lake notched a winning season with a 25-16 win over Lake Zurich. Banker ended his RL career with a two touchdown game. Marian Central shutout Wauconda 39-0 and Marengo tipped Johnsbury 8-7 on a two-point conversion pass. Carmel notched the winning season with a 40-16 win over St. Joseph as Foster scored three touchdowns.

### Wauconda Bulldogs, '87

Wauconda's varsity football team will be hoping to avenge a 1-8 season of last year this fall. Front row, from left: manager Lee Rasmussen, Tony Krucek, Brian Lochen, Justin Baugher, Jon Rude and Linc Thelen. Second row: Dan Richards, Tom Weber, Tim Schleder, Marcus Niemo, Greg Mulder and Mike Kaufmann. Third row: Mark Sutherland, Ken Klesek, Matt Smyth, Dave Vanderkarr, C.J. Kasperczyk, Keith Zersen, Scott Eckmann and Eric Becker.

## Chicago Bears' trivia quiz tests fans' history knowledge

So you think you're a Chicago Bears fan. You know that Jim McMahon wears No. 9, that the team used to play its home games at Wrigley Field, that George Halas founded that George Halas founded the National Football League in the early 1920s.

But those are readily remembered Bears facts. The following, although, there is no vacation trips for winners, is a Bears' trivia contest designed for both the casual and diehard fan.

1. How many Chicago Bears had their numbers retired?
2. How many passes did Mike Ditka catch as a player?
3. Name three Bears players with the last name starting with "P" who graduated from Ohio State.
4. Who led the 1986 Bears in total tackles?
5. Of which NFC football team does the Bears have the most wins against?
6. When was the last time the Bears returned a punt for a touchdown?

7. Who blocked the Bears last field goal that resulted in a Chicago touchdown?
8. Who is second in rushing attempts to Walter Payton?
9. Who holds the record for the most field goals in a lifetime with the Bears?
10. Who holds the record for most passes completed in a season?

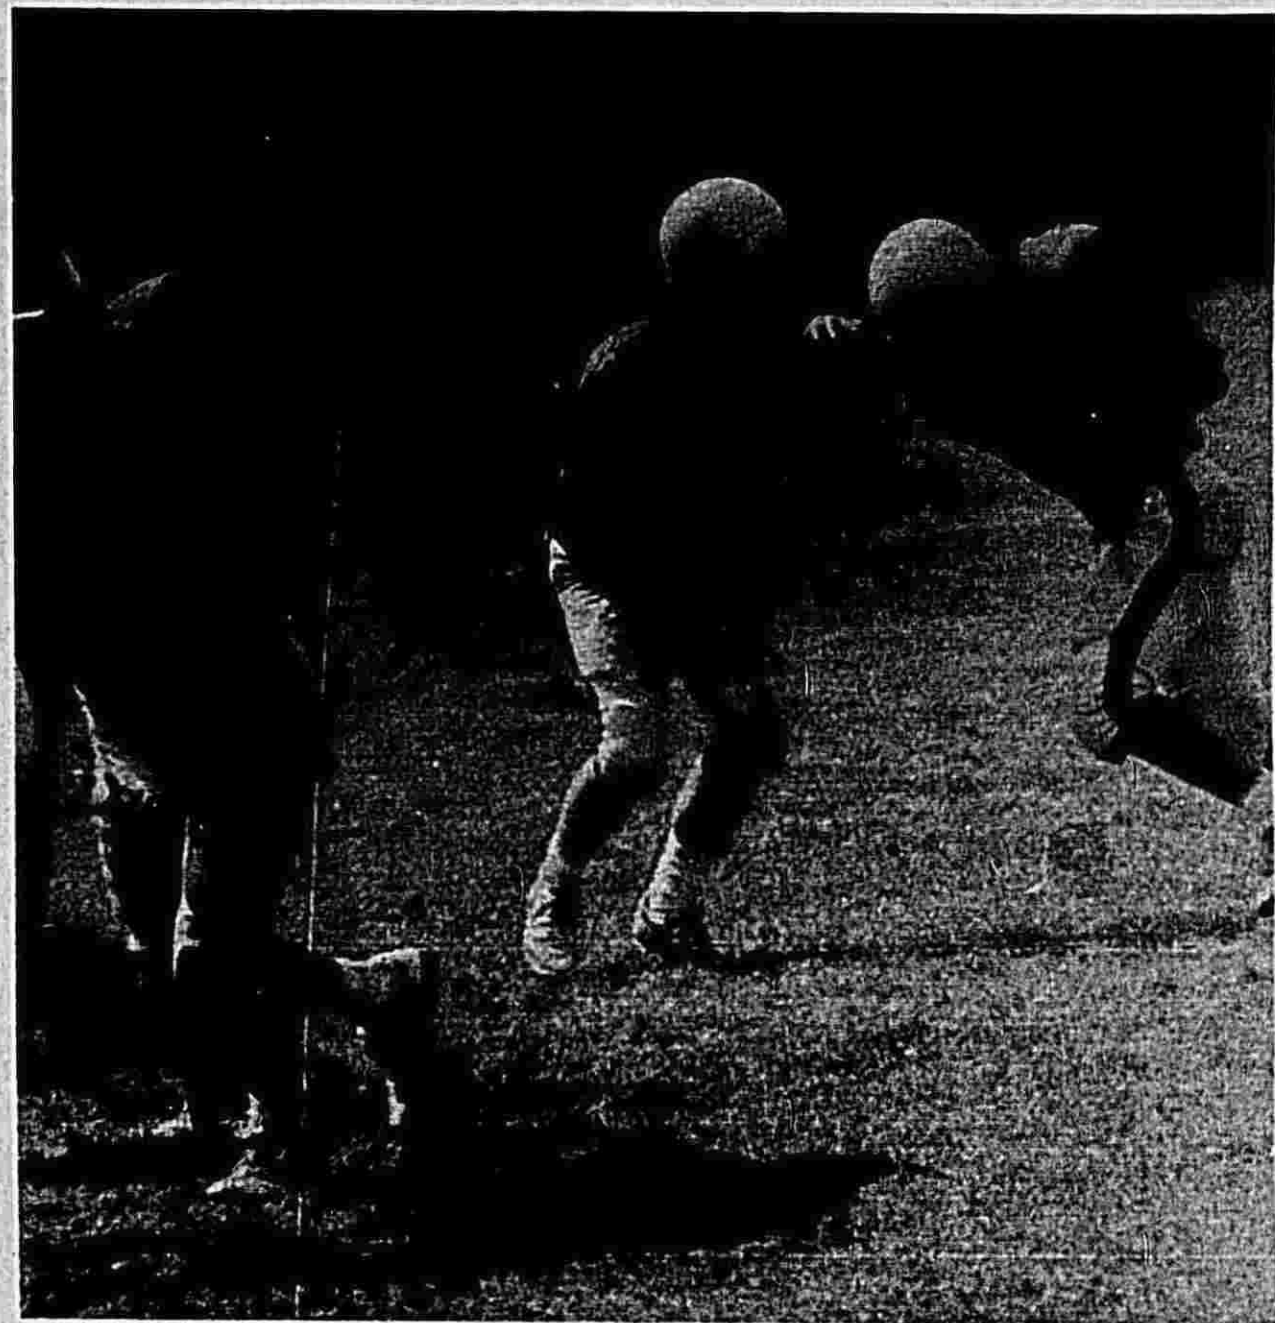

The answers, according to the Chicago Bears' Media Guide:

1. Nine.
2. 427.
3. Pete Petrini, Doug Plank and Fred Pagac.
4. Gary Fencik with 130.
5. Green Bay with 72 wins.
6. Dennis McKinnon vs. Green Bay in 1983 for 59 yards.
7. Virgil Livers blocked the kick by the Oakland Raiders and Mike Spivey ran for 71 yards on Oct. 1, 1978.
8. Rick Caseres with 1,386 from 1955-1967.
9. Bob Thomas with 128 from 1975-1984.

## Antioch's Moms enjoy serving football players' lunches

by STEVE PETERSON  
Sports Editor

There are certain things you can count on every football pre-season.

Players will be tired of not muddy, coaches at all levels will blow their whistles a lot and worry about the first game and at some schools, coaches will have to make that nasty chore of cutting players because of too many numbers.

At Antioch High School, you can add one more item to that list of certainties.

That after every practice for the first week, players, coaches and stragglers on may enjoy a home-cooked lunch prepared by the Antioch Football Mothers Club.

"It began as an idea with the Moms," Connie Wick, this year's Senior Mom, said.

The program actually started some 14 summers ago. Today, it is the one of the longest running annual events for area football teams.

Wick said about 12 mothers of football players are active. Besides the lunches during camp, the group also prepares breakfast Saturday mornings during the season.

Antioch head coach Steve Wapon, who has

been enjoying the club's meals when they started when he was an assistant, said the club is an example of the kind of community support the team receives.

"It makes them feel more special," Wick said of the players' attitudes. She added that players always give Moms a "please" or "thankyou" when ordering.

"The kids will always acknowledge the Moms," Wick said.

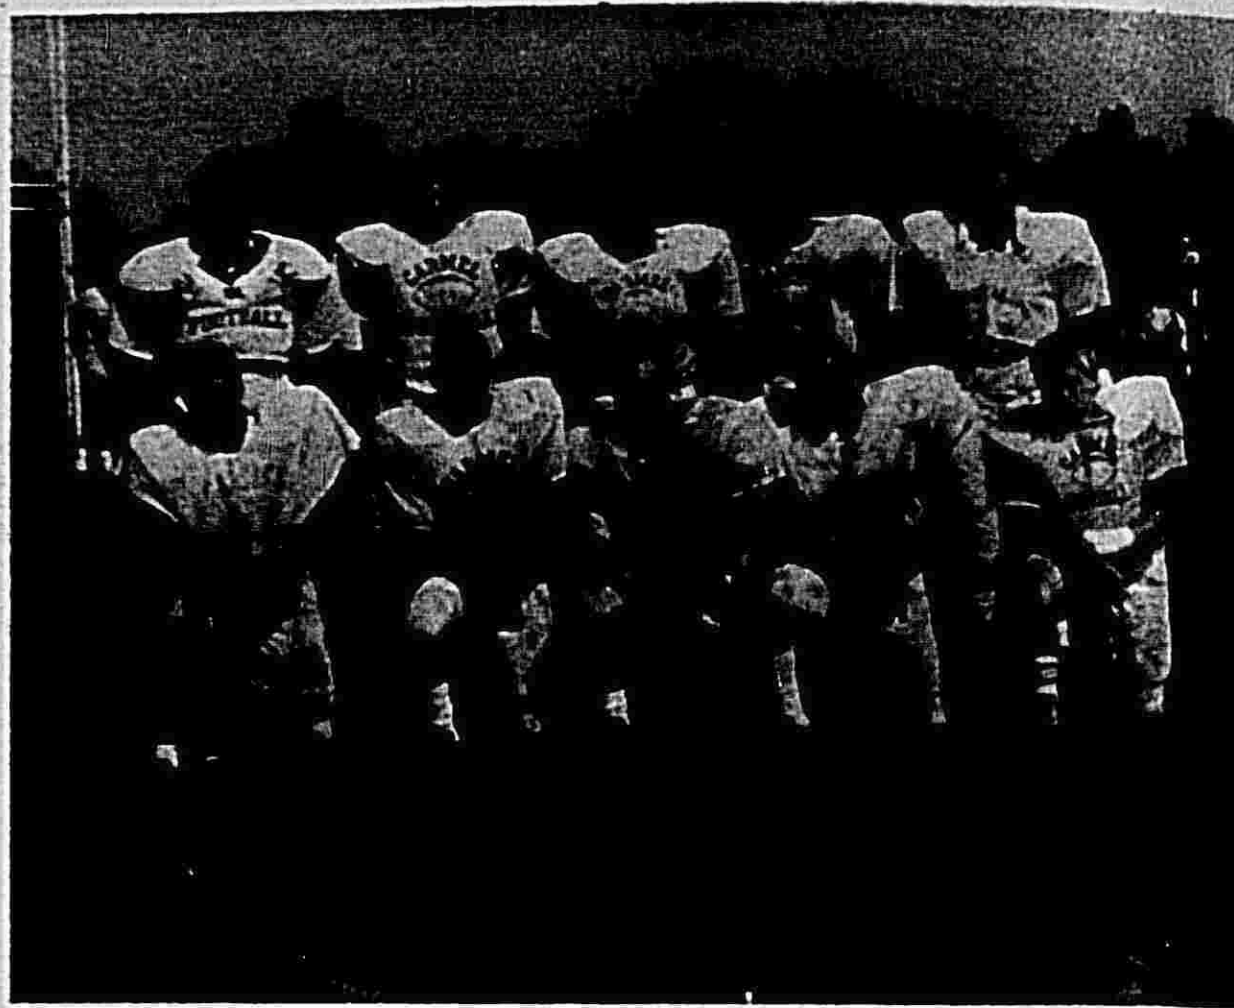

The menu is fairly common - but the catch to it is that its all home-cooked. Nothing storebought or catered here.

"We keep it pretty standard. But we always have some peanut butter and jelly for the players who don't like sloppy joe's," Wick said.

Wick, whose son David is a senior tailback this season for Antioch, has been part of the program for three years now. She said she was picked Senior Mom by mothers of other senior players.

Why does Wick and a handful of Moms spend their summer days cooking for linemen, quarterbacks, running backs, etc.?

"It's just a warm feeling knowing that you are part of your son's life," Wick said.

## Non-league battles over, teams shoot for Northwest title

The non-conference games are over and now Northwest Suburban Conference battle will begin.

Grant will be hoping to defend its title, but Northwest Suburban Conference coaches say they may have hard time doing so.

"The conference coaches picked us sixth," Rogowski said as his team took a day off from practice because of heavy rains.

Grant may have dominated the NWSC all-league selections last year, but with the exception of Kevin Frystak, all had "sr" listed under year—meaning it's time for a new beginning at Grant.

"They've been winning all through their careers at Grant. It's a new year.

The Bulldogs were 9-0 last year and perhaps most impressively, surrendered only 14 points in nine league games. It took five weeks before Johnsbury scored a touchdown against Grant's vaunted defense. In fact, Lake Forest's field goal held up in the Scouts' 3-0 win over Grant in the first round of the playoff game.

The Bulldogs are a young squad this year as even the seniors did not see much playing time with the likes of Mike Kazlauskis, Garry Glauser, Brad Frystak, Mike McDonald, Mitch Myers and Marc Borton ahead of them on the depth chart.

"It's going to take four or five games for us to get all our offense and defensive plans in," Rogowski said.

Jim McGeever saw action at quarterback last year but usually after the game was long since decided.

"Jim is coming along well. We plan on throwing the ball a lot," Rogowski said.

Senior wide receivers Brian Hags and Joe Wach lead the receiving group.

Next to Frystak in the backfield will be a number of different people at different times at fullback. Senior Joe Gore and junior Dave Essler head the group.

"We still have a long ways to go," Rogowski said of his defense.

Senior nose guard John Mazur returns along with end Bob Foster, Rous at linebacker and Frystak in the defensive secondary.

"The only thing I foresee is our defense trying to do too much, trying to make the spectacular plays," Rogowski said.

A look at area teams hoping to dethrone the Bulldogs from the top of the NWSC:

**Wauconda:** for most schools, a turnout of 20 football players for the varsity may send a coach packing. But at Wauconda, it makes mentors happy.

Coach Fred Loffredo ended last season with just 14 players, so the extra six could give him more players to work with. And of the 20, he likes what he sees so far.

"I think we'll be better offensively. We have some experienced players coming back," Loffredo said.

Quarterback Mark Southerland will guide the offense. Lee Thelem, a junior and Matt Smyth, a senior, will be the running backs. Senior Mike Kaufmann is at tight end and Gary Mouldern a senior, is at split end.

The line is anchored by senior offensive tackle Keith Zersen at 6-1, 210.

Despite the increase in numbers, there is still an old refrain heard at WHS.

**Grayslake:** the Rams are counting on two commodities that they have not had much of in previous seasons: experience and numbers. Some 42 players reported to first day of practice in August, continuing a trend started last year when Grayslake fielded 35 players.

"I think our strength is that we have more kids coming out with more experience," Grayslake coach Harold Jahnke said.

Many of the 10 returning seniors are linemen, giving Grayslake's backfield an experienced bunch which to run behind.

Brett Henne, 6-0, 175 tackle; Brad Olson, a 5-10, 170 pound center; Mike Olson, a 6-2,

250 pound tackle-guard; Mike Fiedle, a defensive tackle; Jim Cave, defensive tackle and tackle Will Frank led the group.

Also returning are senior tight end Corey Clowers and running back Jason Samuelson.

Two juniors are vying for starting quarterback role - Timm West and Charlie Miller. "Timm is a little more of a complete quarterback," Jahnke said.

"A lot depends on how much the junior quarterbacks progress," the coach added.

Grayslake has a new look in its varsity coaching staff this fall. Tom Wittum, a former all-pro punter, returns to the Rams as an assistant after spending a year at Carmel. Ex-Carmel assistant Bill Johnson also joins the Grayslake staff.

"We've been able to reassign coaches and make us more sound at all levels," Jahnke said.

Jahnke said he will stick with the running game primarily on offense but has switched the defense from a five-man front to a four-man front.

"We felt we've got the kids with more experience at linebackers and that allows us to do some things," Jahnke said.

And Jahnke would like nothing better than to make last year's 1-8 record a distant nightmare.

"The future looks good," the second-year coach said.

**Round Lake:** after chalking up another winning season last year, coach Mike Dunn's crew may be ready to go for the big prize.

"We have 35 guys here winning to pay the price," Dunn said one morning during practice.

Dunn's optimism is backed up by a group of talented skilled-position players and a class of seniors used to success.

Offensively, the team is led by quarterback Tom Colis. "He gives us great leadership," Dunn said.

New to the Round Lake backfield will be Liphonse Woods, a 5-10, 160 pound senior.

"He's probably got the best speed of anyone I've seen here," Dunn said.

He will be joined by either junior Aaron Meeke or Tom Galvzska. Round Lake is

deep in backs to choose from as Keith Horn, Bob Stillwell and John Douchette all are vying for playing time.

"Our offensive line is probably the strength of this year's team," Dunn said.

Joe Belcher, a 6-3, 240 pound senior, Lester Wilfong, a 6-5, 265 pound senior and juniors Thad Edwards, at 6-3 and 210, Larry West at 6-1, 195 and Scott Kraly at 6-0, 155, may pave some big holes for the runners.

"We hope we will be able to pick off where we were last year," Dunn said.

And if they did, then the Panther would fulfill a promise Dunn printed on their pre-season t-shirts: 'Fired Up: Operation Challenge'. The challenge, of course, is to replace Grant at the top of the NWSC standings.

**Johnsbury:** every year it seems the Johnsbury Skyhawks get this close to making it above the .500 mark and battle for playoff contention but come up short.

Last year was no exception. The Skyhawks fought Grant for first-place status in a Homecoming game attended by 2,000 people before losing. Still, coach Mike Roberts' team did manage to be the first offense to score against the Bulldogs.

"We have tremendous assets but we also have tremendous liabilities," Roberts said.

Quickness, the coach said, is the top plus.

"We've never had team speed like we have now," Roberts said.

Among the fastest on the team are: senior wide receiver John Pigott, Eric Mellum and Rob Davis.

"They were fast last year and they've improved since," Roberts said.

At quarterback, Johnsbury believes its strength is in numbers.

"We don't have an outstanding quarterback, but we have four people who can get the job done," the head mentor said.

Bill Gahlbeck, who started for the sophomore team last year, is vying for the starting nod along with Bill Leisner, who played tight end last year, Mike Lewallen, a junior and John Olson, also a junior.

Defensively, the strength could be in the linebackers. Senior Dennis Lynn leads the trio along with Jim Roring and Paul Dulberg.

It may be the best offense that will never take a football field.

After pre-season interviews with coaches, the offense for Lakeland Newspapers was set.

At quarterback is Derek Shelton, a three-sport all-North Suburban Conference athlete from Warren.

Two all-league running backs, Carmel's Donell Foster and Antioch's David Wick are also in the backfield.

Shelton could choose to throw to either Johnsburg's Jon Piggott or Stevenson's Mark Joseph. Dave Sjog, a possible major college prospect, is at tight end.

## Area players to watch for on defense

It's heard at every football game. "D-E-F-E-N-S-E," the crowd shouts. With these 11 players, that term defense could be preceded by "awesome". After pre-season interviews and performances in week one, here is a list of players fans should watch for on the "other" side of the ball.

In the line, Round Lake's Buddy Estes at 6-0, 265, wins a spot along with Antioch's Scott Gooch, Mundelein's Shaun Conrad (6-6, 250) and Antioch's Larry Miller.

The linebackers consist of Grayslake's Jon Floyd, Carmel's Bob Schroeder, Round Lake's Tom Colis and Warren's Dave Davis.

In the secondary, Round Lake's Tim Colis, North Chicago's Thomas Newberry (an all NSC pick last year), Grant's Kevin Frystak and Jim McGeever would dare enemy quarterbacks to throw the ball.

## Area North Suburban teams aim for first division finish

When the Big Ten was a powerful football conference, the conference race between Michigan and Ohio State used to be called "The Big Two And The Little Eight".

The North Suburban Conference appears to have such division of talent this year, with clear favorites being Lake Forest, Niles North and Libertyville. But area coaches, beyond the "Big Three" call the conference race as balanced as ever.

"Everybody is dangerous. There are no easy weeks in the NSC where you can say that you will rest your injured people," Antioch coach Steve Wapon said.

One unique factor about the 10-team NSC is that unlike other leagues, where two non-conference games allow coaches to work out the kinks, the loop teams have all of three weeks to prepare for the league season.

So, as the teams try to get that final wrinkle in before season openers Sept. 4 and 5, here's a brief look at how area teams expect to stack up:

Warren The Blue Devils, thanks to a strong finish in winning four of their last five games, made the playoffs for last year with a 6-3 record.

Head coach Reggie Hughes, in his third season at the helm after spending several as an assistant, has several holes to fill from graduated seniors. The group includes unanimous all-conference pick John Dollenmaier, linemen Jim Rung and Brian Snell.

"We have some big gaps to fill," Hughes said.

Warren does have a big anchor in the offensive and defensive line in Eric Divelbiss. At 6-0, 215, Divelbiss, a star Warren wrestler, hopes to dominate the "trenches" on both offense and defensive tackle. Hoping to fill those slots are running back-defensive back Tom Spiegel, junior linebacker Mike Frecking, junior lineman Dennis Smith and junior guard Geoff Sealhoff.

The backfield remains intact from 1986, however. Quarterback Derek Shelton, who made the all-NSC team and is this year's all-Lakeland pre-season team signal caller, returns for his senior year. Running backs Mike Wagner and Dave Davis, both seniors, also return along with Leon Darby, who saw playing time last season.

In the receiving corps, Hughes hopes senior Mike Schlicht can help offset the loss of Sam Diamtopoulos.

Dave Sjong, a senior, returns at tight end.

Hughes doesn't have any complaints about the numbers - 56 turned out for the first day of practice Aug. 17.

Mundelein: Coach Gary Heifner has been waiting for this type of team for six years now.

"We have not had this type of team since 1981," Heifner said.

A lack of offense - beyond Jeff Geary, who is now on the Northern Illinois University roster -, lack of size and injuries all added up for a frustrating 2-7 campaign last year at Mundelein. The record dropped Heifner's overall record at MHS to 45-45.

"We'll have a big offensive and defensive line. We average 220 pounds. We should be able to match up against the NSC. It's just a class of good-sized kids," the coach said.

Among those expected to make Mundelein's line game strong are Kevin Anderson, a 5-11, 205 pound senior guard; Tim Sandowski, a 6-3, 245 pound tackle, senior guard Sean Conrad and 205 pound guard Mike May.

Brian Deadorf, a 5-10, 220 pound senior, is the team's center.

Heifner points to a strong senior class among his 37 players on the roster.

John Bagley, a junior quarterback, was leading the way for the season opening starting berth for the season opener against Lake Forest.

Rob Porcelious, who missed last year because of an injury, is a back-up.

Steve Quinn and Mike Matthews also are vying for starting time.

"We have a variety of quarterbacks to choose from," Heifner said.

Mark Gullison is expected to anchor the running chores for the Mustangs.

The defense looks strong for the Mustangs.

Heifner expects John Sadari, a junior linebacker to put a stop to opposing runners and passers.

"He should be one of the best linebackers in the area," Heifner said.

May, a safety, is an "outsanding tackler," according to Heifner. Steve Quinn at free safety, Dan Lucas and Dan

Casper at cornerbacks are all returning starters.

Senior linebacker Lee Pinkowski and end Brian May also return.

Antioch: the Sequoits suffered a double whammy to start the NSC season; their all-state quarterback moved and the threat of a teacher's strike loomed at Antioch High School. Players and coaches had difficult decisions for whether or not to show up. Despite the adversities, the Antioch team did manage a semi-respectable 3-6 record.

But all that is behind Steve Wapon & Co. now. And heading into his 10th season as head mentor at Antioch, Wapon is

cautiously optimistic.

"We've made some good progress. The offense is our strength and we're seeing the results of an off-season conditioning program," Wapon said.

## North Chicago's Fielder starts from scratch as coach

by STEVE PETERSON

The last time Lake County football teams encountered Wayne Fielder was a night at September at Carmel High School.

St. Viator and Carmel were locked in a tight East Suburban Conference battle, tied 0-0 until the end of the half. A St. Viator field goal gave the visitors a 3-0 lead.

That's when Fielder took over. The defensive coordinator called the plays that stopped Carmel time after time in the second half.

A year later, Fielder finds himself in a much different situation.

He is now head coach at North Chicago. Gone are the days of ESCC contention, of only having to worry about the opposing team's offense.

"I have to worry about everything," Fielder said.

That includes such things as getting players to come to practice with the right equipment.

North Chicago has had some tough times on the athletic fields of late. Coach Bob Brothman resigned under pressure last year after seemingly making strides with a 3-6 record. Two assistants also left the staff.

But Fielder is one coach who is used to winning and that has not changed.

"The thing I've tried to stress with them is that football is attitude. We're trying to

get that winning attitude here," Fielder said.

Fielder is coming into a new league - the North Suburban with a definite disadvantage. Nary a roster was left by the old staff.

The rookie mentor is being assisted by Mike Coleman as defensive coordinator and former player Wallace Henley.

Fielder's team is led by two returning all-conference players, Eric Thompson and Tom Newberry, both seniors.

Junior Marvin Coleman looks strong at offensive guard as one of the top linemen.

"The most important thing is trying to find linemen. Every kid likes to hear his name read over the loudspeaker and line play is not glorious," the new coach said.

Junior Jeff Patterson will be thrust into the starting qb role.

"He's got a good attitude," Fielder said.

Fielder won't soon give up his dedication to defense.

Fielder said his goal is to be 6-3 and hopefully make the playoffs.

He is not about to give up his dedication to defense.

"Football is a defensive game," Fielder said.

And if Fielder can pick up at North Chicago where he left off against Carmel, then the Warhawks might just have a respectable season.

### '87 Blue Devils

Warren's 1987 football team: Jeff Pence, Sean Barbosa, Derek Shelton, Ken Duda, Scott Ary, Darrin Leith, Paul Kucharski, Dan Bendry, Tim Spiegel, Dave Davis, Brian Sitz, Eric Granning, J.C. Willis, Mike Schlicht, Scott Lindstrom, Mike Wagner and Dominique Quaism. Also, Keith Friedman, Leon Darby, Kevin Walstrom, Ken Woodard, Mark Graham, Bob Brock, Geoff Heskett, Scott Mateja, John

Haluzak, Pacqui Ortigosa, Jim DeVries, Dana Larsen, Ernie Hald, Brian Mull, Steve Swansen and Jeff Sielhoff. Also, Eric Alder, Todd Blockinger, Eric Dibelbiss, Scott Tanneberger, Dennis Smith, Jamie Loggins, Eric Parmski, Pete Wolfe, Troy Rivera, Rich Barrows, Tony Ameri, Dave Sjong, Mike Frecking and David Hanson. Also, Chris Shamrok, Doug Canemrato, C.J. Harmen and Jeff Friedman.

## Warren Blue Devils

Head Coach: Reggie Hughes (3d year).  
School record: 9-10 (2 years).  
Career record: 9-10.  
Last year's record: 6-4.

Key players: quarterback Derek Shelton, three-sport all-NSC letterwinner, returns to guide Warren's offense. Dave Davis and Leon Darby, both of which saw action last year, return to the backfield.

Outlook: it's a rebuilding year for Hughes' lines, as such familiar names as John Dollenmaier and Jim Rung will no longer be heard over the P. A. system. If Warren can fill those big holes, perhaps another playoff season is in the offing.

Predicted finish: the Blue Devils rack up second straight winning season, but fall short of playoffs at 5-4.

## Grayslake Rams

Head Coach: Harold Jahnke  
School record: 1-8 (one year).  
Career record: 26-15 (five years).  
Last year's record: 1-8.

Key players: quarterbacks Timm West and Charlie Miller; running back Jason Samuelson and a group of seniors with experience returning.

Outlook: things are looking up at Grayslake. Although the Rams lost their home opener to work being done at GCHS, the Rams return with some experienced players. Return of Tom Wittum and addition of Bill Johnson to the staff should also be plusses.

Predicted finish: Rams take a few strides forward, 3-6.

## Mundelein Mustangs

Head Coach: Gary Helfner.  
School record: 45-45 (11th yr.).  
Career record: 45-45.  
Last year's record: 2-7.

Key players: offensive, defensive tackle Bruce Zelenko and center, defensive tackle Jim Sadoski. In the so-called "skill" positions, quarterbacks Mike May and John Bagley and running back Mark Mathews.

Outlook: for the first time in several years, Mundelein has a line which can mix it up with the big boys in the NSC. Seventeen Mustangs weighed in at 200 or more pounds. That should create a more flexible offense.

Predicted finish: Mustangs pick up at least another win on last year's record and finish 3-6 or maybe even 5-4 with a few breaks.

## Carmel Corsairs

Head Coach: Mike Fitzgibbons (2d year).  
School record: 5-4.  
Career record: 5-4.  
Last year's record: 5-4.

Key players: whomever wins the three-way quarterback derby between Mike King, Jason Smith and Thad Sutter. If opposing players can believe it, running back Donell Foster is stronger and faster than last year. Running back-end Jeff Zgonia is being tabbed as all-state prospect.

Outlook: if Carmel can get over the hump of last year's inconsistent offense and pick up a touchdown more a game, plus win a couple of upsets in the tough, ESCC, this could be Carmel's year.

Predicted finish: Corsairs finish 7-2, making the playoffs in school's 25th anniversary year.

# Sequoits, Pats hope to keep undefeated record intact

Antioch's football team will be hoping to slow down Gunther open on a 15-yard TD strike with 2:04 wrong times led to all of Lake Forest's scores as the

## Calling the play

Grayslake quarterback Timm West calls a play during Rams practice session. West and Charles Miller were battling for playing time as quarterback.

# Area teams shoot at Antioch post-season playoff record

Antioch has the best record of any Lakeland area football team since playoffs started in 1974.

The Sequoits won two games in 1979 and 1982. Coach Steve Wapon's team advanced to the state semi-finals in Class 4a both years.

Last year, three area teams advanced to the playoffs. But Warren, Grant and Stevenson all lost in first-round games.

Throughout the years, Antioch and Warren have made the most frequent playoff appearances.

A look back at area teams in the playoffs:

The first year of the playoffs, 1974, saw Warren win its Class 3a opener, beating Hononoegah 14-7. The Blue Devils then lost in the next round to Immaculate Conception 22-10.

Antioch won its first playoff game in 1979, edging Lake Forest 13-7. The Sequoits then advanced to the semi-final round with a 35-12 thrashing of Jacobs. Wheaton North, though, ended the Antioch state

title hopes with a 14-6 win in the semi-final game.

Warren advanced to the playoffs in 1980, but was outclassed by Rockford Boylan in the playoff opener 16-0.

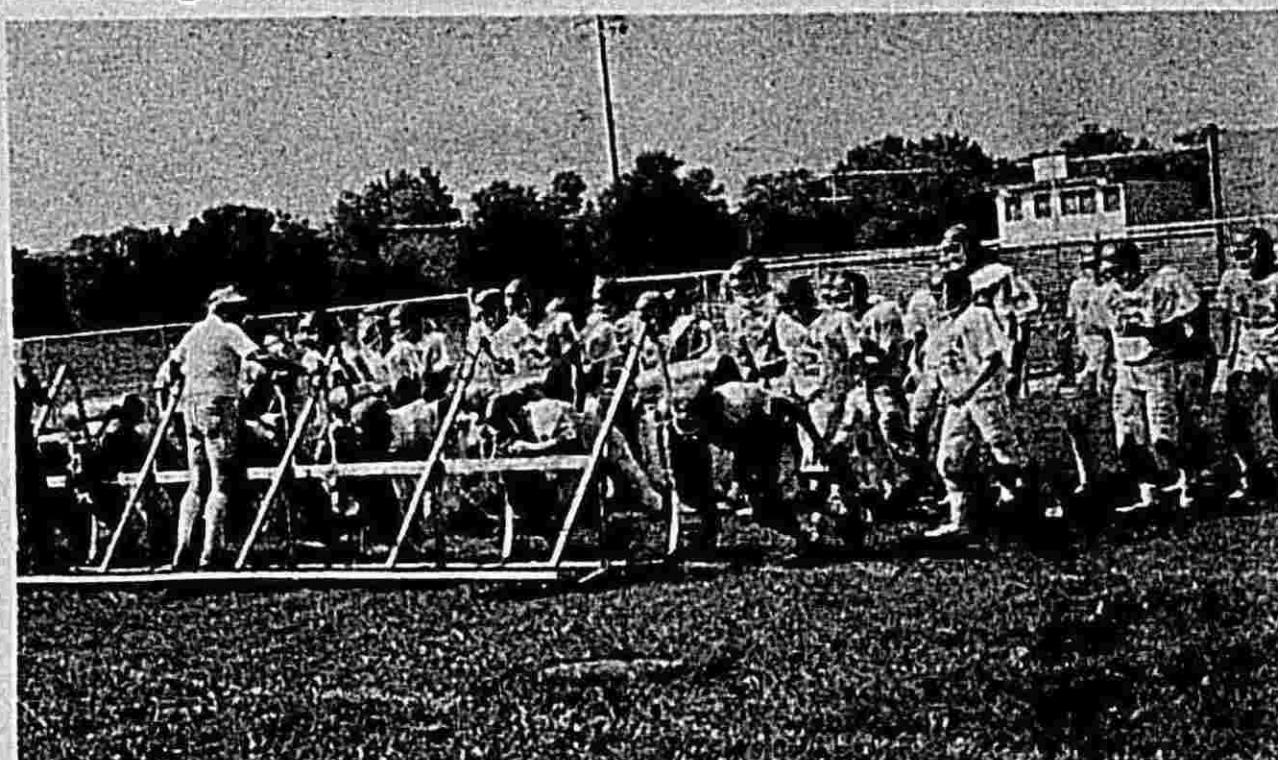

Warren was again the victim of a first-round loss in 1981, this time losing to Rockford Guilford 27-0.

Antioch made a serious bid for the state title in 1982.

The Sequoits, promoted to class 5a, edged Lake Forest 15-6 in the opener. They then beat Chicago Tilden 30-20 in quarterfinal round. In an exciting game at Chicago's Soldier Field, the Sequoits lost in a bid for the title game to Chicago Robeson 18-16.

Antioch returned to the playoffs in 1983, but was eliminated by Belvidere 26-13 in the first round.

An expanded playoff system in 1985, which saw teams with a 5-4 records gaining playoff status for the first time, resulted in a clash between two area teams in the first round.

## ISHA's tiebreak system is anything but simple for fans

by STEVE PETERSON  
Sports Editor

High school football is supposed to be a relatively simple game.

One team wins, another loses. Teams have good seasons, others lousey. But when you get to teams on the "bubble", with 7-2, 6-3 or 5-4 records, the IHSA's tiebreaking system can be about as simple as a Chinese dictionary.

Playoff teams, beyond the conference title winners, are broken down by point totals. For those who wish to track their favorite team's chances for the post-season play, a five-step process is used, according to the IHSA:

So, here goes:

After adding the total number of wins by all of the school's opponents, the school with the with the most opponents' wins will receive the berth.

Ok, that sounds fairly simple.

Step two - if there is still a tie, only the wins of each opponent beaten by one of

the tied teams will be added, and the school with the most wins by a beaten opponent will receive the berth.

You're starting to lose me.

Step three- only the wins of each opponent to beat a tied team will be added and the berth will go to the school having lost the to the opponents' with the most wins.

Huh?

Step four- if teams had played during the regular season, the teams with the regular season win would receive the berth.

I think I can handle that one.

Step five- the final step is technically referred to as a "blind draw". Actually, it's the old flip of a coin.

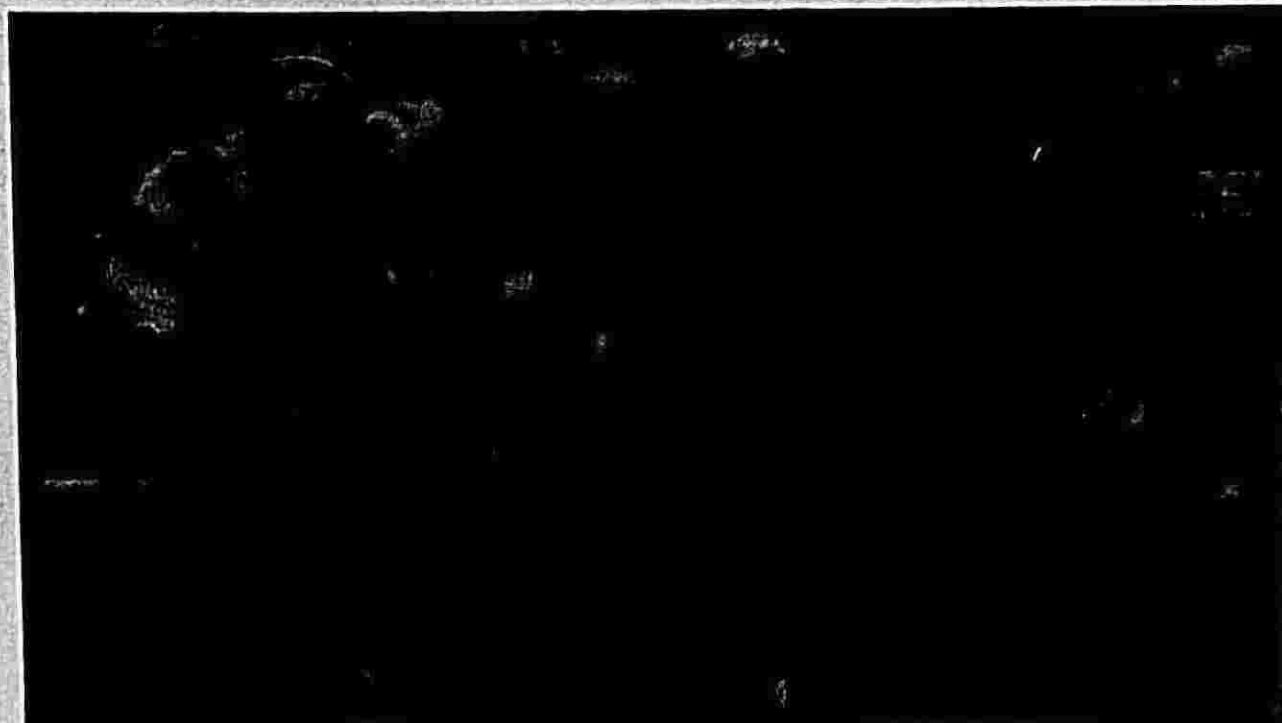

That's my favorite.

For the record, in 1985 and 1986, the first two years of an expanded playoff system, 142 schools with a record of 7-2 or better qualified in '85 with 50 spots remaining. In 1986, there were only 41 spots left.

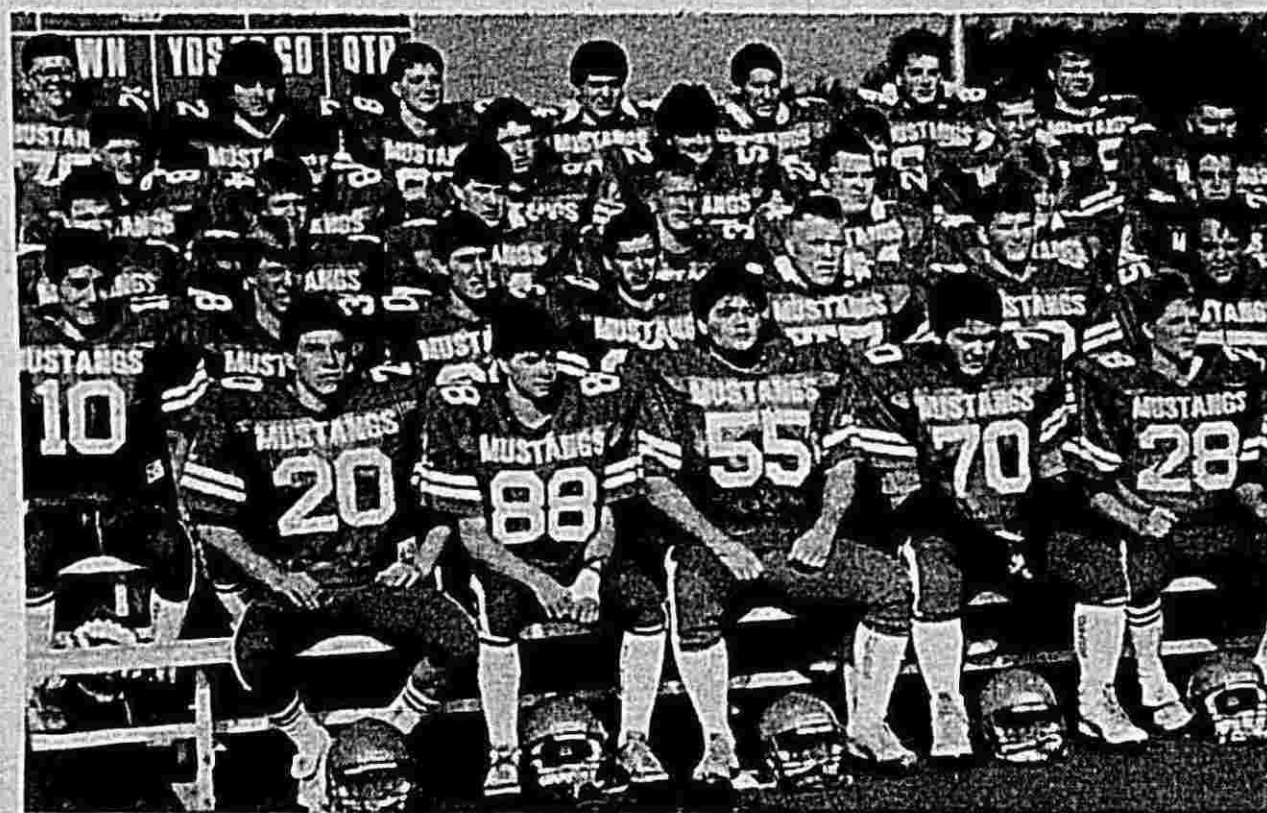

### '87 Panthers

Round Lake Panthers for '87 are: (first row) Randy Steiger, Buddy Estes, Thad Edwards, Lester Wilfong, Joe Belcher, Tom Colis and Scott Kraly. Second row: Paul Willen, Dan Houghton, Lofanzo Woods, Jeff Tymn, Harry Rabenhout, Chris Cooper, Victor Liles, Jim Stockwell, Al Wert and Doug Kamaszewski. Third row: Scott Sieler, Tom Baluszka, Jeff Shook, Aaron Meecke, Keith Horn, Gene Hanson, Robert Stillwell, Robert Gaynor and Brian Jewell. Fourth row: Alex Bell, Troy Speno, John Rebellato, Bob Anderson, Eric Whipkey, David Scarbo, John Doucette, Pablo Cavazos and James Peterson. Not present: Brian Messer and David Sherman.

### Wick on the run

Antioch's David Wick strives for more yardage against Fenton in North Suburban Conference game last year. Wick, a all-NSC pick, will be hoping to be a big part in Antioch's offense this fall.

### '87 Mustangs

Mundelein's 1987 Mustangs: Rob Porcelius, Mike May, John Bagley, Graham Haas, Kevin Glich, Tim Zentz, Paul Rauschberger, Rick Ryczek, Steve Hartmann, Mark Matthews, Steve Quinn, Dave Gullison, John Sidari, Rick Farner, Salvador Martinez, Kurt Kick, Bruce Wells, Brian May, Brian Deardorff, John Innicenzi, Shaun Conrad, Randy Rentz, Bruce Zelenko, Kevin Anderson, Tim Sadoski, Jeff Spain, Eddie Bentancouath, Chip Seidel, Brian Miller, Jeff Fuller, Dan Casper, Dan Lucas, Cory VosBurgh and Lee Pinkowski.

## Lake Forest College's 100th season features young players

Lake Forest College's football program may be 100 years old, but this year's Foresters team will be a young one.

When preseason practices began in late August, head coach Mike Dau and his assistants felt they were looking at a young team with potential but - with a number of starters on 1986's 5-3 team lost to graduation - inexperienced.

For that reason, Dau predicts that 1987 will be "not so much a rebuilding year as a teaching year. We as coaches are going to have to do our jobs as well as we possibly can".

The offense, says Dau, who doubles as offensive coordinator, "is an unknown quantity. I have no idea how well we can

run, throw, and catch the ball, primarily because we graduated all our top players at those 'skilled' positions. Those are big holes that we will have to plug".

Sophomore Tom Burling, "an excellent passer" in Dau's eyes, is the likely starter at quarterback. "That's good," Dau said, "because we put an emphasis on the pass".

The running back position will be shared by junior Muriel Glemaud, who provides speed, and sophomore John Carr, who supplies power. And junior B. J. Leventhal is the prime candidate to start at wide receiver.

Dau has some returning veterans in the offensive line. Junior Pat Holly is back to start at center with senior Steve Prosniewski at tackle. They will join two third-year starters, senior guard Chris

Martin and senior tight end and co-captain Wade Gritt. Gerry Callahan, a senior who has never finished a season because of injuries, is set to start at wingback.

The placekicking will be done by junior Mark Gaffney, who handled the kicking chores two years ago but was out of school last year. Burling will likely handle the punting.

On defense, coordinator Tom Baumann must fill several starting jobs left open by graduation. The include middle and outside linebacker, defensive end and tackle, where Baumann will miss the pass rush of Steve Wagner, the team's leading sacker last year.

The lone returning linebacker, junior Bryan Hansen, probably will move into the middle and senior Jim Huster will fill one outside slot, with the other outside job

"wide open", Baumann said. Both starting safeties are back - junior Mike Radkey at strong safety and junior Ed Bohan at free safety.

Sophomore Jeff Zykman, who saw a lot of action last year as a backup, moves in to start at one corner, while the other starting position is open.

On the defense, looking to senior Pat Froundfelker tackle and sophomore Steve Pape to return at defensive end. The other end spot will be filled by junior Vince Griffin, with junior Bryan Sorenson stepping up to start at the other tackle. "We're strong in the front four, inexperienced at linebacker and our secondary will be in pretty good shape. Our defense has a lot of promise, but it also has question marks," Baumann said.

## Present facts on Bears

The next time a high school football game turns to the dull side, football fans may wish to impress their friends' knowledge with the following facts about Chicago's favorite professional football team:

-The Bears have a 6-7 record in overtime games, 3-2 at home and 3-5 on the road.

-The offense rushed for 168.8 yards a game last year.

-Steve McMichael broke a team record last year with two safeties in a career.

-Last year Gary Fencik, who is now on the bench, set a team record for interceptions with 38. He topped the old mark set by Richie Pettibone from 1959-68.

-The 1986 Bears set a new team record with 46 field goal tries, easily beating the old record of 38 in 1985.

-Todd Bell has the record at Soldier Field for the longest return of an interception against Detroit. He ran back the pickoff 92 yards on Nov. 22, 1981.

-The Bears moved to Soldier Field in 1971 from Wrigley Field.

## Sequoits, Pats hope to keep undefeated record intact

### Reaching playoffs next goal for improving Carmel

Carmel's football team will be hoping to take that next step in improvement - reaching the playoffs - this season.

"That's our goal - to play on Wednesday," Carmel coach Mike Fitzgibbons said as the Corsairs prepared for the home opener Sept. 4 against Waukegan East.

Playing on Wednesday, of course, would mean that Carmel would be in the IHSA playoffs. After the school's first winning record in more than a decade last year - 5-4, that may not be an impossible task.

"It's made the senior class hungrier. It seems we now have a good mesh between the seniors and juniors," Fitzgibbons said.

One stumbling block in Carmel's way might be the ever-tough East Suburban Catholic Conference. Last year, the Corsairs won the first two games but lost a 3-0 heart-breaker to St. Viator in week three and played catc-up before finishing with the winning mark.

"Carmel has the talent," North Chicago coach Wayne Fielder, who was St. Viator's defensive coordinator, said.

The ESCC figures to have its usual power house teams - St. Viator, Joliet Catholic and Marist fighting for the title.

Fitzgibbons spent much of the pre-season deciding which one of three quarterbacks will get the starting nod for the season opener at home against East.

"Thad is a lefty and Jason and Mike both do several things well," Fitzgibbons said.

No matter which qb is picked, he will spend at least some of his time handing off to returning all-East Suburban Conference running back Donell Foster.

"Foster is very fast. He probably is a bit faster and stronger than he was last year. He is a tough kid," Fitzgibbons said.

Foster averaged 15 yards a carry last year in racking up 750 yards.

The head coach said he has "three good fullbacks" hoping to set key blocks for Foster. They are Mike Maciag and Jeff Zgonina, both seniors and junior Kelvin, Lambright.

Carmel lost four starters on the offensive line to graduation, but the area should not be a weakness. Mike Reitz, at 6-0 230 pounds, a senior, will anchor the line along with senior tackle Scott Smith.

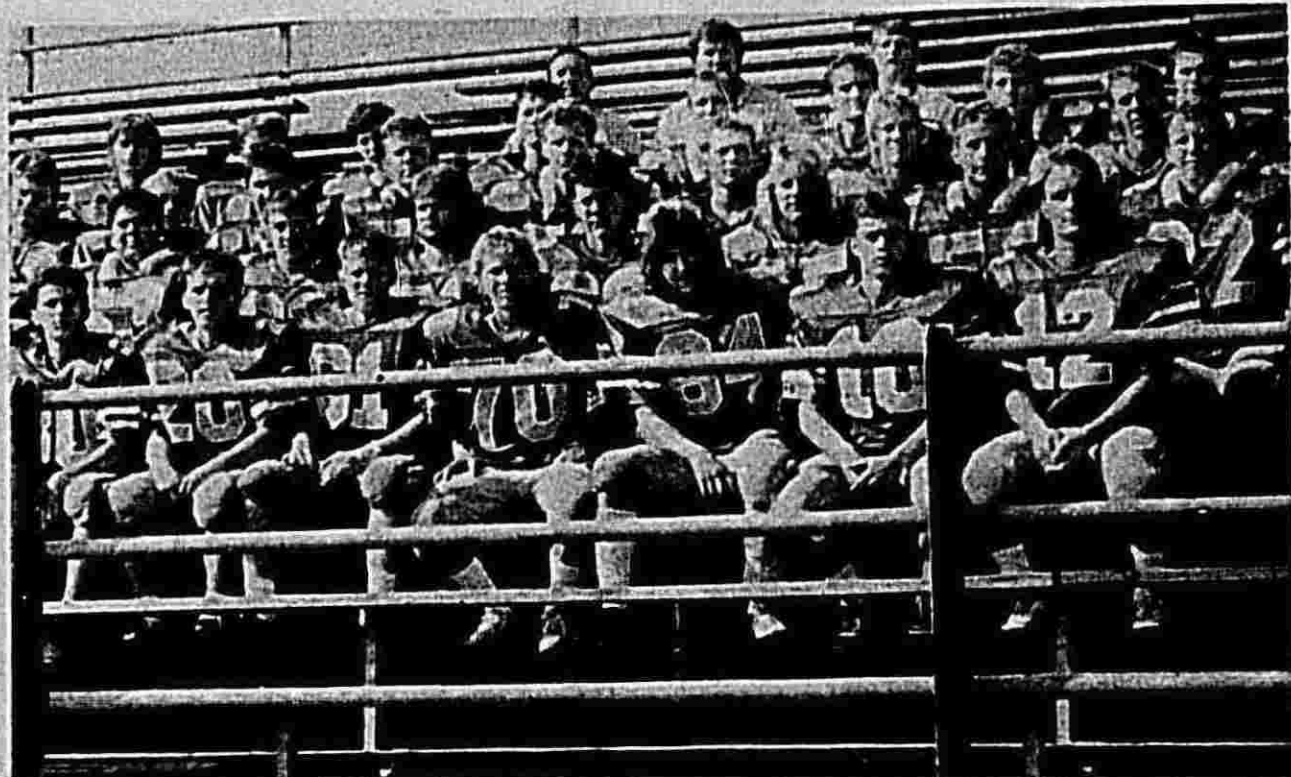

In receiving, Dan Mudd, a senior and junior Randy Splitt both figure to be frequent targets.

Defensively, the linebackers look strong.

"The linebackers are the strength of the team," Fitzgibbons said.

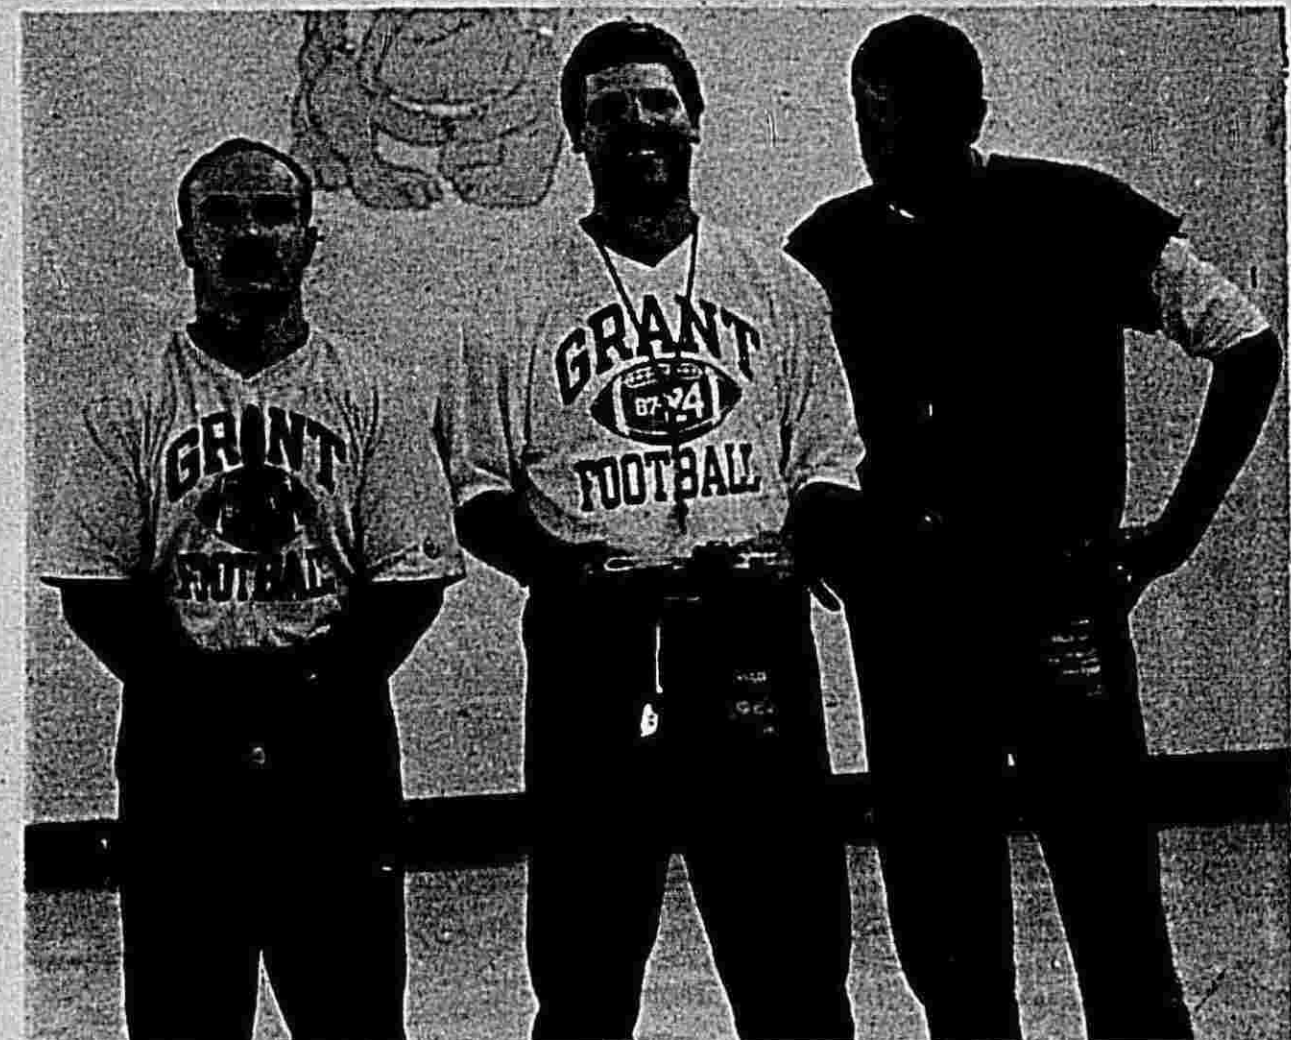

Outside linebacker Bob Schroeder, at 5-9, 173, returns along with fellow senior Chris Drew. Junior Steve Brock.

In the secondary, Jason Smith is a returning starter and Mudd and King also return to familiar positions.

### '87 Skyhawks

Johnsburg's 1987 football team members are: Beau Berg, Scott Calabrese, Sperry Shane, Andy Fowles, Eric Anderson, Jesse Basile, Jon Piggott and Tom Cooley. Also, Kevin Mickovic, Bello Saboura, Eric Pulk, Paul Dulberg, Bryan Smith, Jerry Russell, Dennis Linn and Jim Roring. Also, Eric Mellum, Mike Albers, Ty Barach, Bob Williams, Gordon Issacs, Guy Steadman, Scott Clary and Dave Heber. And Chris Stittgen, Russ Wetzstein, Jon Popovich, Scott Olson, John Leisner, Bill Leisner, Bill Bjerning, and Steve Sima.

### Flames schedule clinics

University of Illinois at Chicago head hockey coach Val Belmonte in conjunction with the Amateur Hockey Assn. of Illinois (AHA) will conduct seven free youth hockey clinics in the Chicago area in September.

For area skaters, the closest clinic will be at Barrington Ice Rink from 7 to 9 p.m. Sept. 18.

Belmonte, 1986-87 Central Collegiate Hockey League Coach-of-the-Year, and coach of the gold medal team at this year's U.S. Olympic Sports Festival, had his first clinic at Glenview Ice Arena Sept. 2.

"The clinics are a positive step to start with youth hockey. We want to get involved in youth hockey at the grass roots level," Belmonte said.

### Carmel hopes strong offense brings momentum for ESCC

The Carmel Corsairs varsity football team will be pitted against the Woodstock Blue Streaks at Larry Dale Field, Woodstock on Friday, Sept. 11 at 8 p.m., and according to Carmel Coach Mike Fitzgibbons the game will be a real test for the Carmel football team.

The Corsairs, who pounded the Waukegan East Bulldogs 35-0 Sept. 4, at McCullough Stadium, will head into this week's game with the assurance of having a well tuned offense and defense.

"I felt that we played pretty well. We did very well on offense and defense. Our special teams allowed a few more yards than I would have liked, but they did O.K.," Fitzgibbons said.

Fitzgibbons said that he

was happy with the offense, noting that it had moved the ball over 300 yards in the game against Waukegan.

Running back Donell Foster, a 175 pound senior, scored two touchdowns and ran for 121 yards with 21 carries.

Carmel's passing game was brief, but effective by going three for four with a touchdown from junior Brad Sutter to tight end senior Robb Koseor in the second half.

"It will be a good test for our team when we play Woodstock. They have a good quarterback who rolls out a lot and can run. They good backs and ends and can do a lot of things with their offense. The only problem they had last week was getting the ball into the

end zone, even though they did rack up a lot of yardage," Fitzgibbons said.

Running back Steve Brock, a 5'9" 197 pound junior scored Carmel's first touchdown in the first half. Brock ran for 68 yards with 12 carries.

Adhering to the saying "If it ain't broke, don't fix it," Fitzgibbons doesn't see much of a change of strategy for the game against Woodstock.

"We are not going to increase our passing game for this week's game. Why should we; we have a great running game right now," Fitzgibbons added.

The Woodstock Blue Streaks lost last week 17-7 against the Waukegan West Raiders.

### DOCTOR'S FORUM

ABNORMAL PAP SMEARS

Dr. Mark Bowman

Cervical cancer is related to a number of identifiable risk factors including early sexual activity, multiple pregnancies, multiple sexual partners, early age at first pregnancy or first marriage, promiscuity, and exposure to a "high risk" male sexual partner.

Because younger women are developing this condition, the current trend is toward more conservative methods of diagnosis and treatment.

Many times a Pap smear shows evidence of infection and an accurate diagnosis for the presence of precancerous lesions cannot be done. When this happens, the Pap smear should be repeated after the infection has been treated.

If the Pap smear does show evidence of precancerous lesions, such as Dysplasia (Cervical intra-epithelial neoplasia I, II, or III), the appropriate procedure for diagnosis is required.

First, a colposcopy, which is a painless examination of the cervix and vagina using a low power binocular type microscope, is performed. This exam takes from ten to 30 minutes and is usually done between menstrual periods. The patient is positioned on the examining table as for a pelvic exam. Then a speculum is inserted through the vaginal opening. The area is cleaned with a special solution and the cervix and vagina are clearly examined.

If an area of abnormal tissue is identified, a piece of it is clipped from the cervix. This piece, called a biopsy, is sent to a pathology laboratory for further examination and identification of the lesion.

Conization-removing a large piece of tissue in the shape of a cone from the uterus-is also done to identify the abnormal area.

Once the abnormal tissue is identified, conization can be used for treatment. So too can cryosurgery, which involves freezing the area, and laser treatment, which vaporizes the abnormal area. This latter method is new, however, and not widely available.

Treatment always varies from person to person and is tailored to the needs of the particular patient.

The Doctor Forum is brought to you as a public service from the Heritage Medical Center, in Antioch, Illinois. For more information call (312) 396-0886
